Introduction

Coronavirus - what is it all about?

What does it have to do to with the history of the world and the future? To understand the future, we need to understand history. Are there any secrets in history that can tell us about the future?

This book will examine some secrets in world events that may change your future.

The author David Ewing Jr has travelled to over 2500 cities and places worldwide and has done much historical research over 20 years and has great knowledge of world history.

The book will show the facts that researchers have presented and photo evidence is provided to show you that proper research has been done by David Ewing Jr, to check what researchers and historians say.

Coronavirus

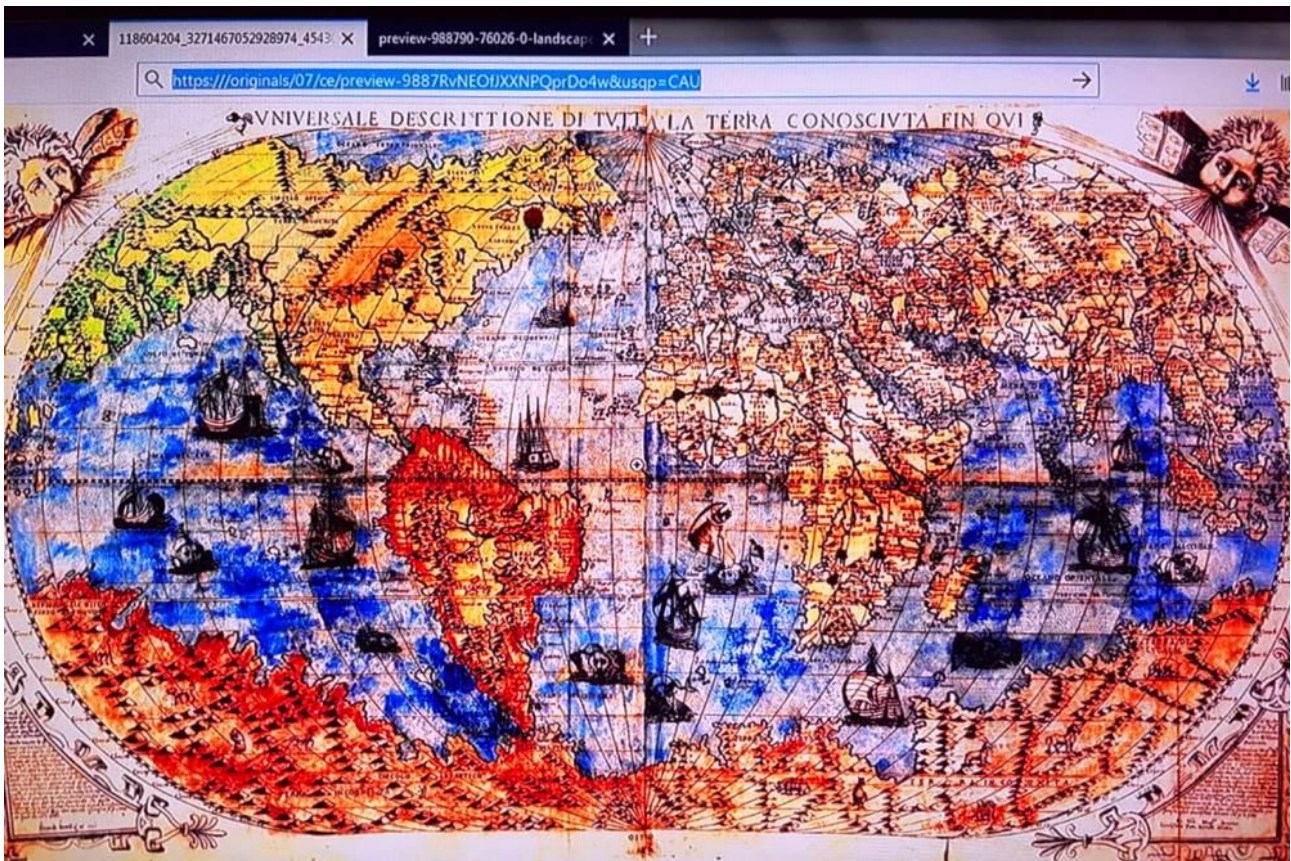

Below is a map of the world according to historians.

Many researchers have examined this map and are now saying that: - the map of the world, is a big joke.

Many researchers now state that the map of the world may be a total lie and a total scam.

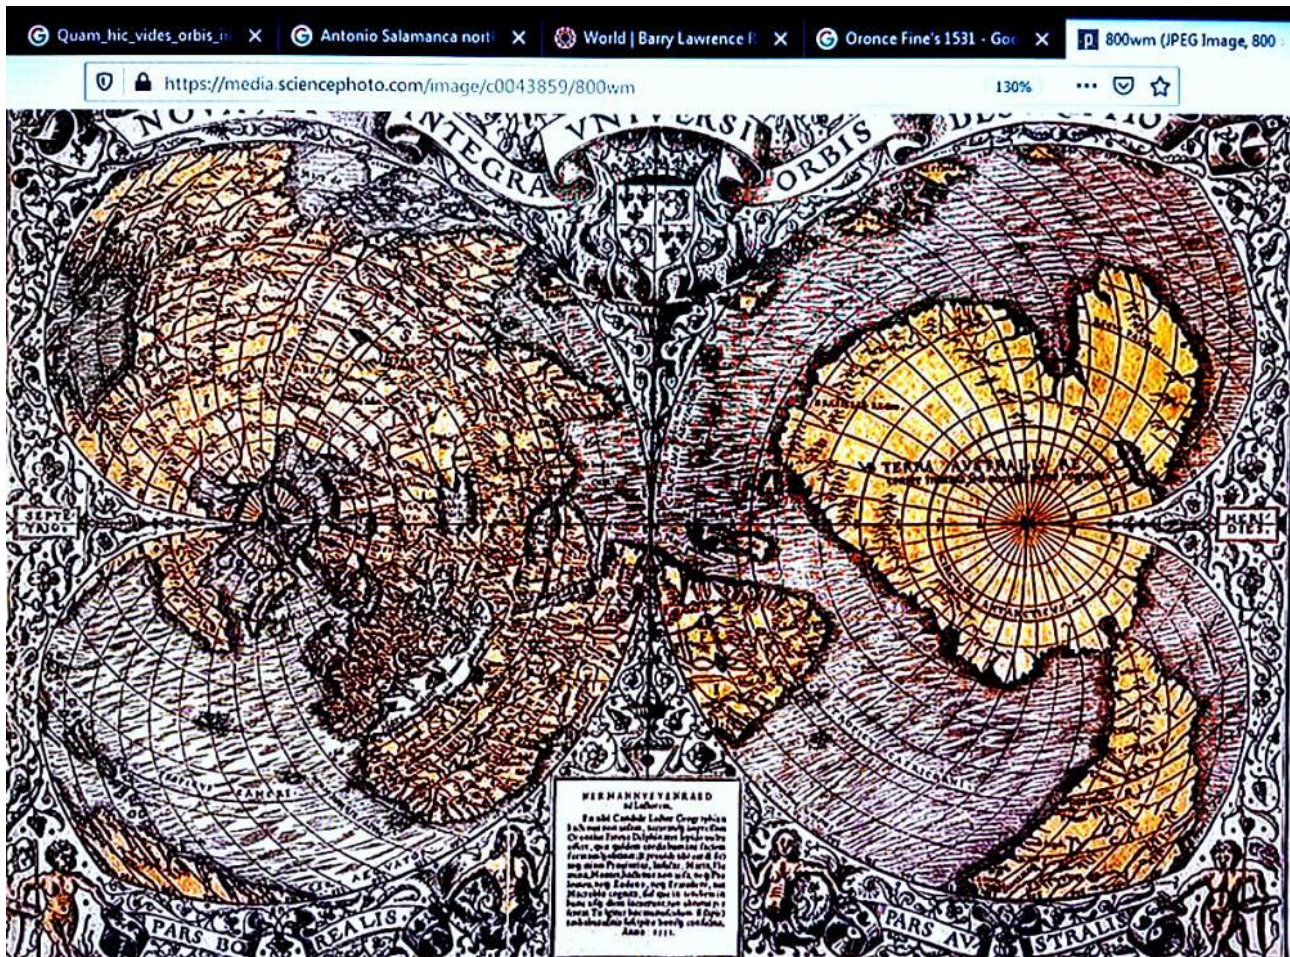

Researchers found many lies in history. Researchers decided to investigate if the current map of the world is true, and below are examples of some of the problems that they found

**Above is a map from around 1565. It is called -
Universale Descrittione di Tutta La Terra Conosciuta Fin
Qui by Paolo Forlani**

**What researchers noticed in this map and in others,
was that North America was joined together with Euro-
Asia as one land.**

**Below is another map showing the same thing - Oronce
Fine's map from around 1531**

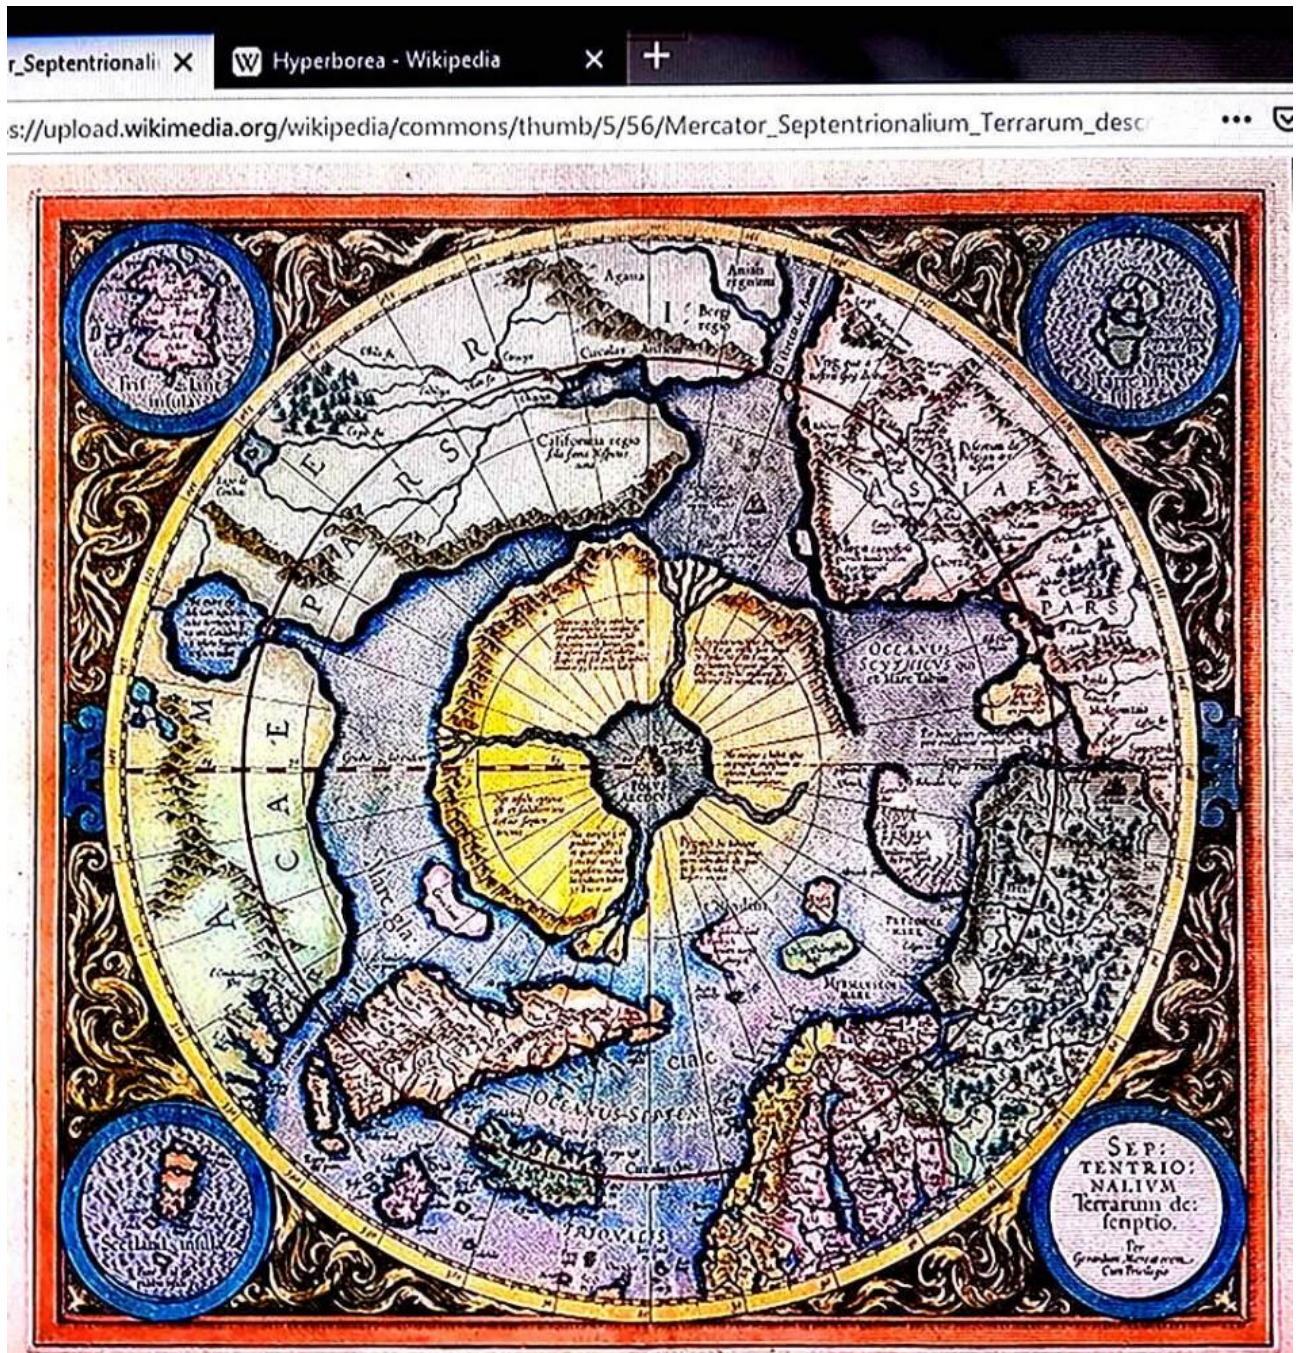

Researchers agreed that maybe the world itself has changed in the last few hundred years. For such big changes, did any serious events occur, that may have destroyed previous civilisations in the world, in the last 200 - 500 years? If so, why do we not know about it?

Researchers also realised that maybe the maps could be wrong or could have falsified information

In the map above, researchers noticed what could be land at the North Pole. Researchers noticed something similar in other old maps.

Below is the Gerardus Mercator map from around 1595

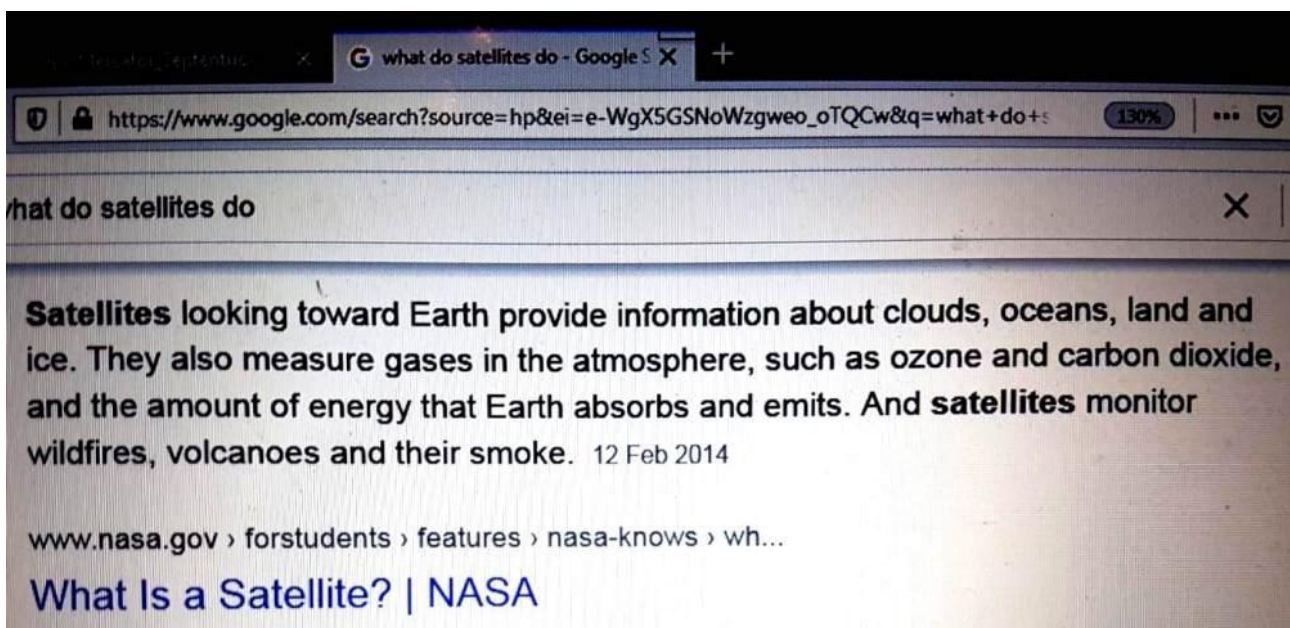

The map above shows land in the Arctic region. Some people call this place Hyperborea and others call it Atlantis or the Garden of Eden. There are other maps showing land at the North Pole.

Historians and scientists and geographers, claim that today we have 100 percent accurate maps that can be

verified by satellite technology. Researchers decided to investigate if this is true.

We are told that thousands of satellites have observed the earth for many years now. Right now there is an estimated 2000 - active satellites

Scientists claim that satellites do not tell lies, so there is no need for a lie detector. Right now, there is an estimated 2000 satellites, watching the earth and they do not tell lies.

Is there really so many satellites out there?

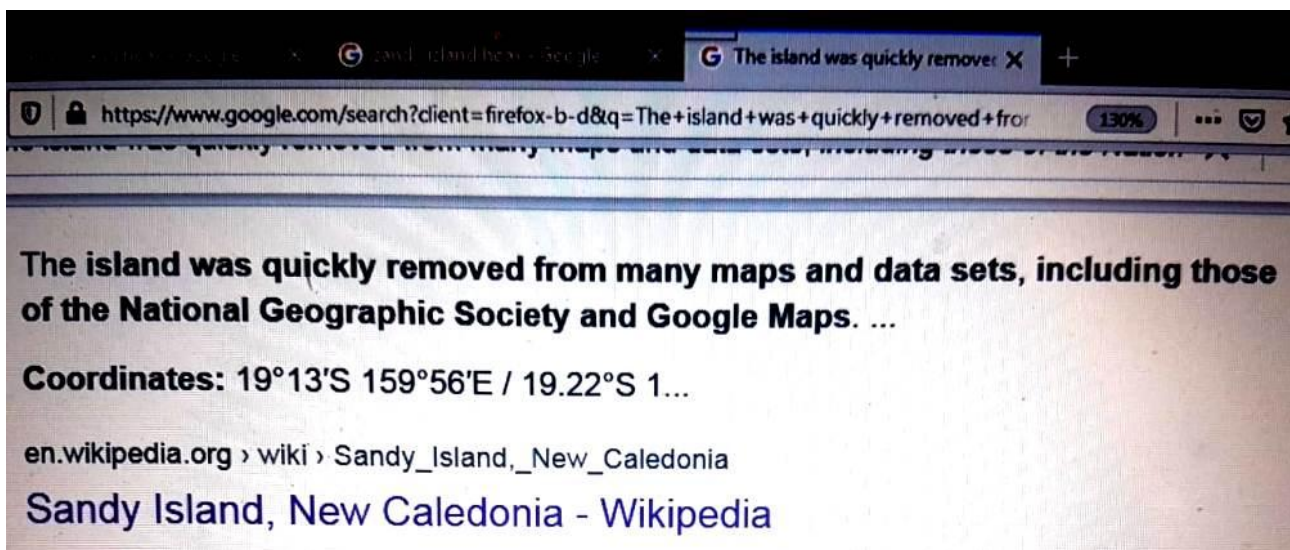

Scientists and historians and geographers have told the world for many years that this is a 100 percent correct map of Australia and the area surrounding it. Note that there is a big island there called Sandy Island, 5 kilometres wide. The island is roughly the size of Manhattan.

In 2012, researchers from Australia went there and discovered that the island does not exist. It was a scam. The maps were telling lies.

A screenshot of a web browser displaying a Business Insider article. The browser's address bar shows the URL: <https://www.businessinsider.com/how-a-fake-island-ended-up-on-google-earth-2013-47r=US&IR=>. The Business Insider logo is in the top right corner. The article title is "How A Fake Island Ended Up On Google Earth". Below the title, it says "Megan Gannon, LiveScience Apr 18, 2013, 5:52 PM". The main text reads: "Last year, a group of Australian researchers 'undiscovered' an island the size of Manhattan in the South Pacific." To the right of this text is a small, square, abstract image with green, blue, and yellow colors, possibly representing a map or satellite data. The browser's tab bar at the top shows two tabs: "Google" and "How A Fake Island Ended Up On Google Earth".

This made researchers question if satellites in space really existed. Thousands of satellites allegedly exist.

