

# VACCINE PASSPORTS

Are not about Vaccines at all

## THEY MAKE YOUR FREEDOM CONDITIONAL

Once in place, any condition can be added by the government -  
your next vaccine, a good credit score, anything!

## ARE YOU READY TO GIVE UP YOUR FREEDOM?

- Covid-19 vaccines - Have not received full regulatory approval
- Have only been authorized for emergency use

Mandating Covid-19 vaccines at this stage is unlawful – and the government knows it

Ask yourself, why they are prepared to spend millions  
on the roll-out of vaccine passports

Millions that could be spent on improving access to healthcare, reducing waiting times  
for treatments, improving education for our children, helping businesses to recover

THIS IS NOT ABOUT ANYONE'S HEALTH

THIS IS ABOUT CONTROL