Satellites do not make mistakes, scientists say. But looking at the evidence regarding Sandy Island, it showed that world maps were telling lies. It does not matter if the satellite data is from 5 years ago or 10 years ago, the data regarding Sandy Island was fake.

Sandy Island, which was located 19 degrees south, was quickly removed from world maps.

The geography of the world was clearly a lie. Sandy Island clearly did not exist. This also showed: - that the story of thousands of satellites being in space, was a fraud.

Passenger flights do not fly into the heart of Antarctica.

Passenger flights do not fly into the heart of the Arctic.

Passenger flights do not fly over many parts of the Atlantic Ocean.

Passenger flights do not fly over many parts of the Pacific Ocean.

Historians claim that people in the past falsified maps and that they also did not have accurate information about the world.

Researchers decided to investigate the matter further, and discovered that there was much evidence, to show that the maps of our world may have been falsified

Many researchers noticed a similarity between the shapes of Africa and Australia. At first, it did not seem

very important, but soon researchers discovered many other similarities all around the world.

Some researchers noticed a similarity between the shapes of Africa and Antarctica

Some researchers noticed a strange similarity between the shapes of Antarctica and South America

The coastline of Antarctica seemed to be a combination of the coastline of Africa and South America.

Other researchers noticed other strange similarities between the shapes of Australia and Africa.

Researchers realised that there was nothing to verify the world maps presented by historians and scientists and geographers. There was much evidence to show that many shapes and designs had been copied and modified to represent different parts of the world.

Considering the serious fact that modern maps told lies about Sandy Island, many researchers concluded that the maps of the world have been falsified.

Researchers stated that it is a very serious question, if there are other unknown lands on earth and if there are other civilisations. If we do not know the true geography of the earth, we will not understand the history of the world or the future. If there are other civilisations, we need to know about them. If they are friendly, then everything is ok. If they are hostile towards us, then we will have little protection against them, if we do not know about them. If we do not know about them, they can enter our nations without our knowledge and dominate us and destroy us.

For example, it is very important to know if there is a land link between Russia and the United States of America, beyond the Bering Strait.

It is very important to know what is at the North Pole and the South Pole. It is also very important to know what is in all the oceans of the world.

There was also the serious question of the shape of the earth, was it round or flat? This is a question that many people are asking. Researchers have found many lies in history and science and geography, that they do not believe what is said by historians or scientists.

For example there is problems with the story of the moon landings, and problems with the so called photos allegedly from outer space, which allegedly show the world that we live in

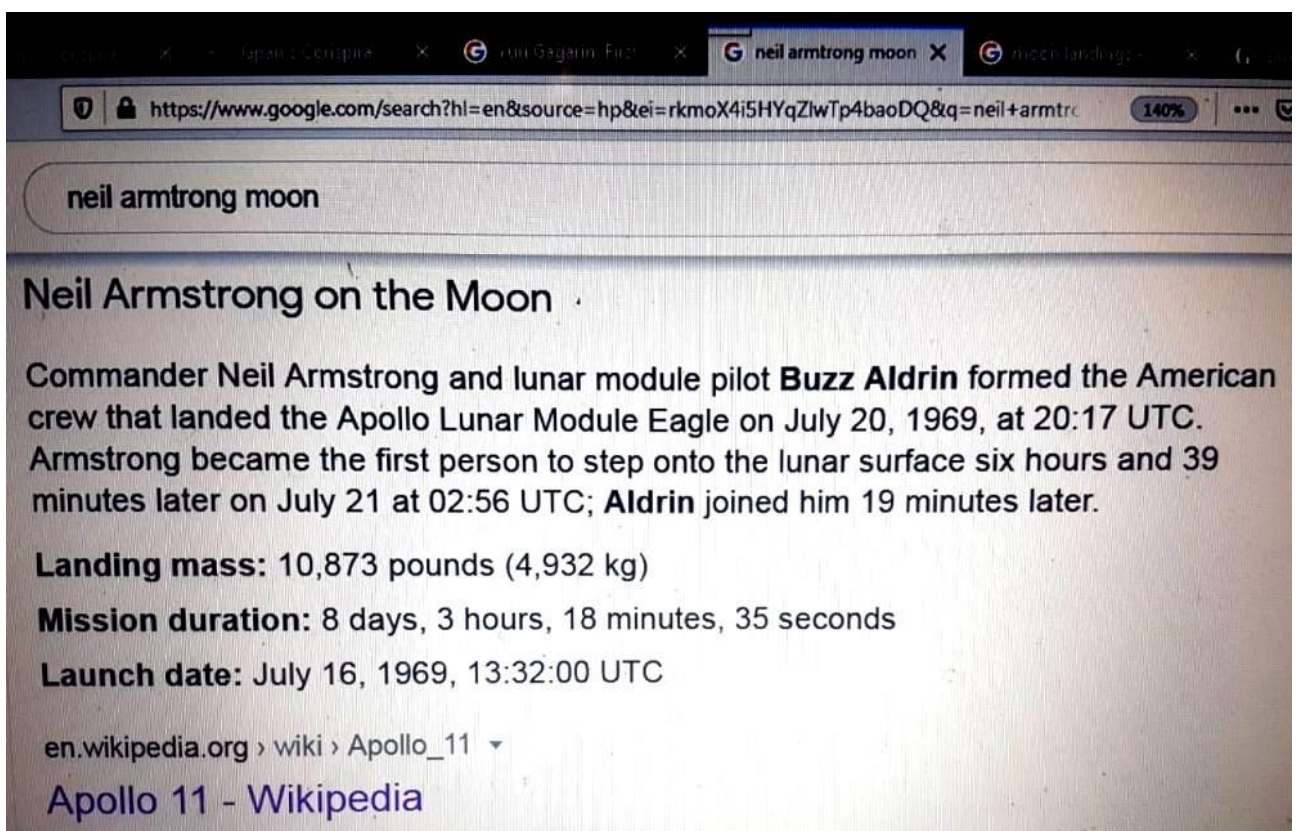

Many people around the world have presented much evidence to show that the moon landings were falsified. The photo above shows a photo of Neil Armstrong, the first man on the moon, beside Yuri Gagarin, the first man in space. They both look the same.

Were these men actors?

Were the moon landings fake?

According to scientists, Yuri Gagarin was the first man to travel into space in April 12, 1961. He was a Russian man from the Soviet Union

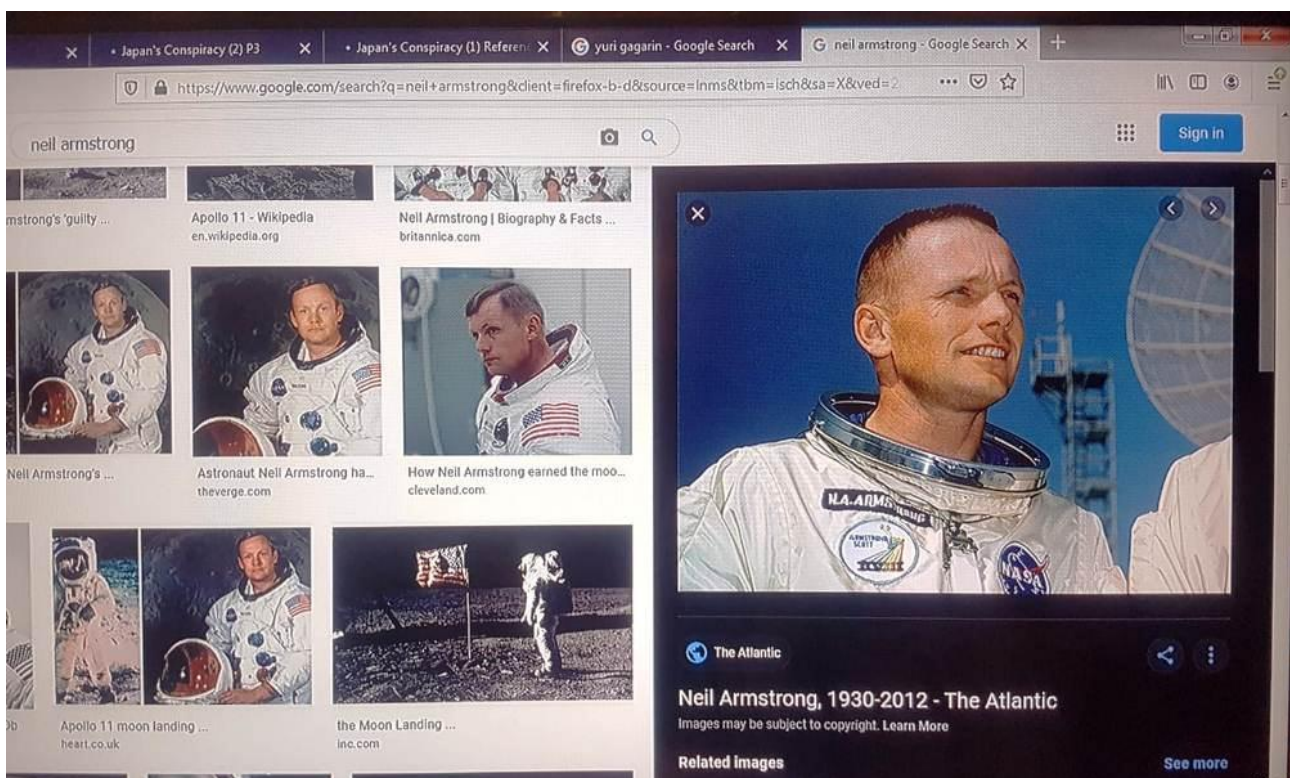

According to scientists, Neil Armstrong was the first man to walk on the moon. He was an American man from the United States. The moon landings allegedly took place on July 20, 1969, a few years after Yuri Gagarin allegedly flew out into space.

The evidence was very clear to millions of people around the world. Both men looked the same.

In the photo above we have Yuri Gagarin

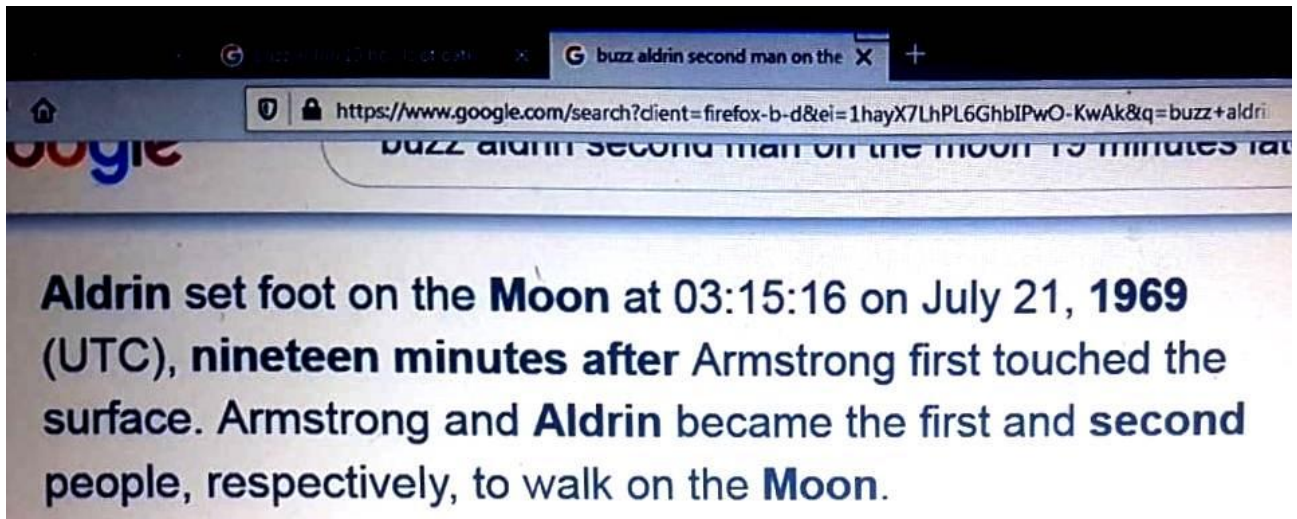

In the photo above we have Neil Armstrong

Millions of people around the world believed that the history and science of space exploration was a lie and a scam.

19 minutes after Neil Armstrong, - Buzz Aldrin was allegedly the second man on the moon

Regarding the first man in space and the moon landings: - many researchers concluded that the same actor was used to create this fake history and fake science. One story was created for the Russians, and the other story was created for the Americans. They concluded that everything was probably filmed using the same camera team and the same methods. Researchers concluded that history and science are probably a set of lies agreed upon

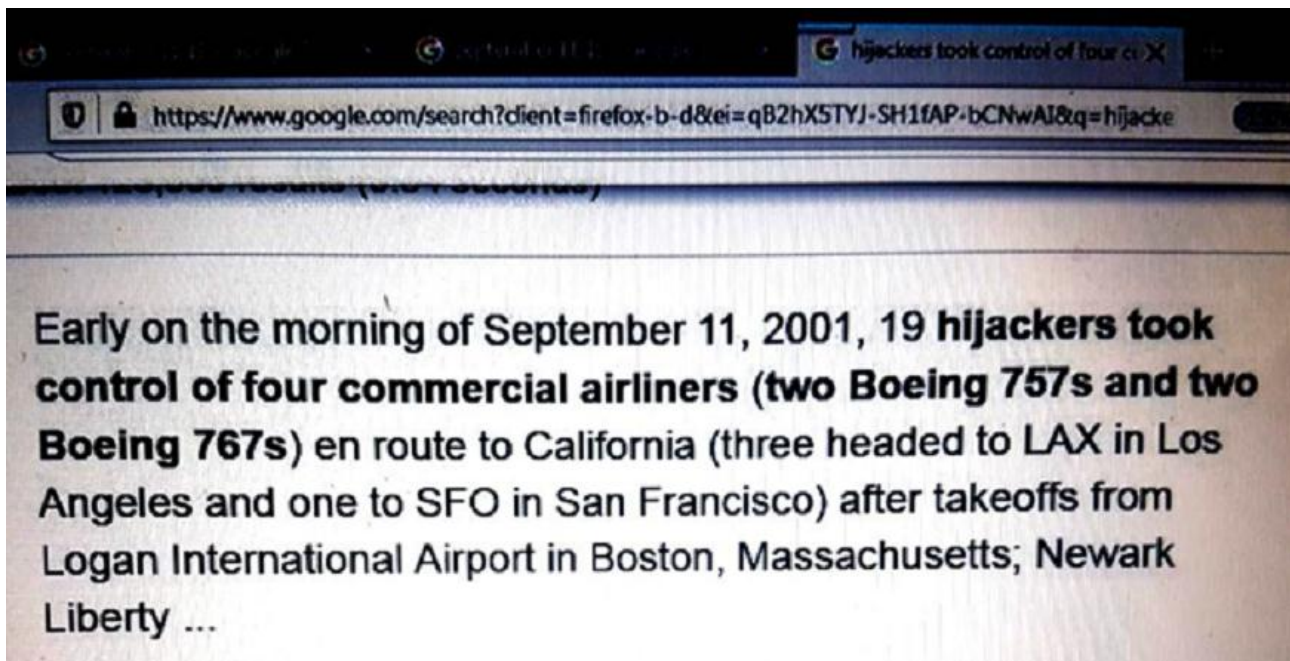

The global media and global scientists and global politicians and global historians: - say that the history and science of space exploration and the moon landings are true.

These same people told the world about global satellites and global maps. But looking at the proof that researchers have presented regarding Sandy Island, we can say that they lied.

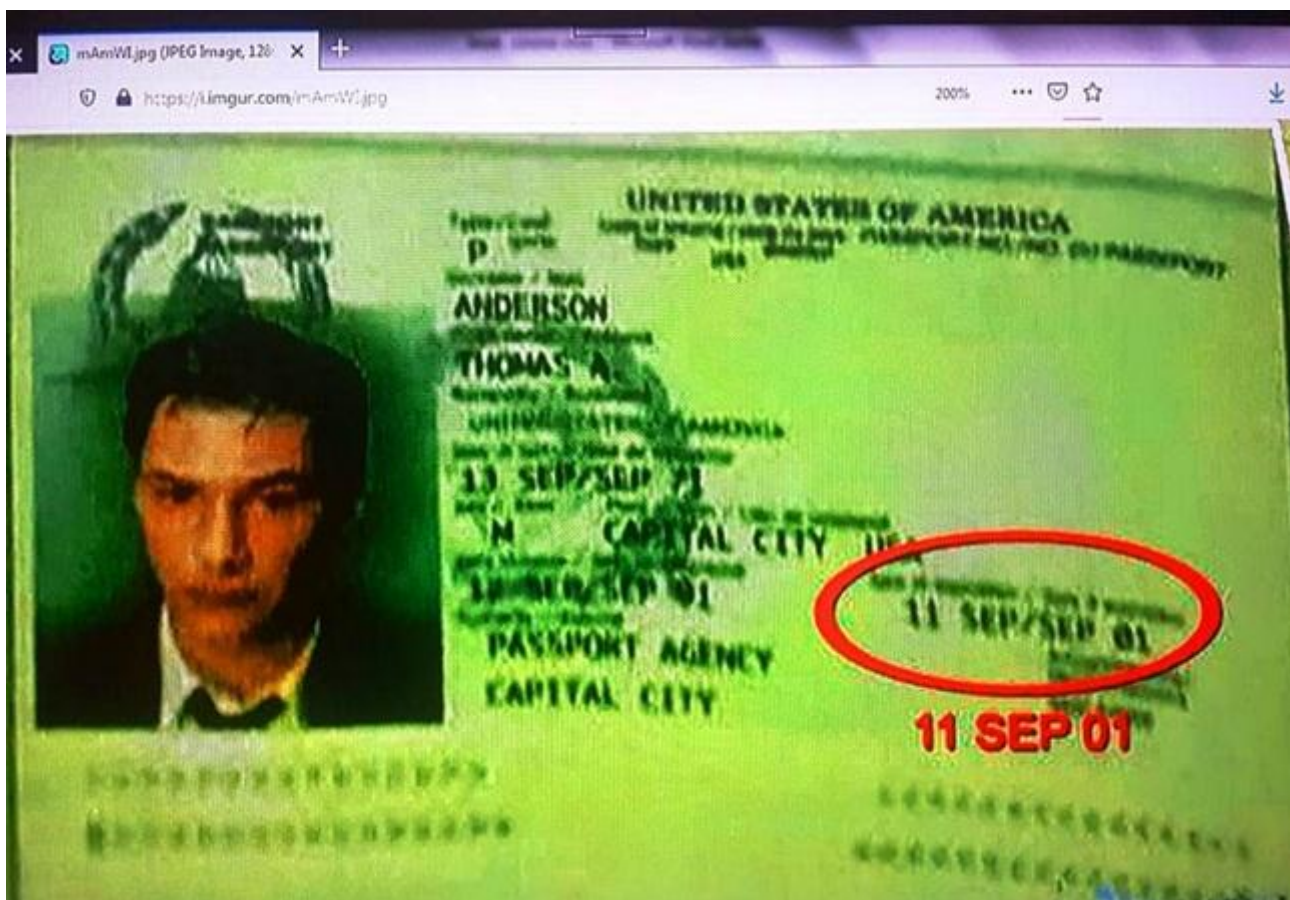

Many people around the world now state that the moon landings were just part of a Hollywood show.

On September 11, 2001, also known as 911, there were 4 incidents that took place in the United States of America.

Historians now state that 19 men carried out attacks on that day, who are alleged to be modern Muslims.

Researchers discovered many strange facts related to 911. For example in the 1999 American movie called the Matrix, the passport expiry date of the main character was September 11, 2001.

Similar things were found in other movies and television programs.

Researchers began to question - who organises and controls the media and movie industry?

Were they predicting the future? Or, is there something that we do not know?

Many eye witnesses in New York City at the time stated that there no planes involved in the attacks in New York City. These people stated that there were explosions that led to the collapse of the Twin Towers.

The Japanese Government was notified of a Japanese citizen who was in New York at the time: - who stated that she was running away from the Twin Towers because she heard explosions from inside the buildings. Many Japanese government officials did not believe that planes destroyed the Twin Towers

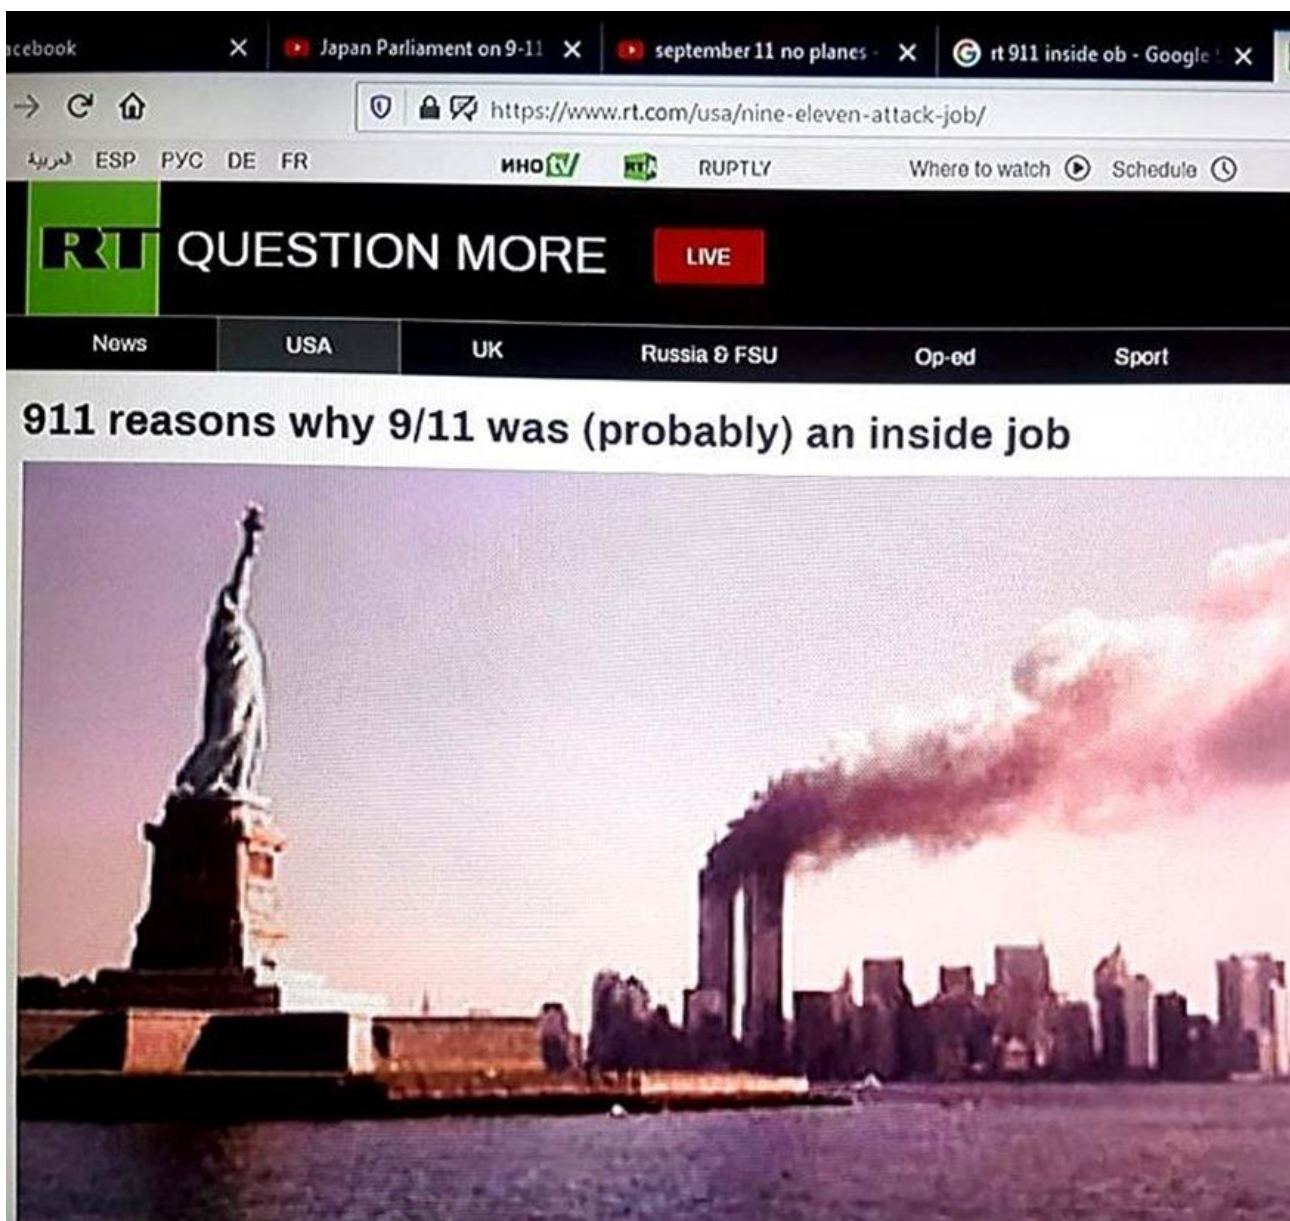

In fact many eye witnesses in New York clearly stated that there were no planes involved at all. They stated that there were explosions inside the buildings.

Many researchers noted that it was the media who greatly advertised reports that planes were involved, and the media made sure that everyone heard what they had to say.

Above is a photo of a witness at the time, who clearly stated that there was no plane and that there was an explosion. He was speaking regarding the explosion in the second building

Millions of people around the world did not believe what the media was saying. They also did not believe what historians were saying about September 11, 2001.

Researchers examined the evidence from both sides regarding September 11. Researchers came to the conclusion that the official story that the media and historians presented regarding what happened on September 11, was not very clear and did not make sense.

Witnesses at the scene in New York City clearly stated that there were no planes and that there were explosions inside the Twin Towers.

The media and politicians repeatedly stated that modern Muslims were behind the events of September 11, 2001. A cold war started against modern Muslims and it was known as the War on Terror.

A total global media campaign was launched to advertise that modern Islam could become very dangerous. The media and politicians advertised many of the teachings found within modern Islamic groups.

What the media did not explain was that many of these groups and their teachings were created and organised by Europe and America, but that is another story, too long to mention here.

**there is 999 DAYS BEWTEEN BALI ATTACK
AND LONDON 7/7 2005 ATTACK**

**Many other alleged attacks happened in the world after
September 11, 2001. Researchers investigated these
events and found many strange mathematical codes
and patterns.**

**Many researchers examined these events and found
much evidence to show these events were staged and
created on purpose**

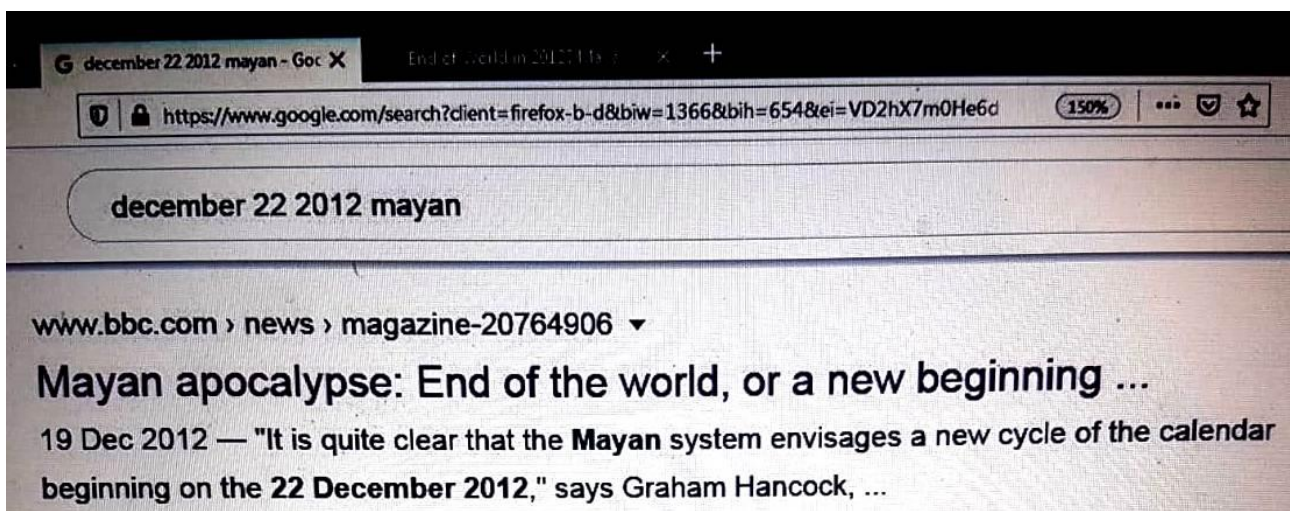

The mathematical patterns showed a relationship between September 11, 2001, - and the Fukushima Earthquake and Tsunami in Japan, on March 11, 2011. The disaster in Japan was known as the Twin Disasters.

Many people pointed out that if you add the numbers together, for the dates of the events of September 11 and the disasters in Japan, it came to December 22, 2012.

09	11	(20)01
03	11	(20)11
+	+	+
= 12	22	(20)12

According to some historians, an alleged Ancient Mayan prophecy indicated that the end of the world will happen on December 21, 2012. And a new world will begin on December 22, 2012.

Researchers began to question, why these very famous events formed such precise mathematics. Researchers began to ask if the people who wrote the Mayan prophecies, were the same people who organised the attacks on the Twin Towers in New York, and the Twin Disasters in Japan.

For that to be possible, these people would need to be alive for centuries, and they would also have to live somewhere where the rest of the world cannot see them. Maybe they lived on land that was not shown in world maps, or maybe they are not human and are invisible. There were many possibilities and researchers began to take such questions very seriously.

Researchers investigated reports which stated that many things were vaporized or pulverised, on September 11, 2001 in New York City, including the dead bodies of many people. Pulverised: - is to turn something into dust or powder. For example, sand is pulverised rock, destroyed rock, or rocks that have been crushed.

For example - the Twin Towers consisted of:

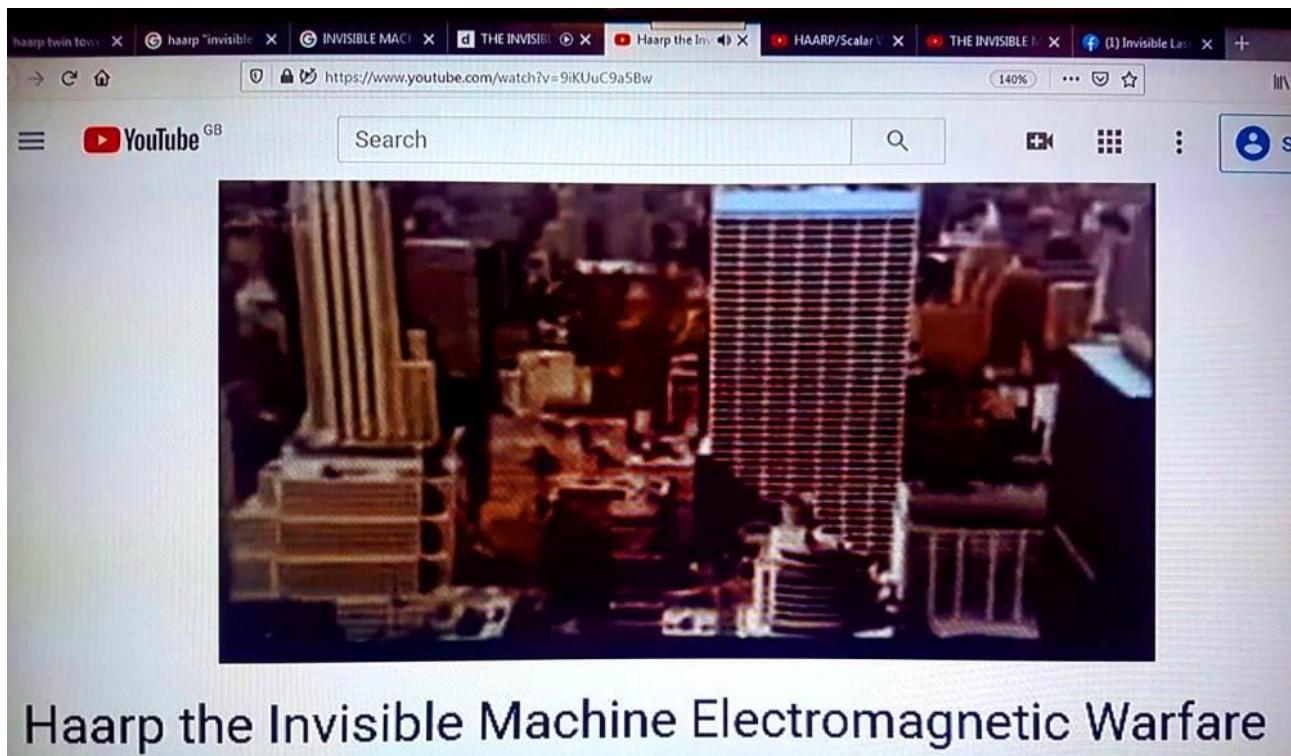

**200,000 tons of steel,
425,000 cubic yards of concrete,
43,600 windows,
260,000 square feet of marble**

**600,000 square feet of glass
5 million square feet of gypsum
12,000 miles of electric cables,
and more than 100 elevators.**

**What was very strange, was that most of the items in
the Twin Towers vaporized and turned into dust and**

then blew away. What sort of force could make so much steel, concrete, marble and glass turn into dust? And within a very short period of time.

Many researchers are investigating if an invisible electronic weapon was used on September 11, to vaporize the Twin Towers.

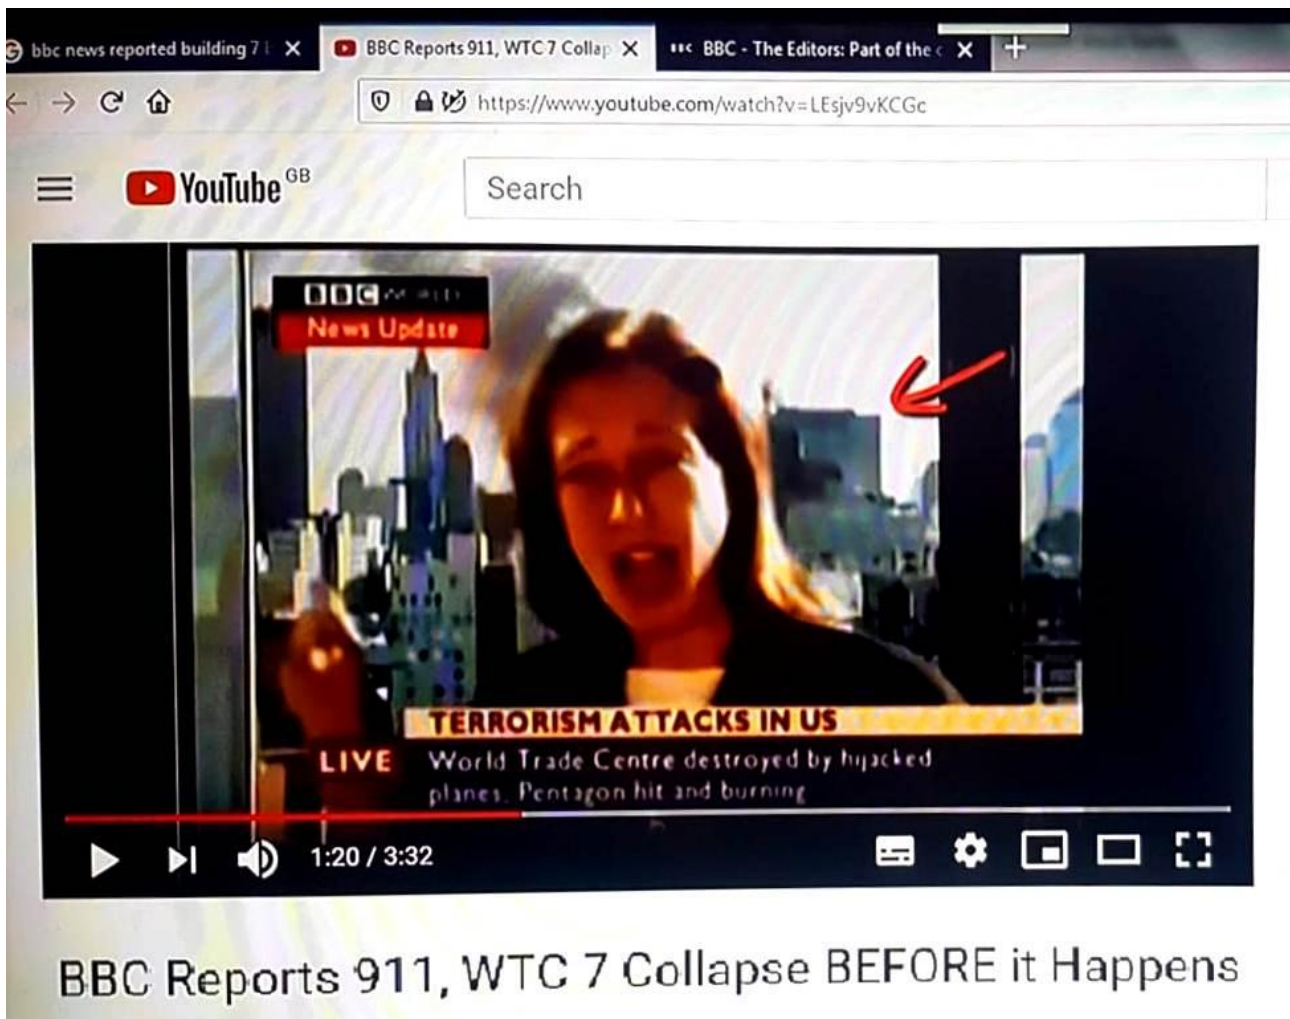

Other researchers are investigating if a similar type of electronic weapon was used to cause the Twin Disasters in Japan.

In fact, the question of weapons being used to cause earthquakes was discussed in the Japanese parliament

Many questions started to emerge. What really happened on September 11, 2001? And also there was another building that mysteriously collapsed on September 11, called World Trade Center 7 - Building 7 - WTC 7. No planes hit this building and it strangely collapsed.

What was very strange was that some media channels, reported that Building 7 had collapsed, even before it really happened. The photo above shows Building 7

Wow, the media news channels can be so amazing. They can know the future even before it happens. They

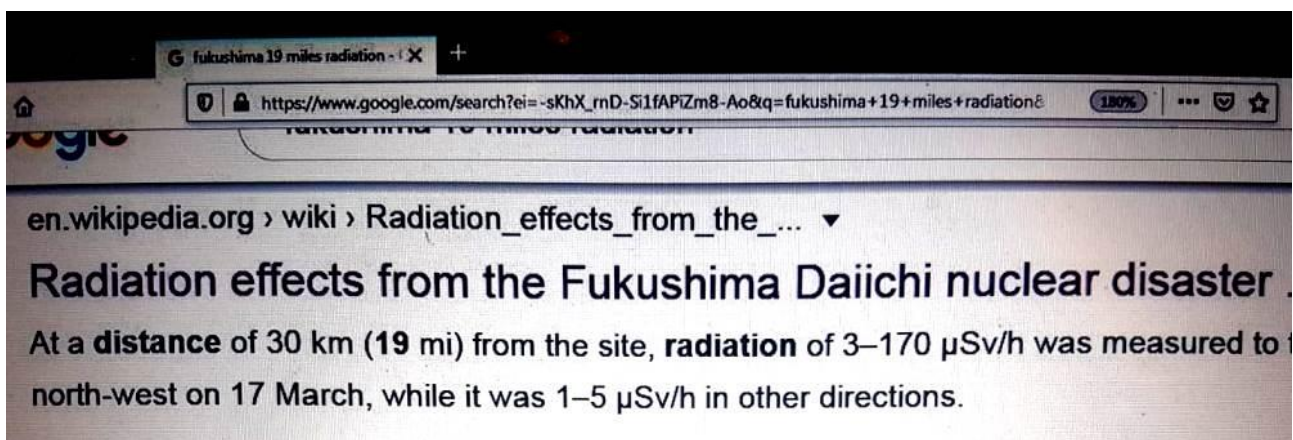

can only know the future if they are working for the people who create such events. This was evidence that these events were planned, and the media was working for the people who organised such events

Nothing seemed to make sense. It all seemed like a big fraud. A big scam.

It was clear that the attack on the Twin Towers was linked to the Twin Disasters in Japan.

911 - September 11, 2001 New York

311 - March 11, 2011 Japan

At a distance of 30 kilometres or 19 miles, radiation was detected in Fukushima Japan after the Twin Disasters

Researchers noted that there were 19 people allegedly involved on September 11, 2001

Researchers also noted that Sandy Island was located at 19 degrees south

The dates of the events of September 11 and the disasters in Japan, came to December 22, 2012. This was the day after the alleged Ancient Mayan prophecy, which indicated that the end of the world will happen on December 21, 2012.

In 2011, another serious disaster happened in the world caused by earthquakes. It was called the Christchurch earthquake in New Zealand on February 22.

What researchers found strange was the mathematical codes in this event and its relationship with September 11, 2001, and the Twin Disasters in Japan and all other events.

The Christchurch earthquake happened 311 days before the end of that year.

The Twin Disasters in Japan happened on 311 - March 11

The evidence showed there was clear mathematical relationship in all the events. The events were clearly planned and organised. The big question was by whom? They seemed to be a global power, who were organising global events mathematically

Since all these events were linked together and the mathematical data showed this, researchers concluded that if we do not understand September 11 or the War on Terror, it would be impossible to understand history and impossible to understand what is going on in the world today.

The mathematical data showed that all these events were linked and were organised and carried out by the same power.

Electrical weapons may have been used to carry out some of these events. Researchers realised that it was

a very serious question as to what these electrical weapons are and how they functioned.

Many world leaders have confirmed that electrical weapons do exist, and that they can cause serious damage such as earthquakes. Many leaders who have spoken out about these matters have been demonised and mocked. Hugo Chavez the President of Venezuela, stated that the United States of America possessed such weapons and has even used it to create many earthquakes in Haiti in 2010

According to media reports, Osama Bin Laden, the leader of Al-Qaeda (The Toilet), repeatedly mentioned the so called atomic bombings of Hiroshima and Nagasaki. Researchers investigated this matter further and found a very strange relationship between the mathematical codes of September 11, 2001 and Japan.

August 15, 1945, is known as Victory over Japan Day (VJ). This was the day that Japanese Emperor Hirohito announced the surrender of Japan

19 days after the announcement by Japanese Emperor Hirohito: - the Japanese foreign minister signed the official surrender agreement.

The Prime Minister of Japan, General Hideki Tojo was arrested by American occupation forces on September 11, 1945

The arrest of General Hideki Tojo was 9 days after the official surrender. The arrest of the General Hideki Tojo on September 11, 1945, was seen as a sign of great dishonour by many Japanese people.

Many researchers question the events of World War 2 and found many lies in history, but that is another story too long to mention here.

It seemed like modern Islam and modern Muslims were being targeted in Europe and America, but researchers soon discovered that a bigger war was taking place.

The number of mosques in the USA increased from 1,209 mosques in the year 2000, - to 2,106 mosques in 2010 (reported by USA Today)

There was more talk about modern Islam on many news and media channels. More and more Europeans and Americans were learning about modern Islam, especially from the media. What people did not realise, was that the media was promoting modern Islam.

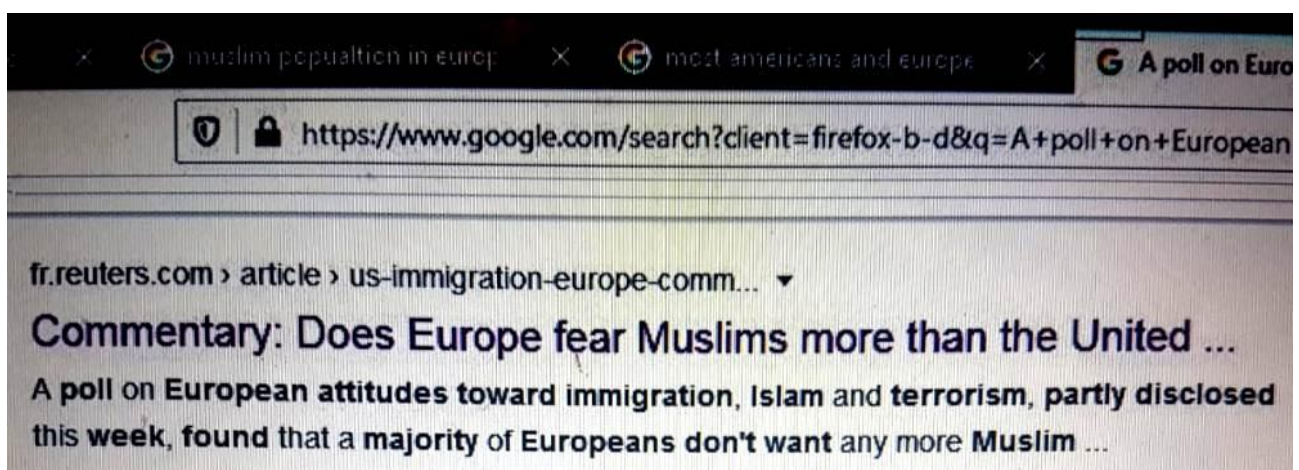

Researchers found much evidence that many of the modern Islamic groups were created by political forces in Europe and America. Researchers realised it was

important to understand what original Islam was, and to separate it from modern Islam or we will not understand what was going on. September 11 was very a serious turning point in recent history, and if we ignore what happened, then we will never know the truth.

Evidence showed that modern Islam was growing in Europe and America after September 11, 2001

In fact, research has shown that as more and more people in Europe and America learned about modern Islam, more and more people rejected modern Islam and went against it.

Not only was this happening in Europe and America, but all over the world. The number of Muslims was increasing due to high birth rates and this made it appear like modern Islam was growing.

Many reports and opinion polls showed that Europeans and Americans were more tolerant to Muslims, but more

and more Europeans and Americans were against the modern Islamic religion.

After September 11, Islam was viewed by many people worldwide, as a religion of terror and hate.

The people who planned the events of the Twin Towers and the Twin Disasters and other related events, they were promoting tolerance for modern Islam, but they also wanted to make sure that the world learned about the dangers of modern Islam. And this made sure, that most people will not study Islam, in order to know what is really going on.

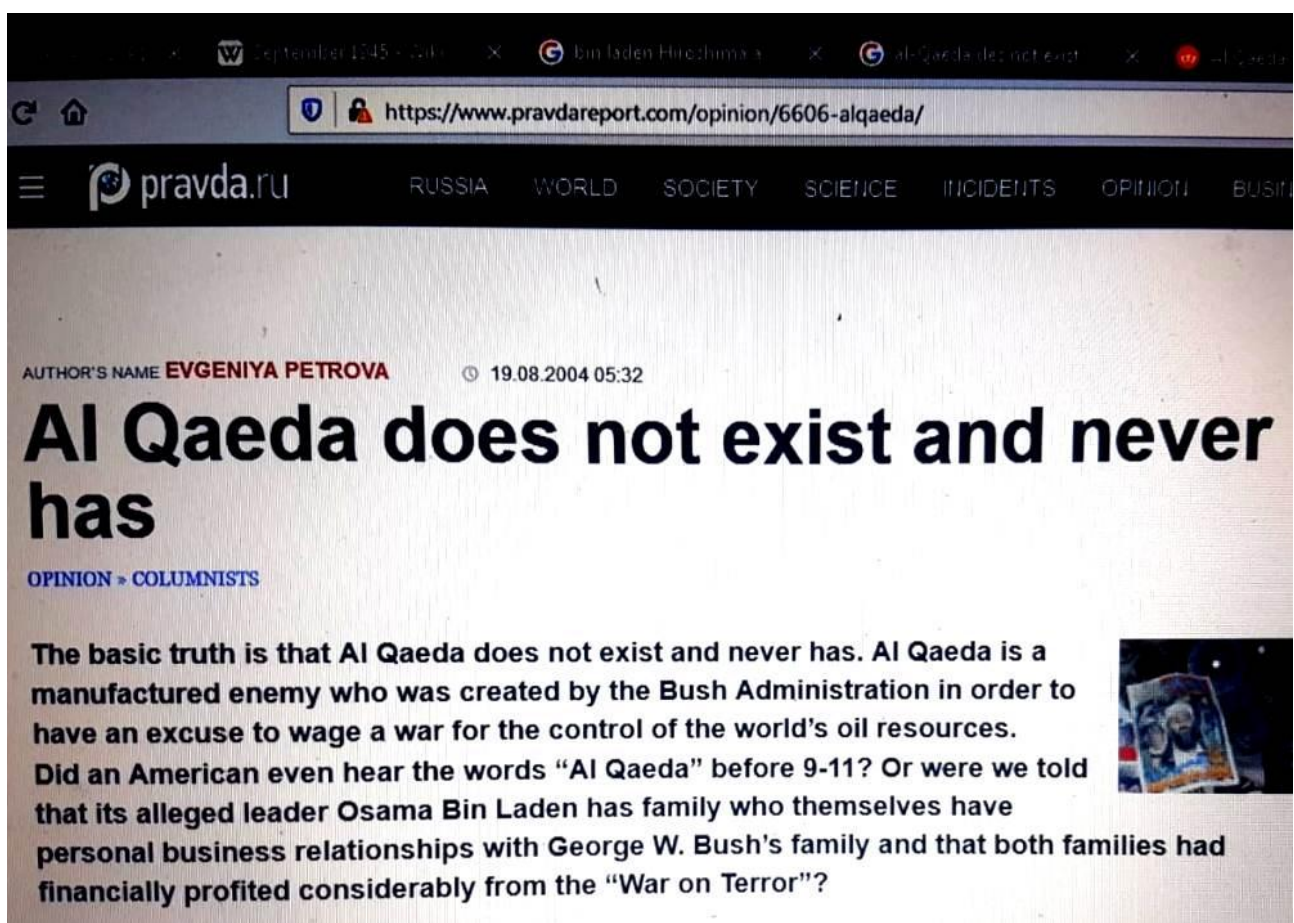

Many historians and politicians and the world media showed Osama Bin Laden as the mastermind behind the events of September 11, 2001. The media also repeatedly stated that he was the leader of an alleged Islamic group called Al-Qaeda (The Toilet)

Researchers found this very to be very stupid, because Al-Qaeda simply means - The Toilet. It sounded like a big joke.

Nobody in the world will call their great organisation - The Toilet. It was clearly a fraud. The people who decided to choose this name, they knew it was scam. They must be really laughing at the people who believed them.

Who did September 11? The Toilet Boys - Al-Qaeda

Many researchers around the world came to the conclusion that the organisation called the Al-Qaeda (The Toilet) did not exist. Researchers came to the

**conclusion that Osama Bin Laden and his friends, were
a group of actors working on behalf of the American
government and their allies**

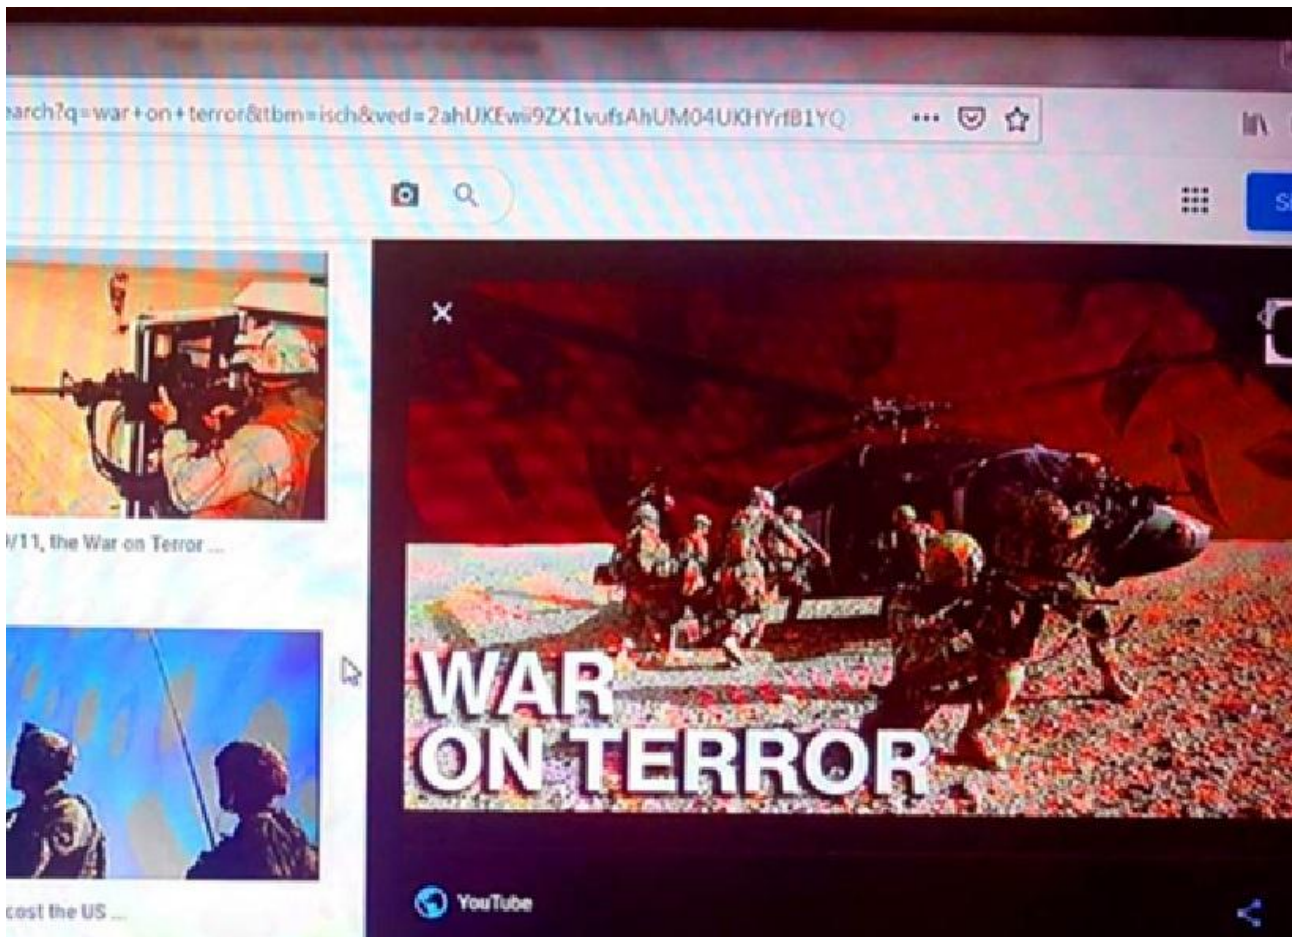

**To this day, nobody has taken responsibility for
September 11, 2001.**

**The world media stated that Osama Bin Laden and his
organisation: - Al-Qaeda (The Toilet), who looked like a
bunch of farmers, were allegedly the masterminds who
destroyed the Twin Towers, and also carried out many
attacks around the world.**

**In many of the photos and videos which show Osama
Bin Laden and his organisation - Al-Qaeda (The Toilet),
there are guns in the photos right beside the people.**

Almost as if they were placed there for a TV show for the world to see. It was clear that whoever was managing these people, made sure that they had long beards and dressed in robes. This was the image of Islam that they wanted to show to the world. They wanted to show something very scary and something very dark and dangerous.

The War on Terror following September 11, 2001 led to the wars in Afghanistan and Iraq and Libya and Syria.

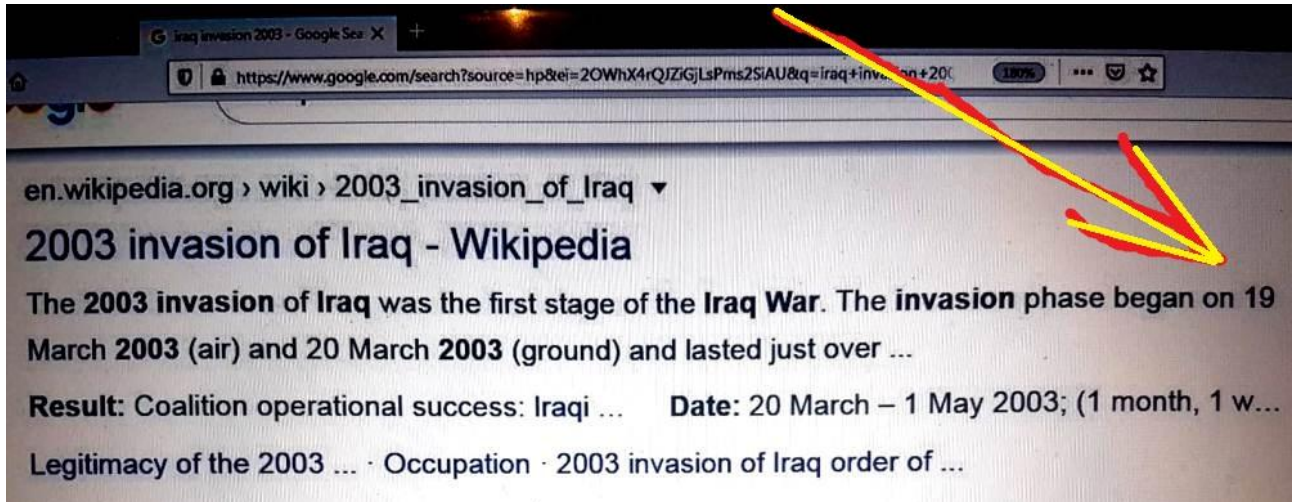

Many people questioned what the wars were for. Was it for oil or gas? Researchers did not find much evidence to show that the wars were about oil or gas or terror.

Reports from that time state that the President of the United States of America - George W. Bush, classified Iraq as evil

On 19 March 2003, the United States of America and its allies invaded Iraq

The air invasion started on 19 March and the ground invasion started the next day on 20 March, 2003.

The media reported that the United States of America invaded Iraq with its allies such as Britain. Many reports state that America and Britain told the world lies to justify the invasion

Researchers noted that between September 11, 2001, and the land invasion of Iraq on March 20, 2001, there was exactly 555 days

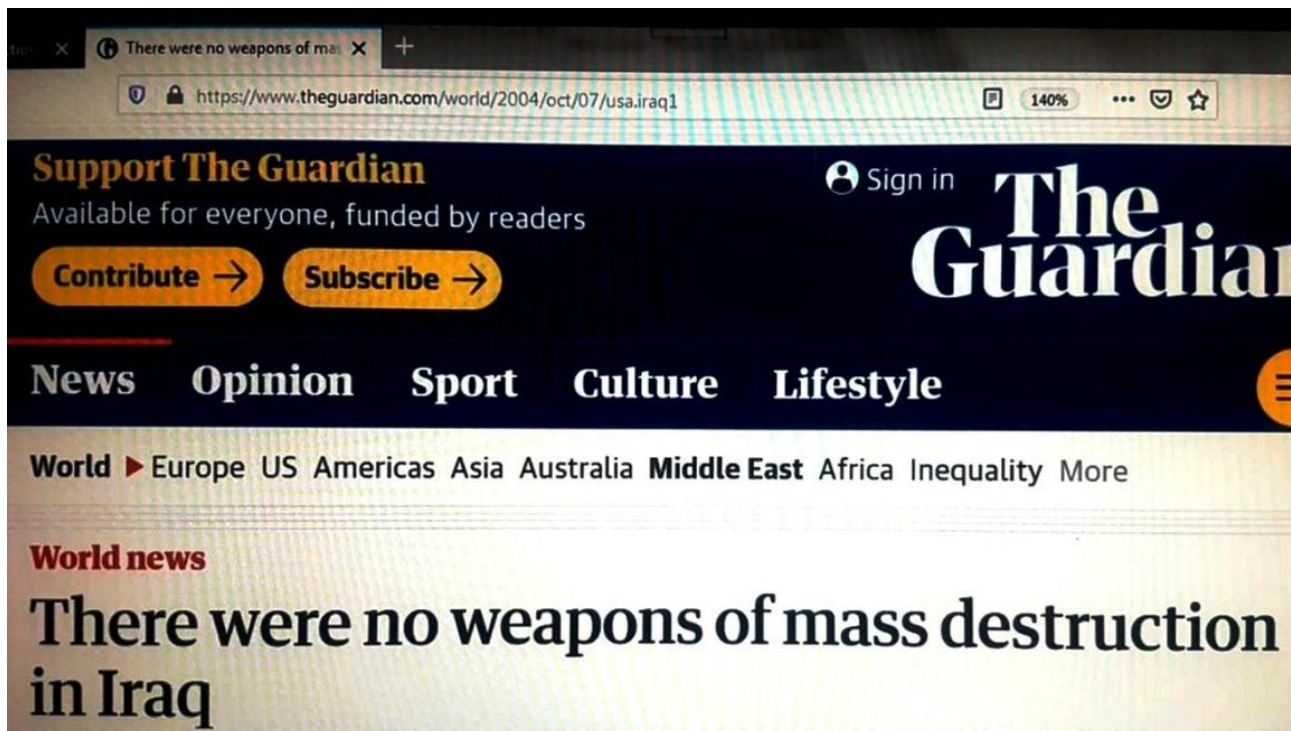

The government of the United States of America sent many messages to the world in 2003. They did this by speaking at the United Nations and making sure that the world could hear what they wanted to say. The above photo shows Colin Powell speaking at the United Nations

The United States of America also used the media of the world to claim that Iraq was a danger to the world and that Iraq had Weapons of Mass Destruction. The media was used to brainwash the people of the world to promote the war

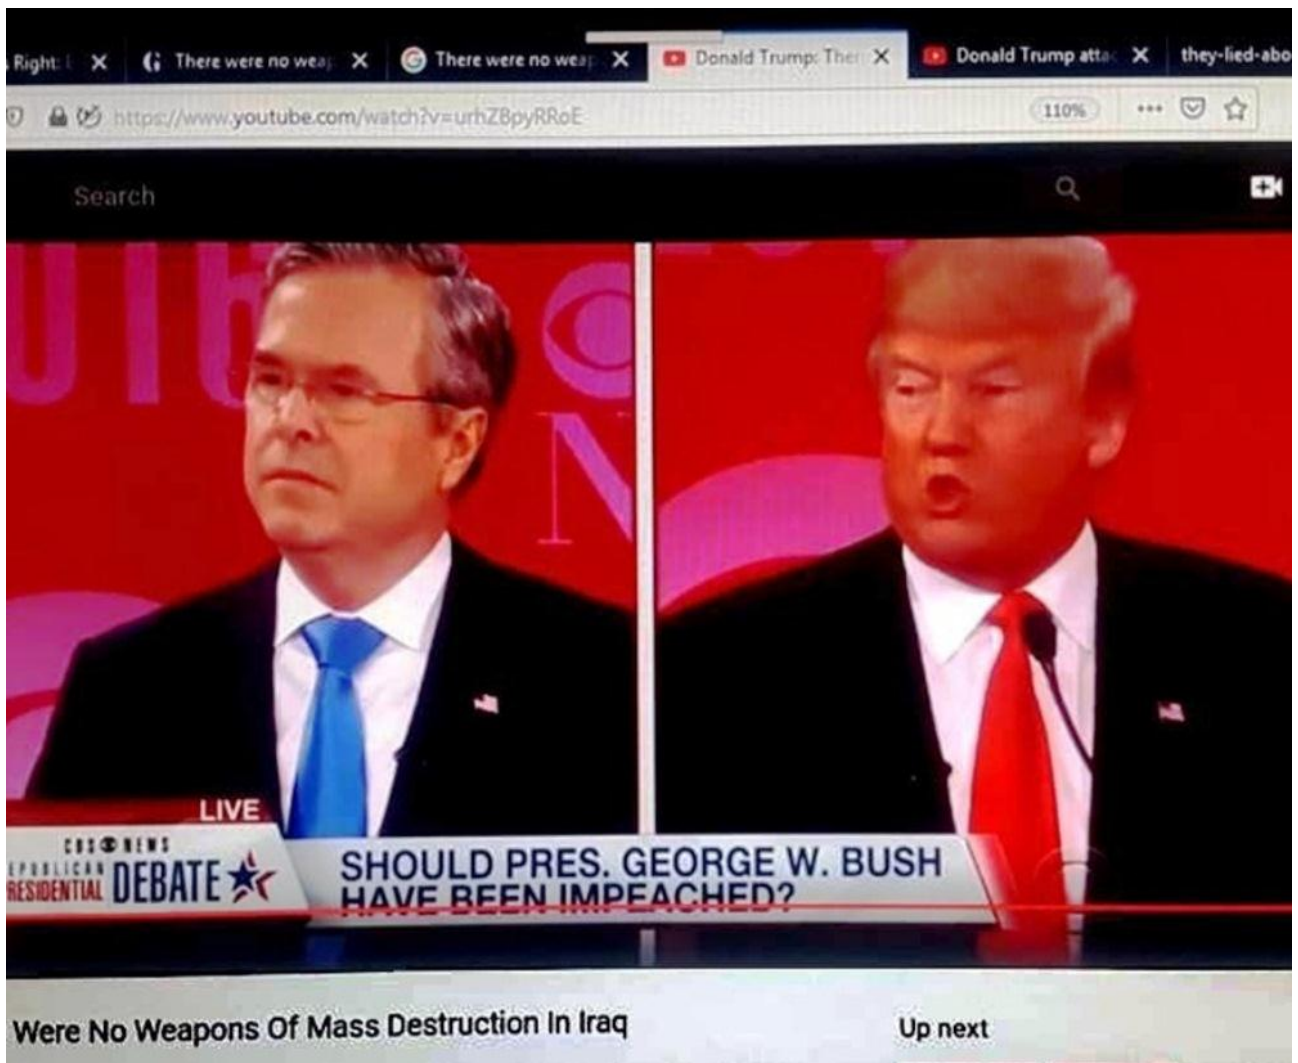

The world soon discovered the truth that there were no Weapons of Mass Destruction and that Iraq was not a danger to anyone

Many people had died and a nation was destroyed and the war had effected many other countries also

Not only were there many reports available to show that the people who promoted the war were liars, - President Donald Trump also said that they were liars.

Donald Trump said: “They lied. They said there were Weapons of Mass Destruction. There were none. And they knew there were none.” Researchers stated that this was a very serious matter.

The world media repeatedly stated that there were Weapons of Mass Destruction.

Many global politicians repeatedly stated that there were Weapons of Mass Destruction.

They lied.

Researchers noted that today many people have forgotten about this and they trust the same media and the same politicians, who lied.

Reports state that the numbers of civilian casualties are so high that no one even knows the exact number

policy.org/humanitarian-issues-in-iraq/consequences-of-the-war-and-occupation-of-

q's Humanitarian Crisis

A big result of the American invasion of Iraq was a serious humanitarian crisis which created an estimated 2 million displaced people and another 2 million refugees

People who planned and organised the war knew this will happen. Things like this happened from every war in the past. It all seemed like they did it deliberately

There are reports that the American military used depleted uranium in civilian areas

Reports state that over 300 000 rounds of depleted uranium was fired during the 2003 Iraq War

The devastation and instability from the war caused the refugee crisis.

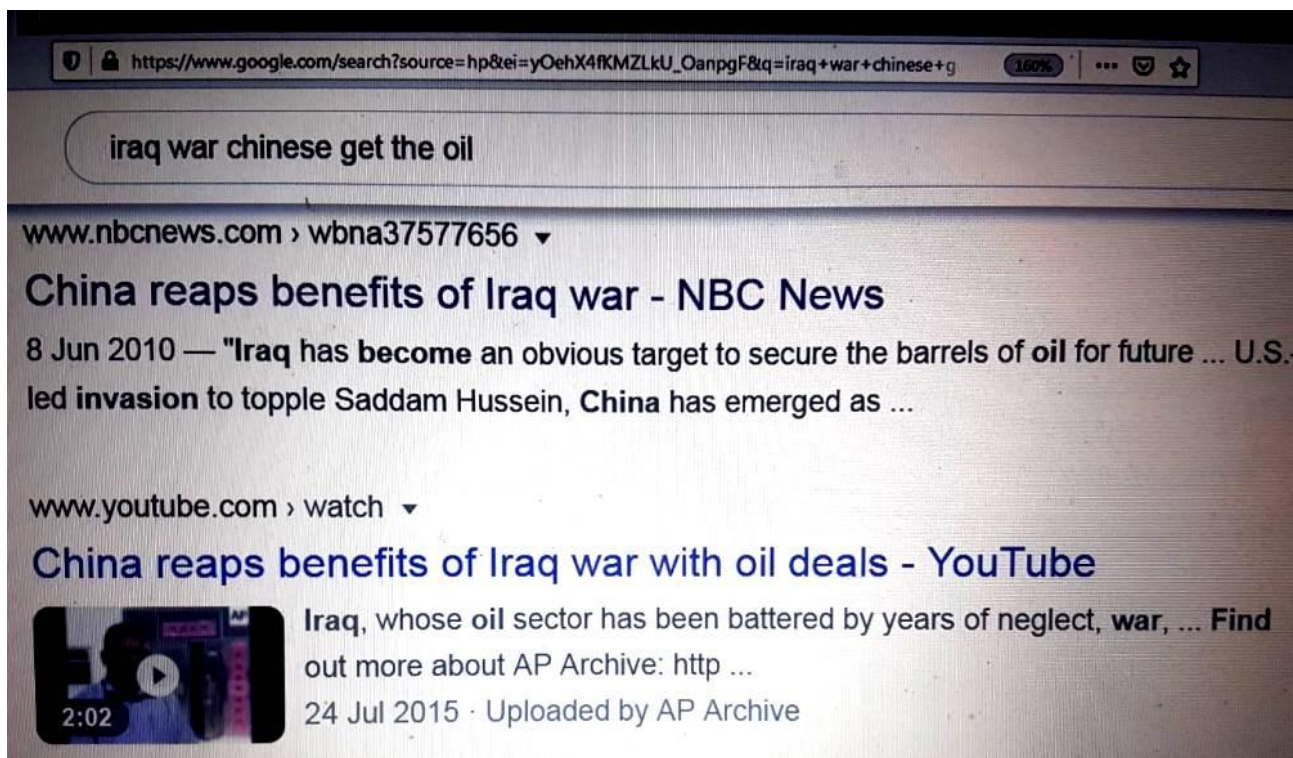

The war also spread into other countries including Syria and Libya and Yemen

Millions of people all around the world are very angry with the invasion of Iraq and are demanding that the people who organised the war should be put on trial for war crimes

What was the war about? American companies did not benefit much from any oil contracts after the invasion of Iraq. Before the war started, the US government made it

hard for American oil companies to do business with Iraq. It made no sense to make a mess out of Iraq.

Many reports state that China, was gaining the most from the war in Iraq and from the instability in the region.

The result of the Iraq war led to the creation of the so called Islamic State (ISIS), which caused chaos in Iraq and Syria and destabilised the whole entire region.

It was almost as if the War on Terror was designed on purpose to cause instability in the region, and also to create the so called Islamic State. This will make sure that modern Islam is at the centre of the world's media for many more years to come. Everything seemed to be going according to plan.

The War on Terror caused a major refugee crisis which forced millions of people to leave the Middle East to go towards Europe and America.

The refugee crisis meant that the global media will continue to talk about modern Islam and modern Muslims for many more years to come.

The refugee crisis was not only from the Middle East, but from North Africa also. The heart of the crisis in Africa was from Libya

Researchers decided to investigate what happened in Libya

In September 2009, Colonel Gaddafi the leader of Libya made a speech to the world and he sent a serious message. He was hoping that the world will listen, but because the world media demonised him and demonised modern Islam, not many people paid attention to what he said.

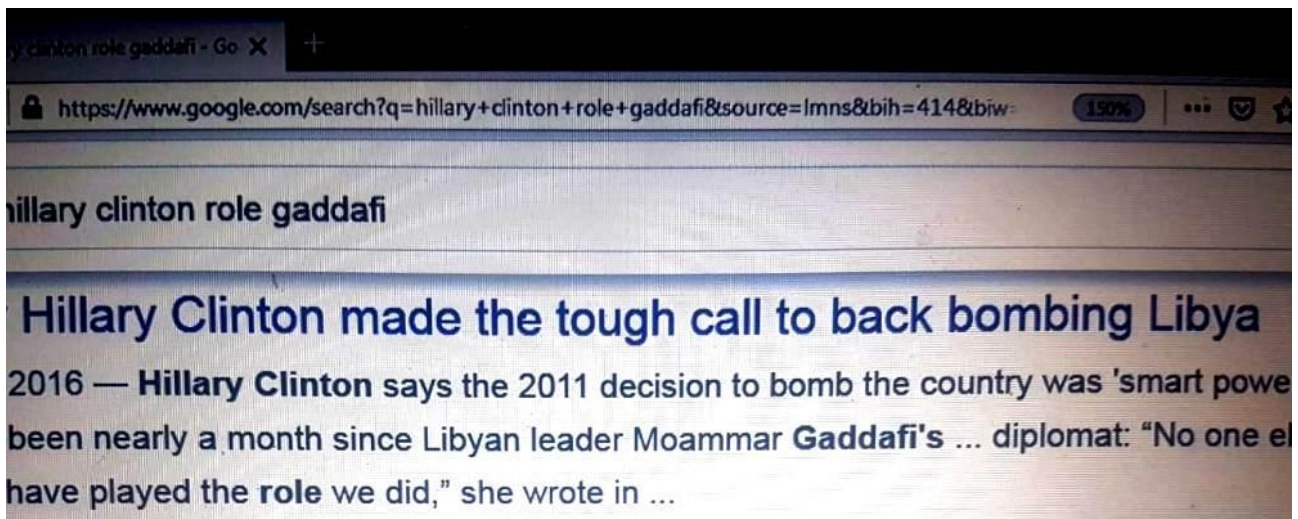

He did not mention the name of any virus in particular, but he stated that there are organisations who are have an agenda to create viruses and they then release vaccines to the world to profit from it

Gaddafi basically said that many of these viruses that people suffered from were not natural, but were man made. They were created on purpose. If Gaddafi is correct, who are these people who are creating these viruses and why?

Gaddafi seemed be saying things that the western powers did not like. A civil war backed by western powers and their allies started in Libya.

On March 19, 2011, America and its European allies started the bombing campaign of Libya and this led to the death of Gaddafi. This made sure that Gaddafi will not be able to speak again

Most analysts came to the conclusion that Hillary Clinton - known as Crooked Hillary, the United States Secretary of State at the time, was the number 1 person who is guilty for causing the civil war and for causing the devastation that resulted from the bombing of Libya

The bombing of Libya caused a new crisis. Many economic migrants from Africa were crossing the

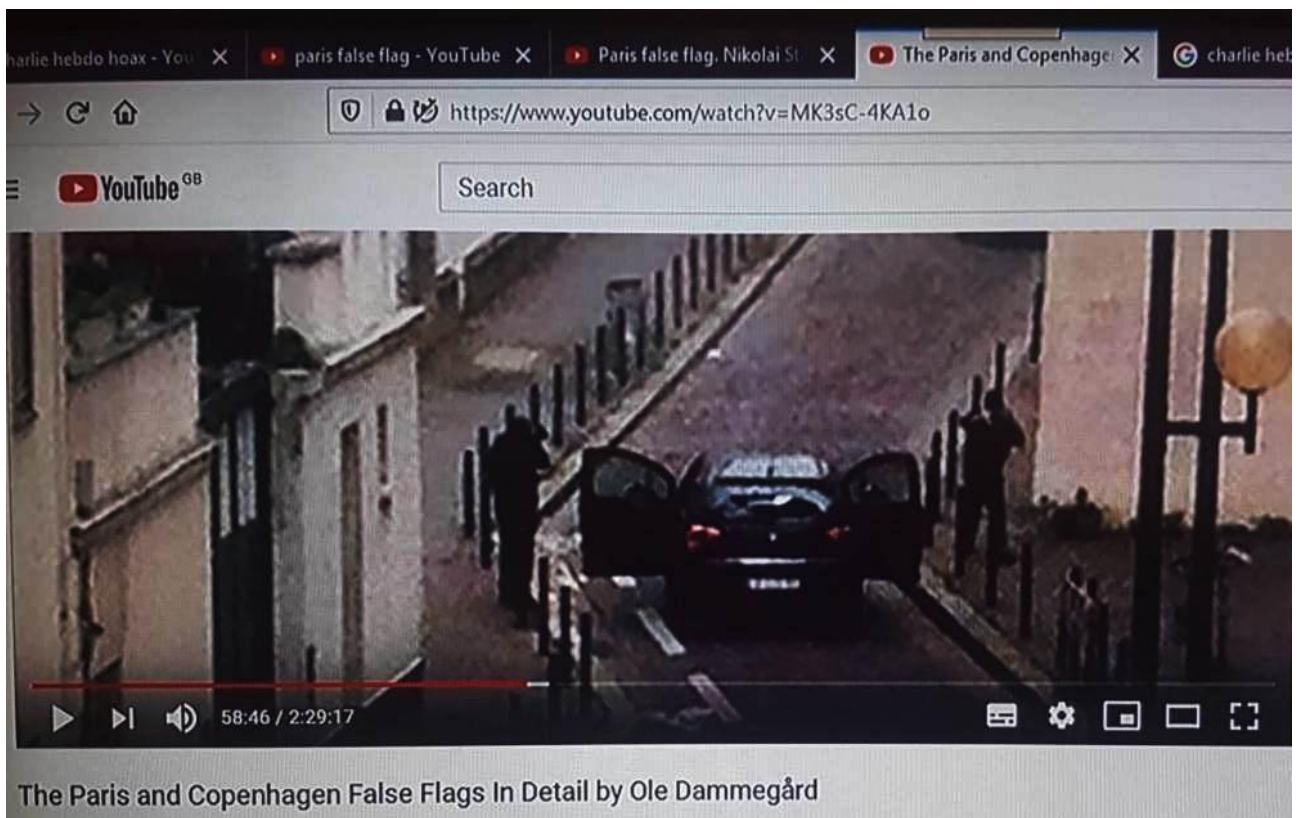

Mediterranean Sea and going to Europe. Many organisations were heavily involved in transporting economic migrants to Europe. These organisations were being funded by many private people. Almost as if the whole thing was planned

It caused huge social instability in many places in Europe. Many of these African migrants were not refugees, but people who wanted to come to Europe for economic benefits. And there were organisations that were making big money from the chaos. It was like an organised project.

When Hillary Clinton - Crooked Hillary spoke about the death of Gaddafi, she was laughing about it.

During the refugee and migrant crisis, the so called Charlie Hebdo shootings took place in Paris, France, on January 7, 2015. Charlie Hebdo is French magazine, which is part of the European media.

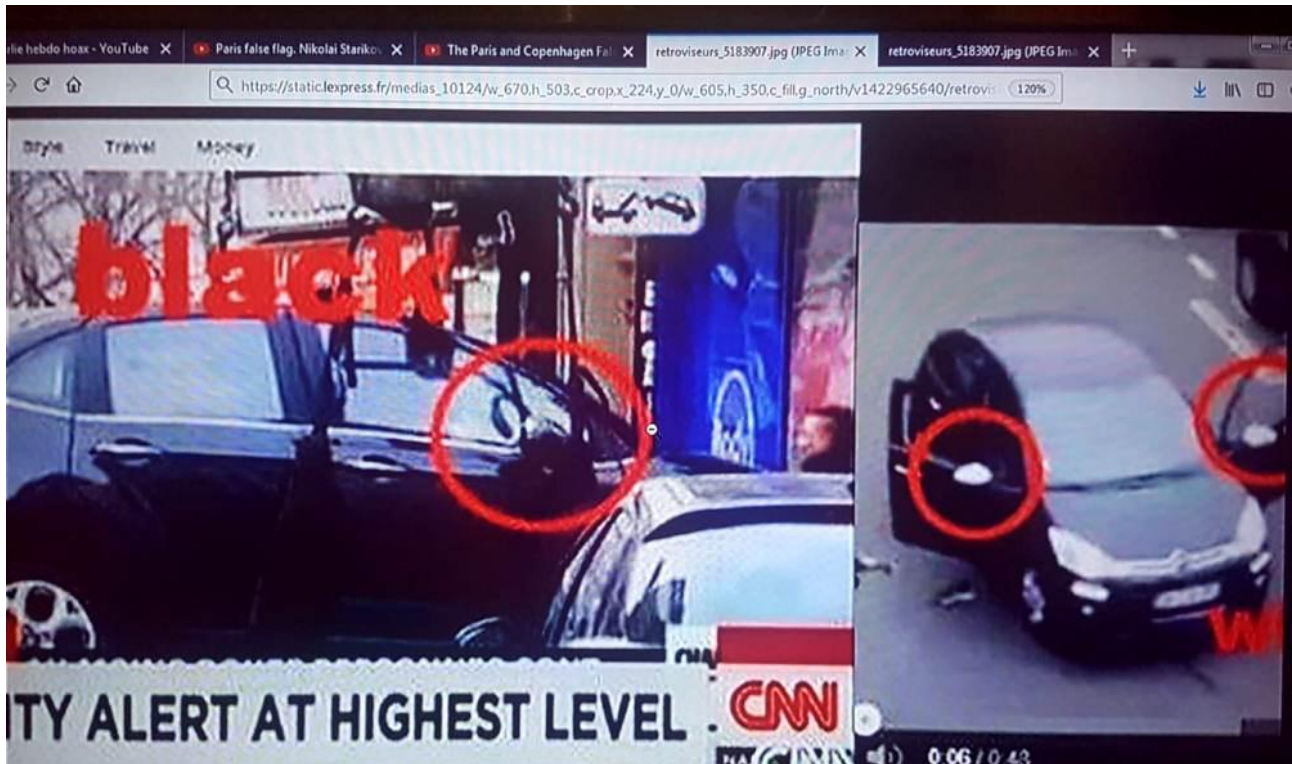

Many researchers found problems with the Charlie Hebdo shootings and many people around the world came to the conclusion that it was a staged event

This was nothing new for researchers. Many events around the world seem to have been staged with actors in the last 2 centuries. Researchers examined the

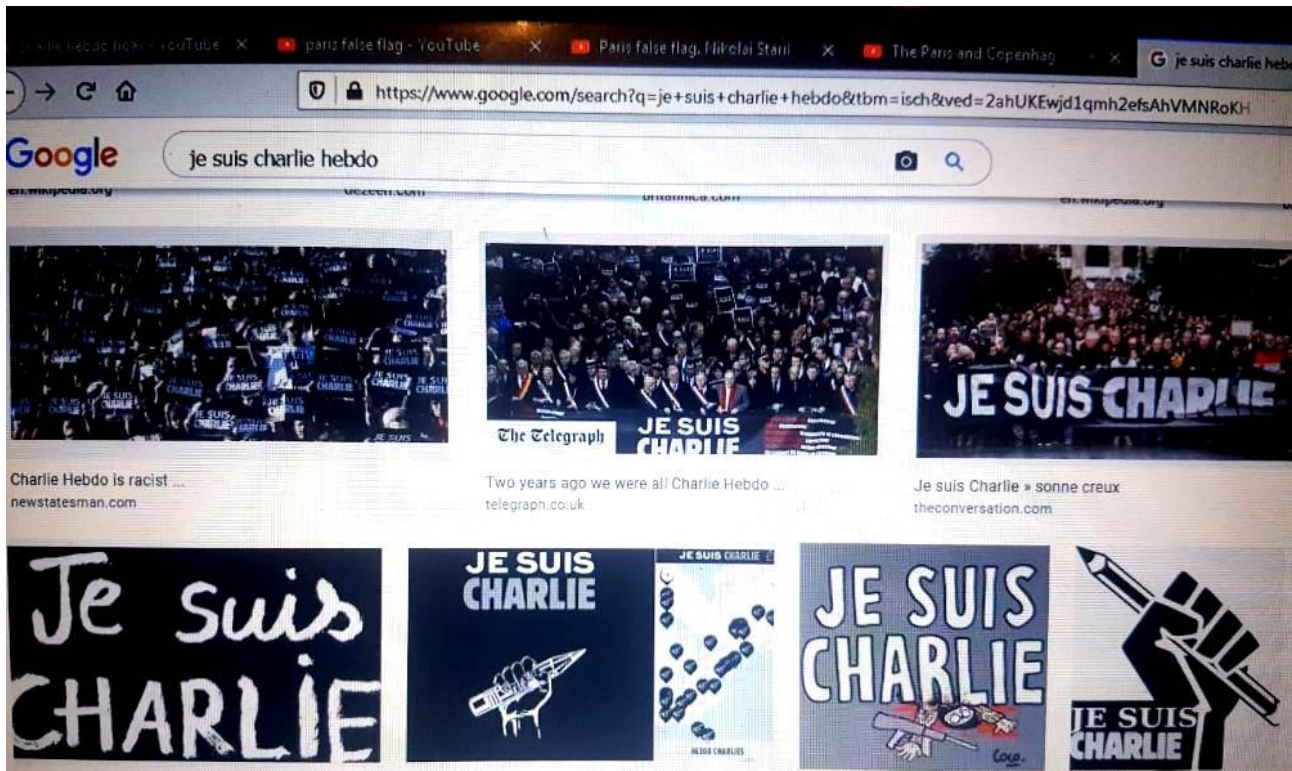

alleged shootings and from the video evidence, they found many problems

- the video evidence shows no other moving cars on many of the streets except for the attackers, the roads seemed to be empty as if it was planned that way**

- the car used by the attackers, looked more like a Citroen C3 2014 that has chrome side mirrors**
- but the car that was recovered later and shown to the world media, looked more like a Citroen C3 2013 that has black side mirrors**
- researchers noticed that the 2 cars seemed to have different wheels**

- the video evidence shows the attackers shooting a man on the floor with a powerful weapon but there is no blood whatsoever and no body parts exploded from the so called shooting

Within hours of the shootings, thousands of people gathered for demonstrations in French cities in support of Charlie Hebdo. Demonstrations supporting Charlie Hebdo spread throughout Europe and the world and millions of people took part in them.

Nikolai Starikov, the former leader of the Great Fatherland Party of Russia spoke about the Charlie Hebdo shootings and demonstrations.

He pointed out that to bring a few million people out onto the streets at such short notice was a very difficult

task and must have been organised carefully and planned by the French state.

He stated that it was clear that they must have been planned even before the Charlie Hebdo shootings took place

He stated that it was clear that the Charlie Hebdo demonstrations increased hatred and conflict against modern Islam, and that this will then lead to increased conflict and hatred against modern Islam.

It was very clear to researchers that the Charlie Hebdo shootings and demonstrations were planned and organised. It was clear that the purpose of such events was to increase hostility against modern Islam and to keep media attention focused on modern Islam. Not only the Charlie Hebdo shooting, but many of the other so called terror attacks which took place all over the world, showed evidence that they were events that were organised and planned by the same group of people

Europe and America has taken in millions of Muslim migrants and refugees in the last 20 years. They have carried out a policy to ensure that there is tolerance of Muslim immigrants. But at the same time, they have made sure that politicians and the media focus on the topic of modern Islam

Many of the groups and teachings of modern Islam were created and founded by some European powers and the United States of America. It was strange that the same groups that they founded and created and funded, were being shown in a negative way in the media at the same time. Politicians and media were talking about modern Islam almost on a daily basis for the last 50 years.

The world was being repeatedly told about the teachings that are found in modern Islamic groups, these teaching were created by Europe and America.

Many ordinary people in the world found many of these teachings to be disgusting and very dangerous. But the world has no idea that these teachings are not from original Islam and were created by the Europeans powers and the Americans in the last 2 centuries.

It was very clear, that these teachings and groups were created to destroy original Islam and this war was continuing today.

This war has been so effective that most people in Europe and America now have no idea about what is written in the Arabic Koran. Most of the information they know about regarding Islam, is based on the information that the media has told them or from what other people have said.

Western nations such as Britain and France created many of the teachings and groups under the name of original Islam. Now they are attacking: - the same teachings that were created by them and the same groups that were created by them, - that claim to represent modern Islam.

This seemed very strange to researchers.

Why would someone create something and support it and finance it and tell everyone to tolerate it, and at the same time attack it in the media? And why would it be in the media almost every day.

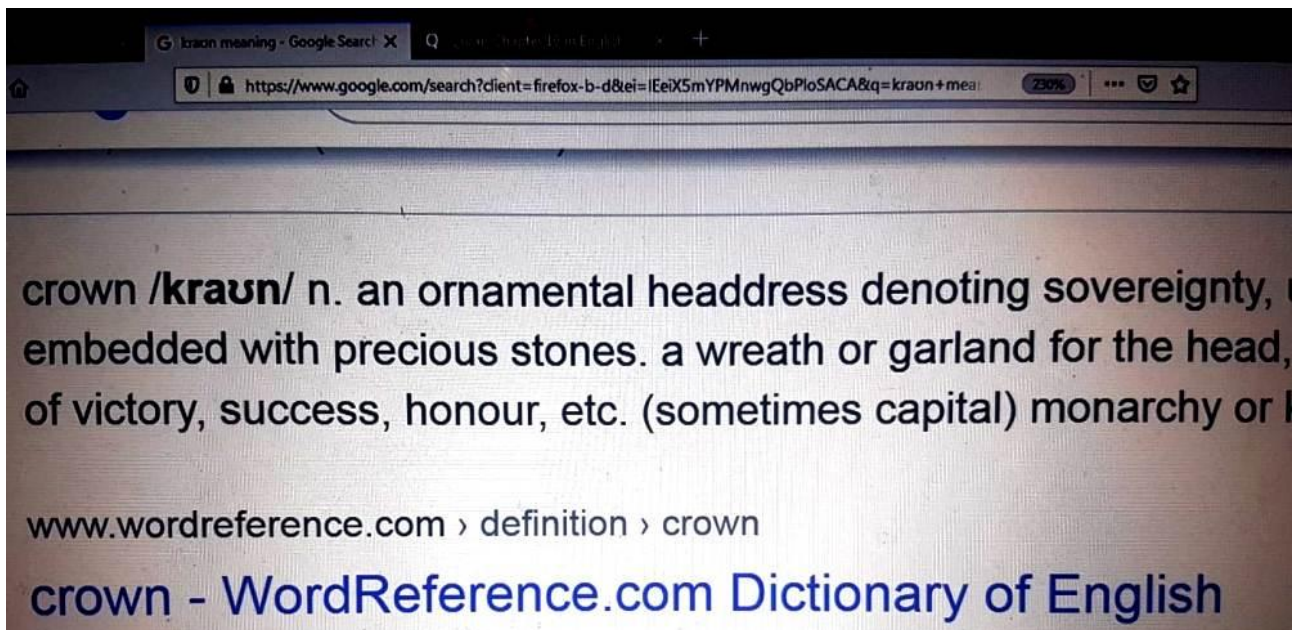

The answer was very clear. There must be something within original Islam that they did not want people to find. The most important thing within original Islam is the Arabic Koran. Was there something that they feared, that is mentioned in the Arabic Koran?

Was there something important written in the Arabic Koran about previous civilisations such as Tartaria?

Was there something important written in the Arabic Koran about the future?

**In the French language, the word Koran is written as -
CORAN**

The first thing that millions of people noticed around the world was that Coronavirus sounded very similar to Koran Virus. In the countries that spoke Spanish or French or Italian, the word Koran is written CORAN. More than half a billion people speak these languages

The word corona means crown. A crown is something that symbolises the highest authority or highest power. Historians claim that the word corona is from Latin, but many researchers pointed out that the word Corona is also the same as the word Koran or Quran or Coran

Coronavirus, also known as COVID 19 and was probably first noticed in December 2019

Coronavirus became a global matter throughout 2020, which was 19 years after September 11, 2001.

Many people believed that Coronavirus has been exaggerated.

Many people believed that it was a scam.

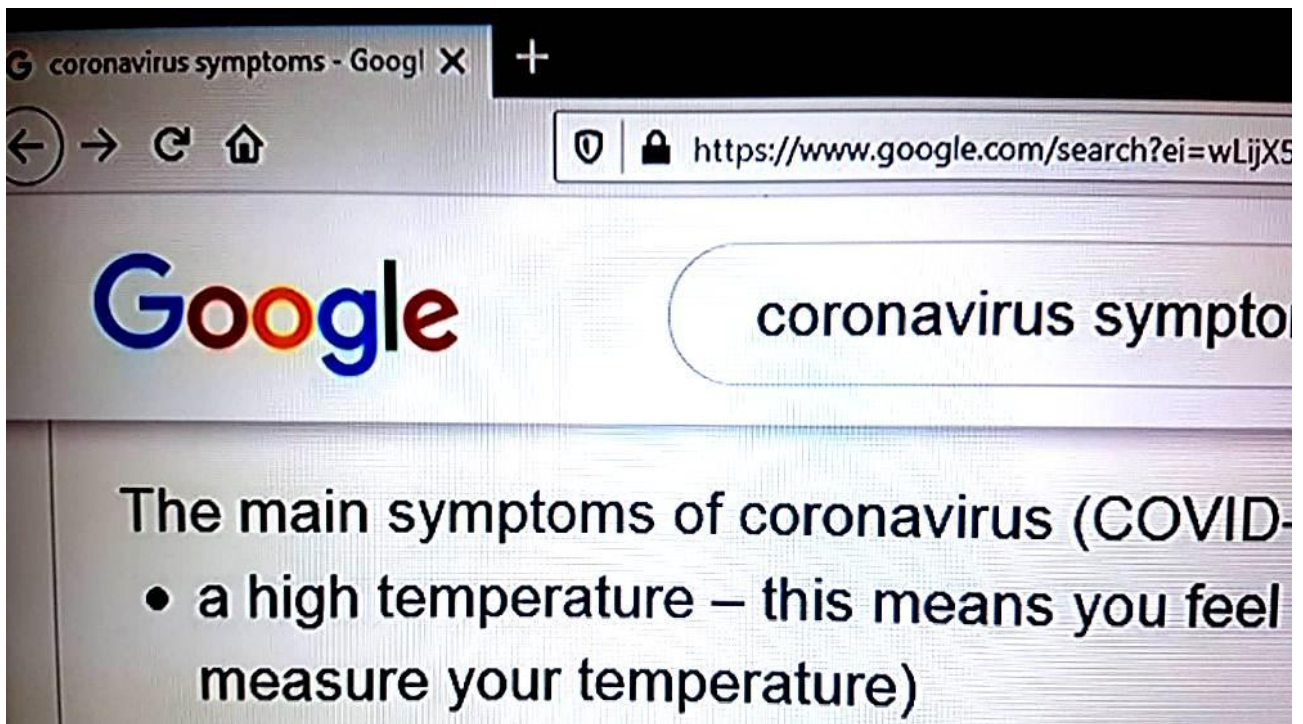

Many people believe that there are powerful people, who are planning and plotting ways to take advantage of the global situation.

Researchers discovered that many people were suffering from many health problems that may be linked to Coronavirus, but found evidence which showed that strange things were taking place

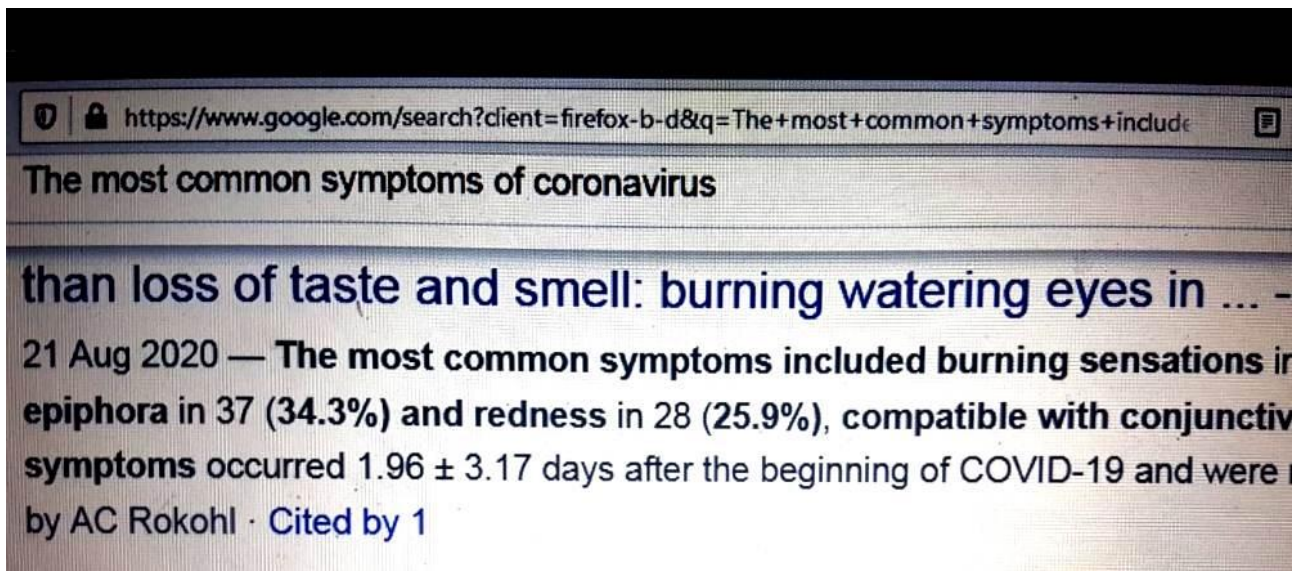

Many people called it a plandemic

They called it a plandemic, because they believed that there was much evidence, which showed that everything that was happening in the world, was planned by a group of evil people

According to available reports, the number one symptom of Coronavirus was a high temperature

The high temperature was described by many people as a burning sensation.

Around the same time that the Coronavirus was happening, internet technology was moving forward.

**5g was being installed in many places around the world.
5g is very important for Artificial Intelligence (AI).**

**5G provides the infrastructure and massive amounts of
data that Artificial Intelligence (AI) needs to be
successful.**

**Basically, without 5g, Artificial Intelligence (AI) will not
be able to function properly.**

$$A = 1$$

$$B = 2$$

$$C = 3$$

$$D = 4$$

$$E = 5$$

$$F = 6$$

$$G = 7$$

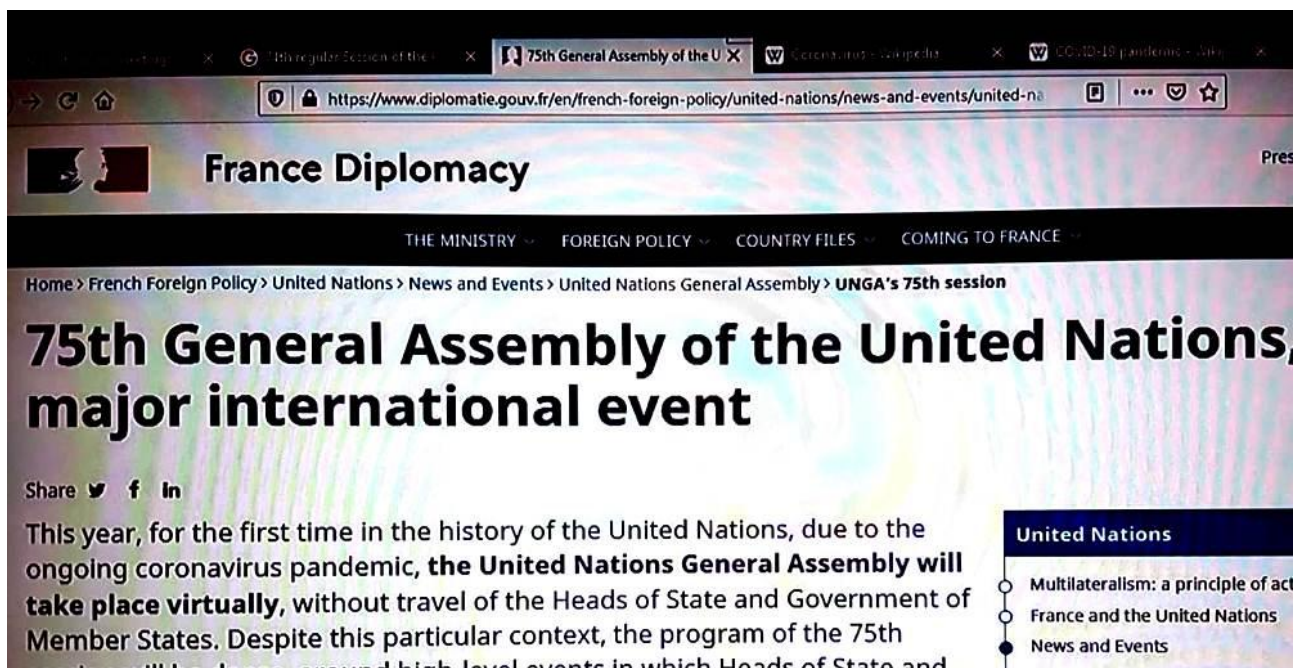

$$H = 8$$

$$I = 9$$

Artificial Intelligence - AI = 19

**In the photo above, we can see what is the
mathematical value of - AI - in numerical English
gematria**

Artificial Intelligence (AI = 19)

The United Nations was created in 1945 to help promote world peace. For the next 74 years, the United Nations met in New York and had General Assembly meetings.

The 75th General Assembly of the United Nations, did not take place like the previous 74 years, but was a virtual conference using the internet technology.

The number 74 was very important.

For example, July 4, is known as Independence Day. July is the 7 month. United States of America celebrates Independence Day on the 7th month and 4th day = 74

The gematria (simple English gematria) values, for G_d (God), Jesus and Muhammad also happen to be 74. Gematria is basically a code of assigning a numerical value to a name, word or phrase, based on its letters. It is another story, too long to be mentioned here.

Researchers found that the mathematical patterns in world events, before the arrival of Coronavirus, were very amazing. Researchers decided to look inside the Arabic Koran to see if they could find an explanation as to what was going on.

Researchers opened the Arabic Koran and went to Chapter 74. What they found in Chapter 74, was a big surprise waiting for them. Almost as if the Arabic Koran was awaiting them.

Chapter 74 had a message for humanity and an explanation about the meaning of the number 19 and also talks about people who were planning and plotting

Below is what is it says in Chapter 74 of the Arabic Koran

In the name of God, the Gracious, the Merciful.

- 1. O you Enrobed one.**
- 2. Go and warn the people.**
- 3. And praise and thank your Lord.**
- 4. And purify and clean your clothes.**
- 5. And give up bad things.**
- 6. And do not do good things, in order to gain something from it.**
- 7. And be patient and calm for your Lord.**
- 8. When the sound is made.**

9. That day will be a very difficult day.

10. For the bad people, it will not be easy.

11. Leave Me to deal with the person I created alone.

(Me = God)

12. I gave him great wealth.

13. And I gave him children as a gift.

14. And I made life easy and beautiful for him.

15. But he wants Me to give him more!

16. No way! He was ignorant towards the signs of God.

17. Soon I will punish him with a serious punishment.

18. He thought and plotted and planned.

19. May he be destroyed, how he plotted and planned.

20. Again: may he be destroyed, how he plotted and planned.

21. Then he looked.

22. Then he frowned and scowled.

23. Then he turned back and was proud of himself.

24. And said, "This is nothing but an illusion and a fake.

25. This is nothing but the words of a man."

26. I will make him burn.

27. But what will explain to you what this burning is?

28. Nothing can survive it, nothing can escape it.

29. It burns the flesh.

30. Over it are Nineteen. (19)

31. We have appointed only angels to be guardians of the fire,

and have made their number to be a trial and a test for those who do not believe, so that those people who were given the previous Scriptures (such as the Torah and the Book of Christ and the Book of David), so that they may know for sure what is the truth, and those who believe may have more faith, and those who were given the previous Scriptures and the believers will have no doubts.

And those people whose hearts have a disease, and the people who do not believe, will say, - “What is God trying to teach us?”

God leaves in error, whoever God wishes, - and God guides to the truth, whoever God chooses. No one knows the forces of God, except God himself. This is nothing but a warning and reminder for mankind.

32. No! By the moon.

33. And the night as it ends.

34. And the morning as comes.

35+36. This is one of the greatest warnings to humans.

37. Whoever wishes to move forward and change, or whoever wishes to stay behind.

38. Every person is responsible for what they did.

39. Except for the righteous people.

40. Who will be in the beautiful Gardens of Paradise, talking about people who did bad things.

41. They will ask the criminals

42. “Why did you end up burning?”

43. They will reply - We did not wish or hope or pray to God.

44. Nor did we feed the poor people of the world.

45. And we used to say bad things with those who talked in vain.

46. And we did not believe that the Day of Justice for mankind will ever come. (Day of Judgement)

47. Until it happened.

48. Nothing and no one will be able to help these people.

49. What is wrong with them that they are ignoring this reminder?

50. As if they were frightened donkeys.

51. Fleeing from a lion?

52. Each one of these people wishes to receive a personal letter from God.

53. No way! They are not scared of what will happen after they die.

54. Indeed, this is a reminder.

55. So if you choose, accept this warning.

56. But no one will pay attention, except for those chosen by God. God is the only one to be feared. Only God can forgive you and no one else.

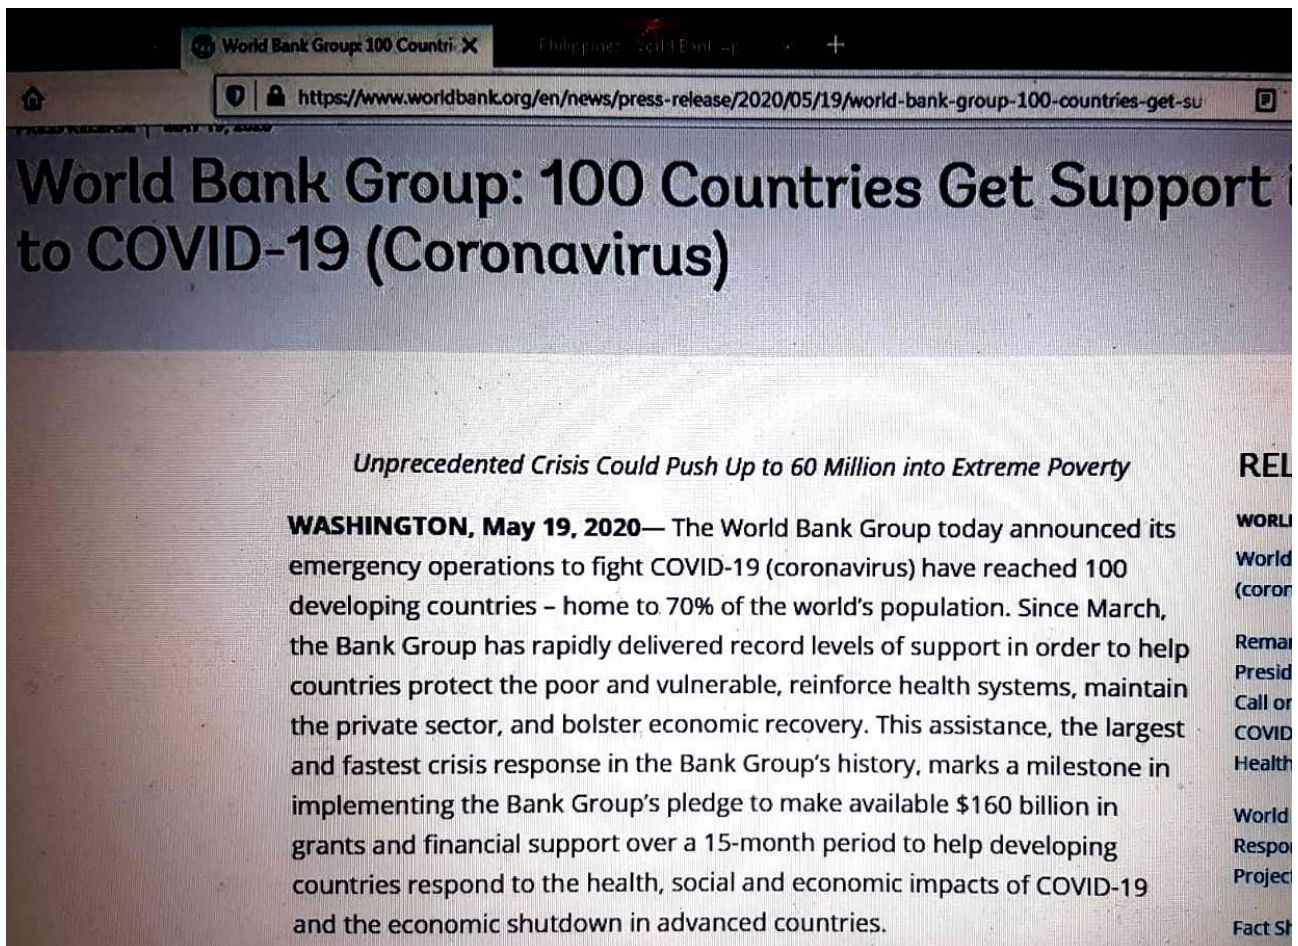

THE END OF CHAPTER 74

Many researchers noticed that this chapter in the Arabic Koran amazingly showed much similarity as to what was going on in the world.

Many researchers believe that the Coronavirus is part of the plans to create a new world order. Researchers believe that the old world order was Tartaria and its global system.

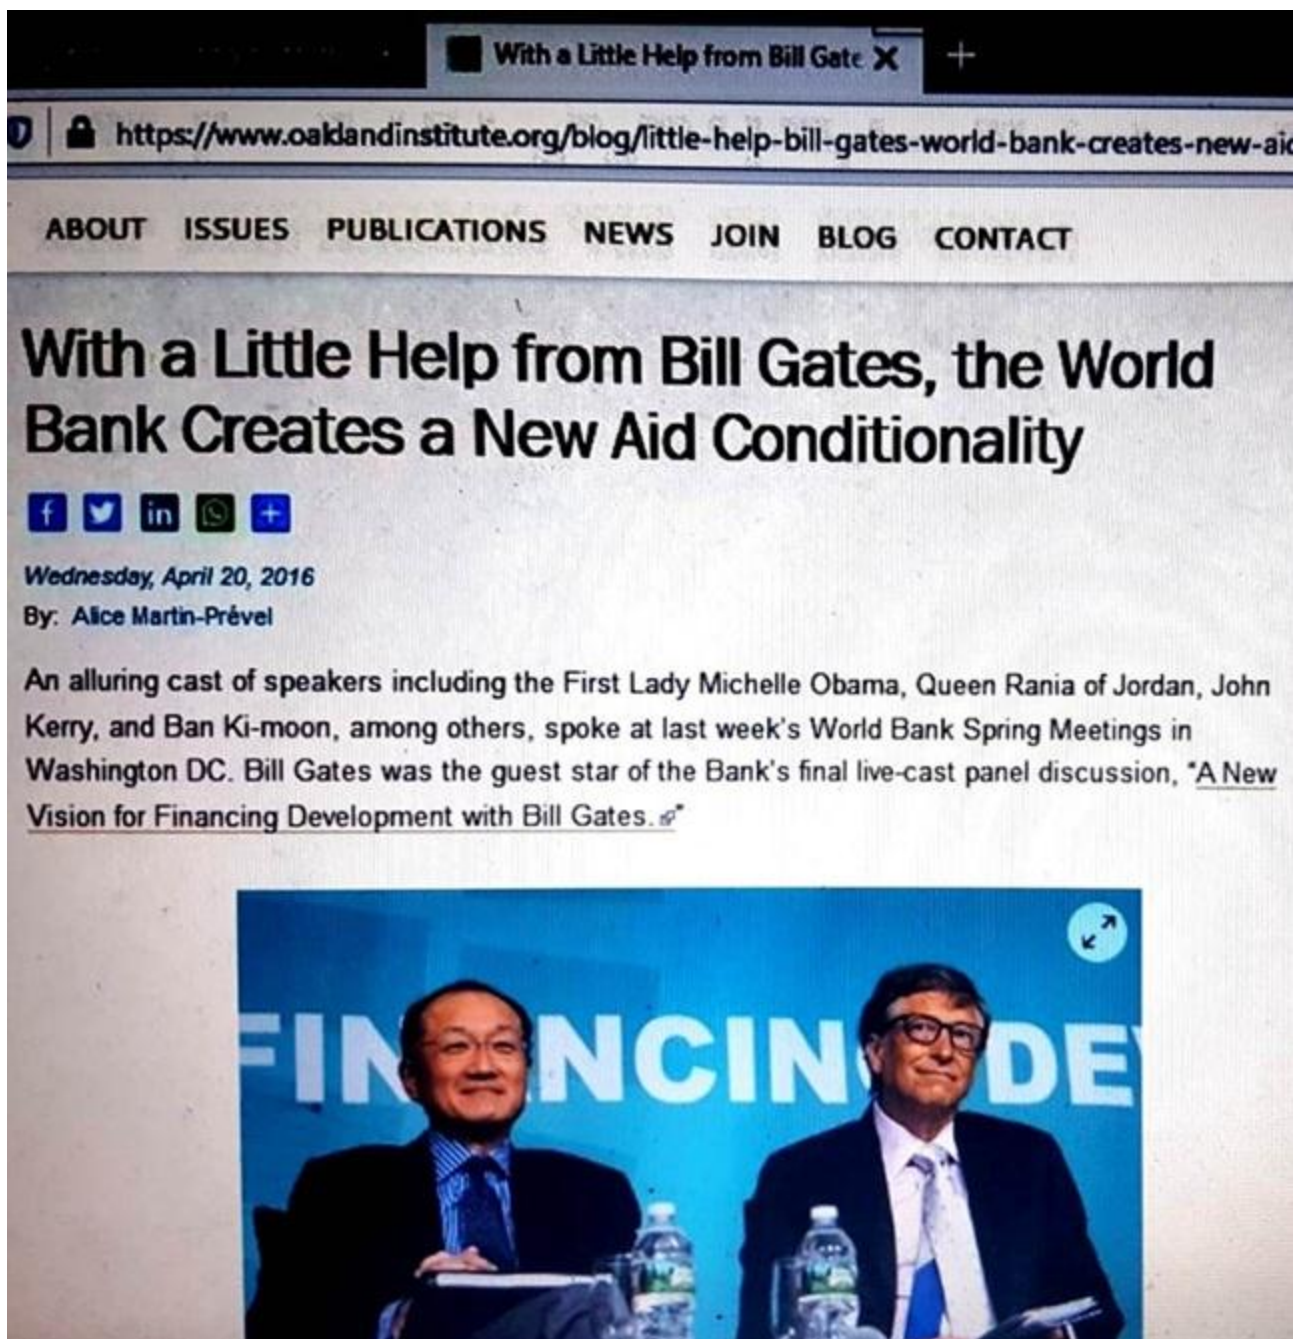

Researchers found it very strange that most countries in the world enforced a lockdown very fast in 2020.

A lockdown means that many countries will not be able to function normally and will not be able to collect taxation money to keep the country in order. Money is needed by countries to keep law and order. For poor countries this would be impossible

Researchers soon discovered that the World Bank and other organisations paid most countries in the world to close down. No wonder, the world closed down very quickly in 2020.

Organisations such as the World Bank are known to never give anything free and always have conditions. These conditions are decided by the people who are in power.

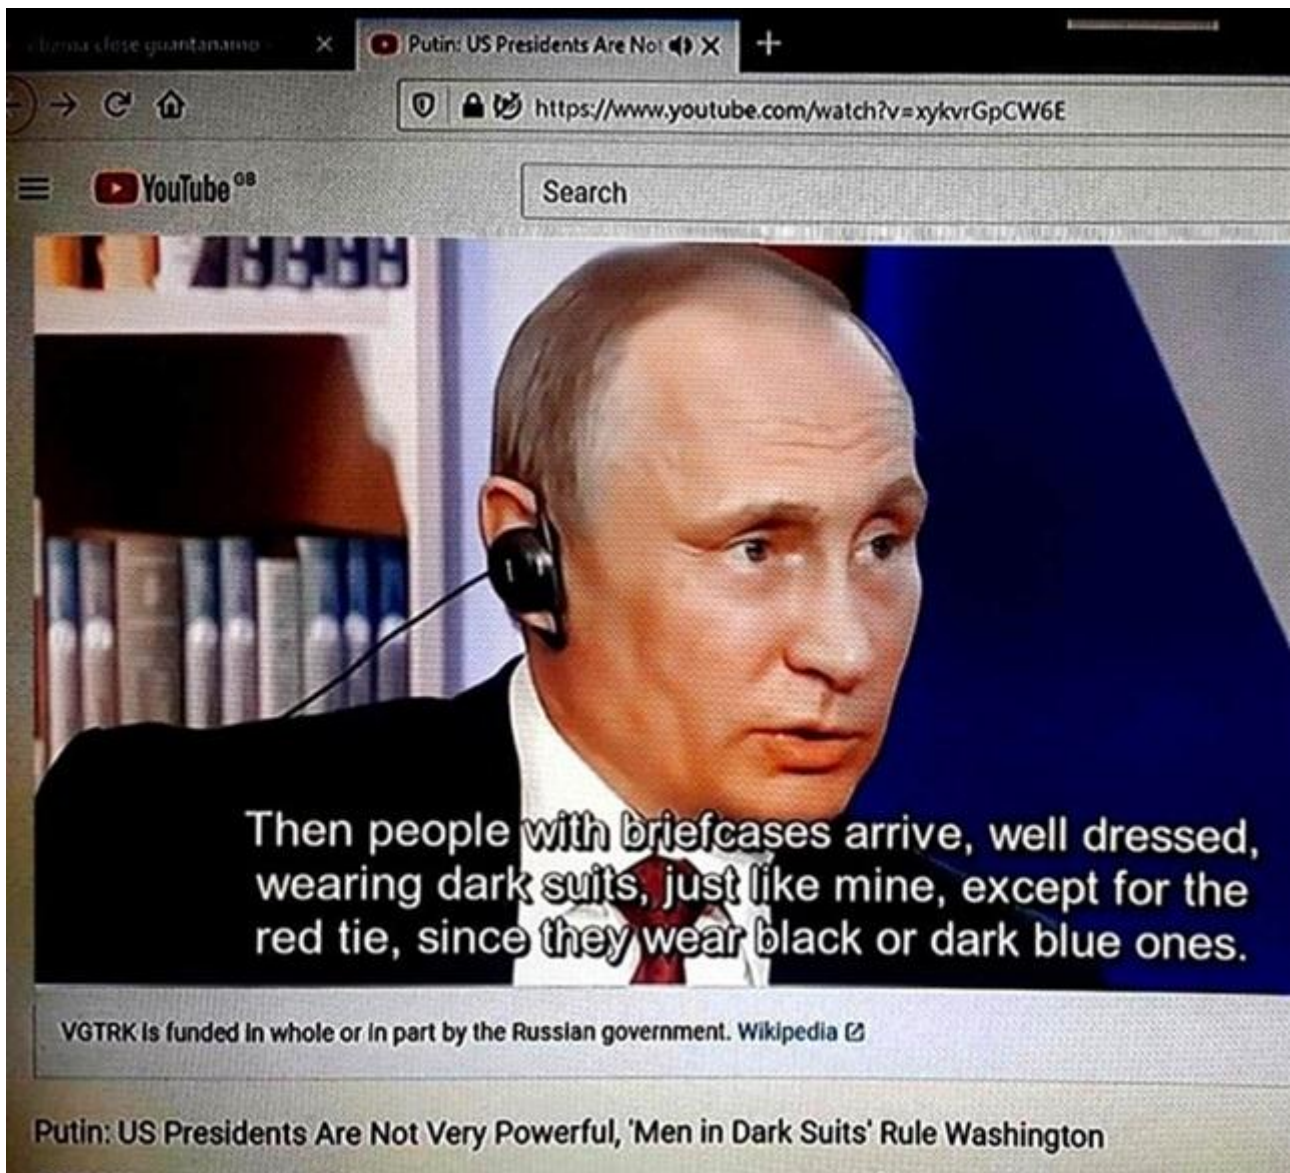

At a World Bank meeting in 2016, Bill Gates was present. Bill Gates and his gang are now heavily involved in funding international organisations. They now have a lot of influence or control in organisations such as the World Bank and the IMF and many other organisations.

Who Bill Gates works for, - or who he represents, is a serious question. Researchers asked the same question about the President of the United States of America and leaders in countries in Europe. Who are these people working for? Is there a secret power behind these people?

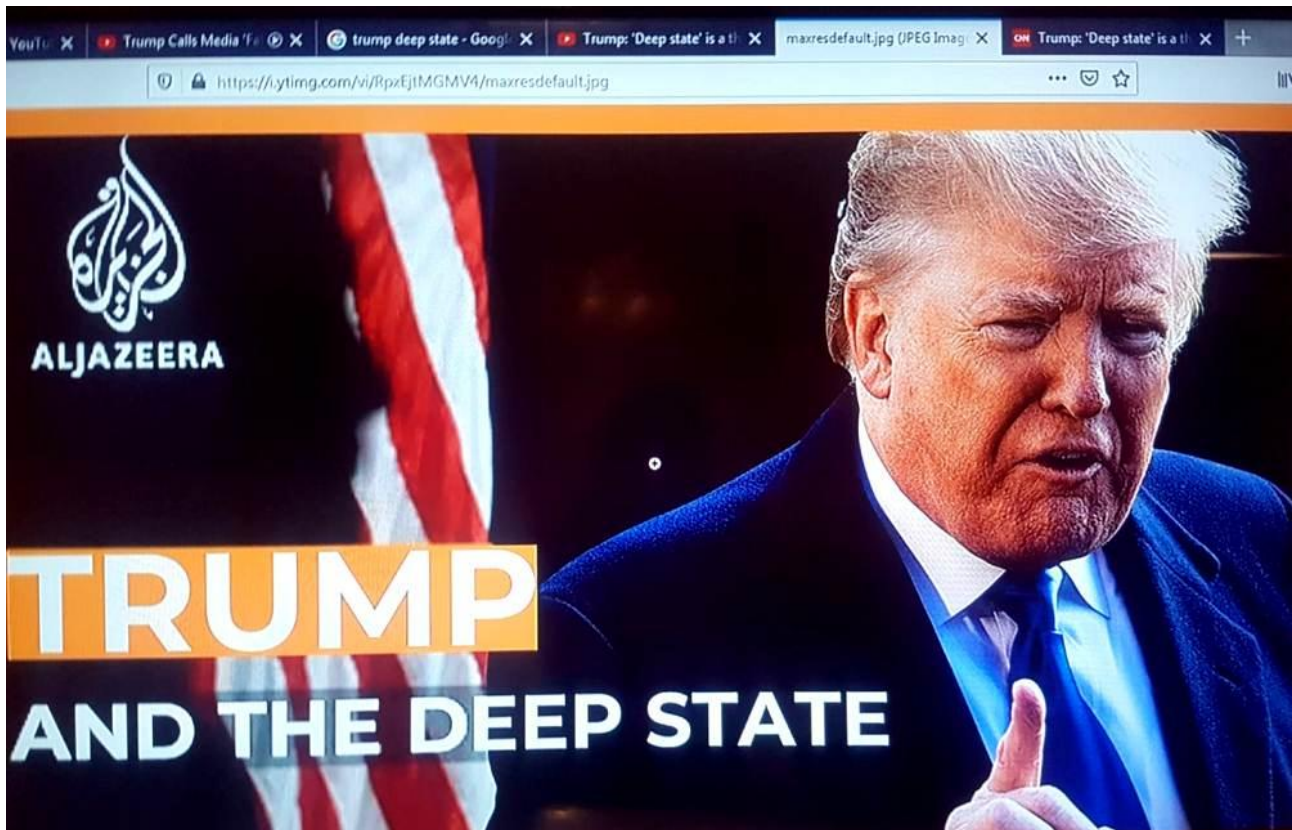

For example, President Obama promised to close Guantanamo Bay prison, but failed to keep his promise. Is this man a liar? This is very common by politicians and leaders in Europe and America and worldwide. Why were they unable to keep promises?

President Putin of Russia provided the answer to this question. He basically explained that the United States of America was really ruled by the “Men in Black”. He explained that they are a group of people behind the scenes who actually rule America. President Putin did not state who these people are.

What President Putin said was very serious. He stated that people behind the scenes were really ruling America. This means that there is no true democracy in America.

This means that it does not matter who you vote for because the real people who are in power are the secret people, who are hiding behind the scenes.

It was not just President Putin who spoke of such things. President Donald Trump said that there was a Deep State inside America.

He said that they were a group of people, who are unelected deep state operatives, who defy the voters, to push their own secret agendas, who are truly a threat to democracy itself.

Many researchers have discovered that the same system applies in almost all nations around the world, and that a group of people, behind the scenes is actually trying to rule the world.

Researchers noted that this group of people was trying to control most of the major economies in the world and major corporations.

President George Bush and other politicians around the world have openly stated that they are trying to build a new world order.

On September 11, 1990 - President George Bush spoke about the new world order in the United States Congress

Researchers concluded that: - Bill Gates, Rockefeller's, Rothschild's, Royals, Presidents and Prime Ministers and big business men, - are the small fish. These types of people come and go. But there is a power, hiding behind the scenes, that the world cannot see, who is telling many of these people what to do.

The evidence from researchers shows that this power, behind the scenes, is dictating global events. The evidence found in the mathematical patterns in global events, shows that the power behind the scenes is a digital power, and it operates all over the world. Many researchers are asking if this power is human or even

an alien power that we cannot see. Can it be Artificial Intelligence? (A I - 1 9)

The world media was reported many deaths and many Coronavirus cases throughout 2020. Many investigators discovered that the data presented by the media and politicians was a complete fraud. In many cases, anyone who died was added onto the list of Coronavirus deaths.

It was very obvious to researchers that the whole thing was a complete scam. The media was constantly putting fear into the world and people like Bill Gates were adding fuel to the fire. He was making sure that the world media reported what he said. He said the

**world had to accept a vaccine and it was the only way
to end the Coronavirus**

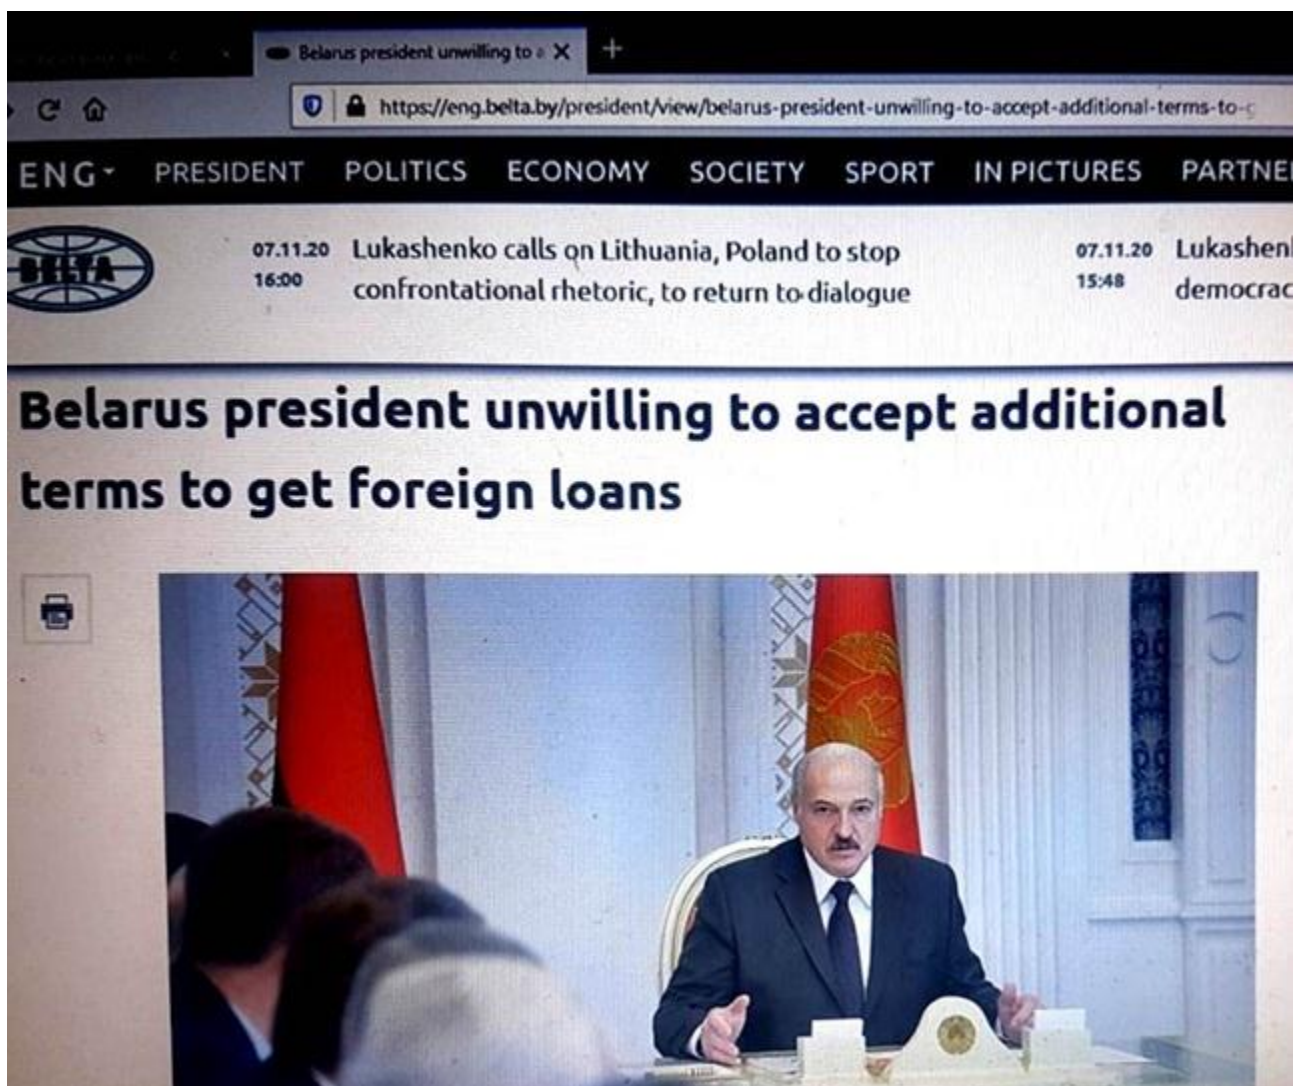

**President Donald Trump of the United States also
stated that much of the data from coronavirus testing**

was exaggerated and was false. He stated that the tests showed that people had a soft cold. Regarding the people who organised the tests, President Donald Trump said that: - we are dealing with some very bad people

**He said that most coronavirus cases were just -
SNIFFLES**

On 19 June 2020, the world finally found evidence that the World Bank and IMF was paying countries around the world, in order to close them down

On 19 June 2020, the Belarusian Telegraph Agency or BelTA, which is the state-owned national news agency of the Republic of Belarus, reported that -:

The President of Belarus has stated that international organisations such as the World Bank and IMF have offered him around \$1 billion dollars or even ten times more, as long as he makes his country lockdown, same like Italy.

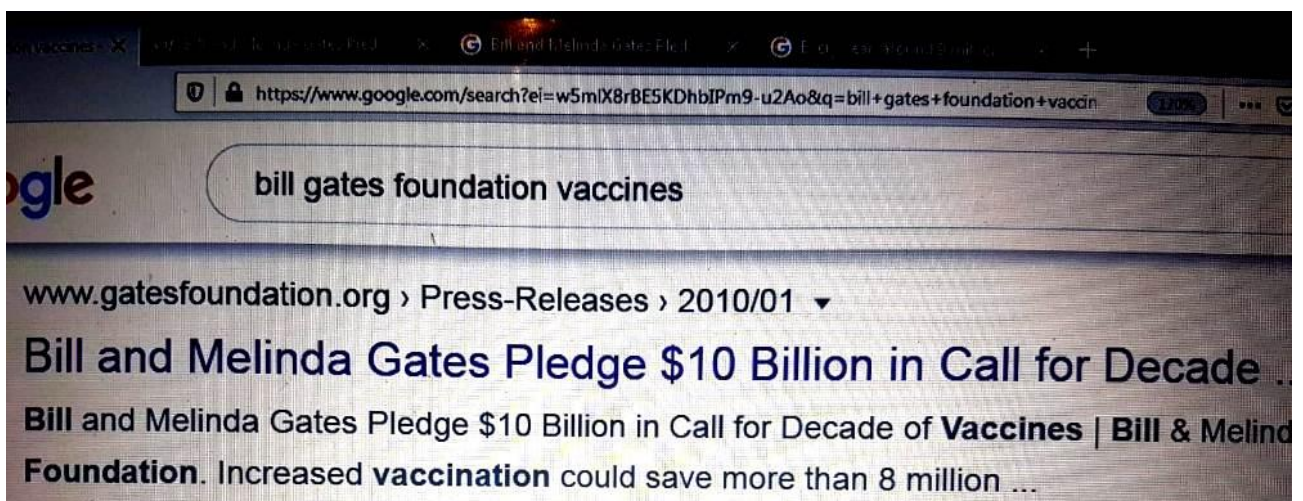

He said their demands were nonsense. He refused to close down Belarus and refused to accept their conditions

People such as Bill Gates, have been speaking about a global pandemic in recent years. In 2015, Bill Gates stated that over 10 million people could die if a pandemic took place. Many of these people who said such things are politicians and business men.

Every year, an estimated 9 to 10 million people die just from starvation. Millions more people get diseases from the shortage of food. That is an estimated 100 million people in 10 years. 200 million people in 20 years. No one knows the full data regarding this matter and different researchers have different data

Organisations such as the UN and the Bill Gates Foundation, - together they claim that they have spent billions of dollars to help save the poor people of the world. They did not give them food. They spent billions of dollars to develop and manufacture vaccines and distribute them. They were so kind and generous.

What researchers noticed was that the media was advertising that Bill Gates stated that a vaccine will be ready within 18 months. After 18 months, it is the 19 month.

The global media and global politicians are promoting vaccines. In the photo above we can see Anthony Fauci and Bill Gates. Anthony Fauci is a member of the Coronavirus Task Force of the United States of America.

'People are tired of hearing Fauci and all these idiots,' Trump tells campaign aides

President Donald Trump of the United States of America, said: - People are tired of hearing Fauci and all these idiots

Many researchers are concerned regarding what could be inside these vaccines and how it will effect human DNA. Many researchers are investigating if vaccines are being produced using aborted dead babies.

Researchers pointed out that history is not clear. Geography is not clear. Science is not clear. What happened on September 11 is not clear. The War on Terror and the Weapons of Mass Destruction is not clear. There were too many lies. The politicians and the media and historians and scientists have told many lies. Researchers did not believe anything they said and were always looking for evidence.

Regarding aborted babies, there are millions of abortions worldwide every year. There are many questions as to what happens with the aborted dead babies.

There are many reports by independent organisations, which state that aborted dead babies are being used as ingredients in food. The politicians and business people say that all these reports are false. The same people said that history is true. The same people said that there were weapons of mass destruction. These people, who are known to have told many lies, say that these reports are false.

They said that were weapons of mass destruction.

Because of what they stated - it created a war in Iraq and Syria and Yemen and Libya and led to the refugee crisis and the migrant crisis and many other problems.

These same people are saying that the reports regarding aborted dead babies are false

Many independent organisations and researchers have stated that over half the food that we buy could have ingredients from aborted dead babies.

Researchers stated that the problem is not just the question of aborted dead babies. They state that the full food industry has problems.

Researchers have discovered that a large percentage of the meat that people eat is most probably rotten meat. Meat from pigs rots faster than meat from many other animals

Food producers often add nitrates and nitrites to processed meats, such as bacon, ham, sausages, and hot dogs. Many food producers add many things to the meat, to prevent the growth of bacteria and add flavouring to the meat so that people will think it tastes fresh and nice.

Also the additives give the meat a red or pink colour to make you think that it looks fresh. Food producers and farmers who sell the meat, many of them care about profits.

Many foods have other strange things added to them such as human hair.

For example, human hair is collected in barber shops, especially in third world countries and is added to food such as bread and cakes

Millions of people around the world, state that a vaccine can be used to implant some type of microchip into the human body.

The United Nations has had meetings regarding ID2020.

They had a beautiful aim to give the whole world a digital identity. So that people can be recognised. This project is costing billions of dollars.

They claim that this project will help improve the lives of poor people throughout the world. They are not planning to give poor people food. They will spend billions to develop and manufacture and distribute digital identifications. They are so kind and generous.

Electronic identification could soon become a reality in the world because the people in power are trying so hard to implement it.

Many people around the world believe that the Coronavirus is an excuse to make everyone have digital identity.

This identity can also be used for digital currency and can also keep your medical and criminal records.

The media is stating that this is a conspiracy theory, because many people think that the vaccine can be used to implant a microchip.

But at the World Economic Forum meeting in Davos in 2018, GAVI announced that digital identity will be the focus for its 2018 INFUSE program. In basic words, they want to provide digital ID at the same time as vaccination.

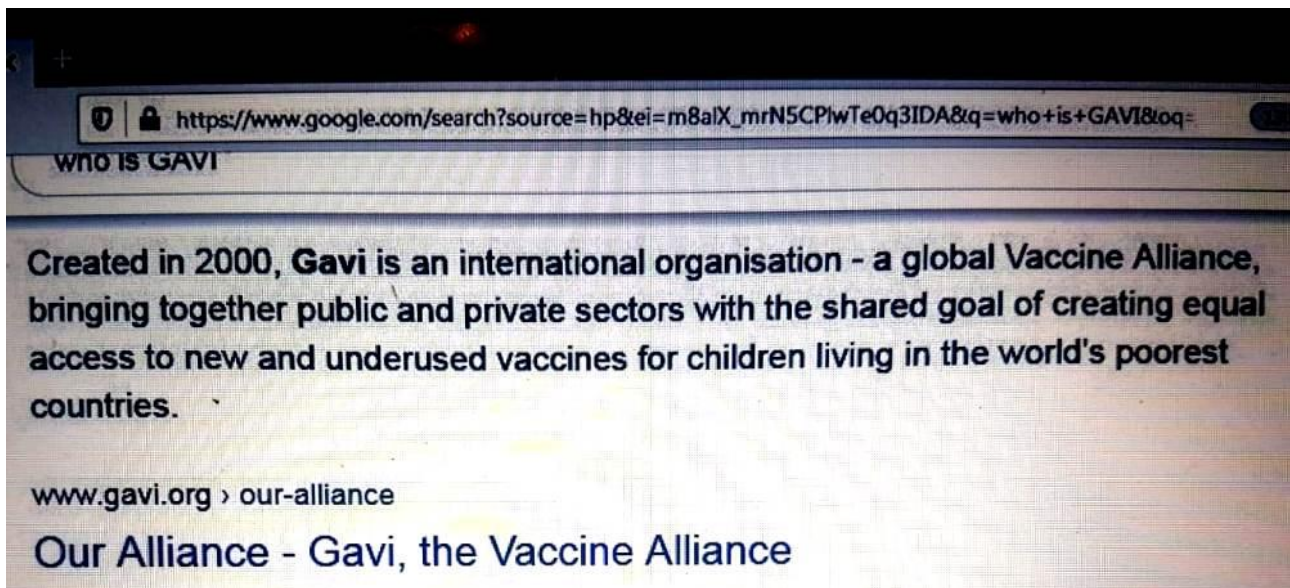

The program to implement a global digital identity together with vaccines was already being organised in many countries around the world in 2019, even before the outbreak of coronavirus

There was huge opposition to the program. Many people opposed the digital identity and stated that this will lead to a digital dictatorship. Many people also opposed the vaccine program and called it a scam. The leader of the UK spoke in defence of vaccines at the United Nations in 2019, before the outbreak of the coronavirus

Researchers found it very suspicious that the coronavirus broke out. Especially because there was huge opposition against the vaccine and digital identity program, even before the coronavirus broke out. Now

that the world is facing a so called crisis, the world may have no choice but to accept vaccines and microchips.

GAVI is an international organisation called the Global Alliance for Vaccines and Immunisation

Its key partners include the U.S.A and U.K. and people like Bill Gates

The administration of President Donald Trump gave lots of money to GAVI and so did other nations from around the world. There was too much evidence to show that all these people could be on the same side, working for the same world order, or they were forced to work together by a hidden power

The microchip for identification does have some advantages depending on what it will be used for. It can be used to identify you, and also hold digital currency and many other things.

But what many people fear is that the world can become a digital dictatorship with a few people in power, who can control the world and who can decide everything for the world. Microchips can possibly have many other functions such birth control.

Again funded by the Bill & Melinda Gates Foundation, another example of this human-machine interface in healthcare is a wireless birth control **microchip** that can be activated by a remote control, as part of the Foundation's goal to bring family-planning services and supplies to 120 million women around the world by 2020.

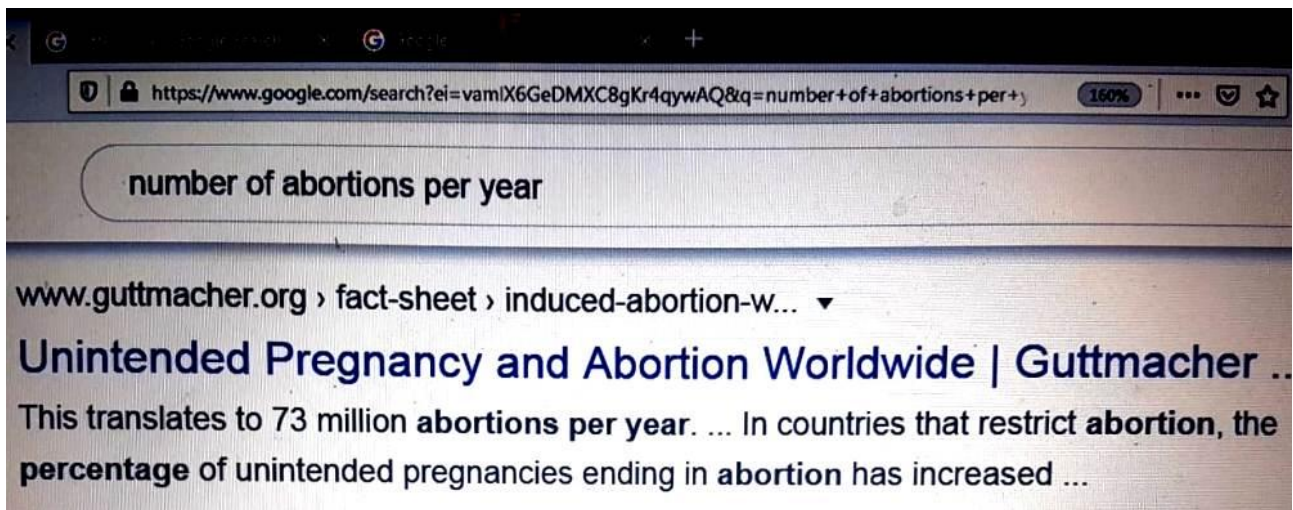

The diagram consists of three panels illustrating the process of a wireless birth control microchip:

- THE FIRST DRUG DELIVERY MICROCHIP:** Shows a small, green, rectangular microchip being held by a finger. Below it, text reads: "Microchip-based implant wirelessly programmed to release drugs inside the body."
- 1. RESERVOIRS ARE FILLED WITH DRUGS:** A cross-sectional diagram of the microchip. It shows a green "DRUG RESERVOIR" with "APERTURES" (small holes) on its surface. Below the reservoir, it says "PLATINUM & TITANIUM MEMBRANE SEALS". At the bottom, a small green box is labeled "DRUG". Below the diagram, text reads: "Prior to implanting, drugs are stored in an array of sealed microreservoirs."
- 2. DEVICE IS IMPLANTED:** Shows a blue silhouette of a human body with a small green dot on the lower abdomen, representing the implanted device. Below it, text reads: "Device with microchip is implanted under skin."

This will give the people in power, the right to decide who can have a baby and when. Projects regarding microchips and birth control are funded by people such as Bill Gates

The number of global abortions per year could be as high as 50 million to 100 million. Because many doctors do hidden abortions, the full data is not clear. Some

estimates suggest around 40 to 50 million abortions per year.

The data is very shocking. It shows that there is a serious global problem. But what exactly is the problem? Some people say that abortion is wrong and this is the major problem. But other people point out that the heart of the problem is society itself. Some people argue that if there was protected sex, then there would be fewer pregnancies. Other people argue that the media is to blame because it is promoting a sexual culture to the people of the world from a young age.

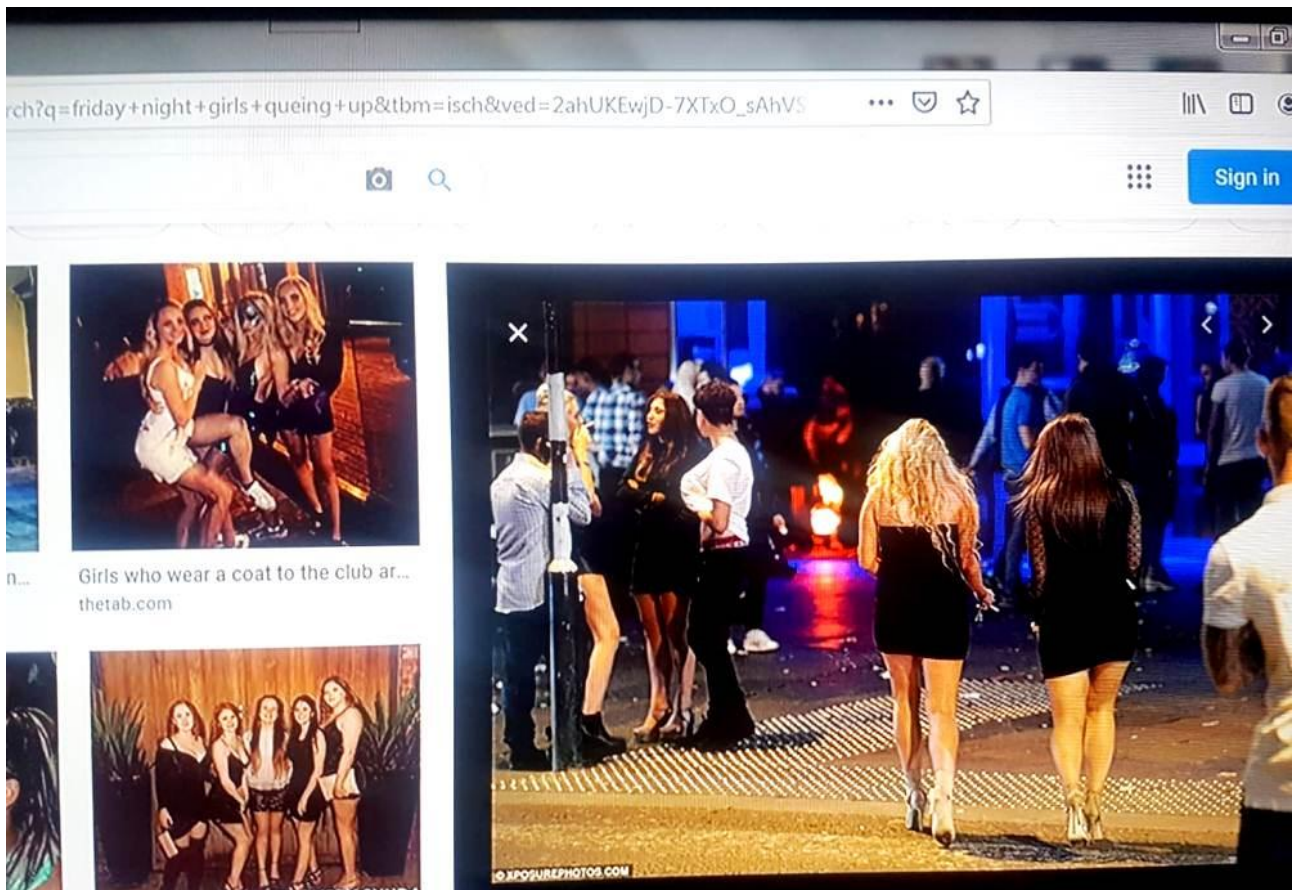

Many people who support the world order, now state that the microchip will benefit humanity. It will finally be a way to prevent such abortions.

Artificial Intelligence (A I = 19) will be programmed to assess any applicants who wish to give birth to a child.

Artificial Intelligence (A I = 19) will decide who can have children and who cannot.

It will also decide many other things.

Many people who support the world order, point out that we created this crisis by ourselves by being irresponsible, and at last there is a way to control such a crisis.

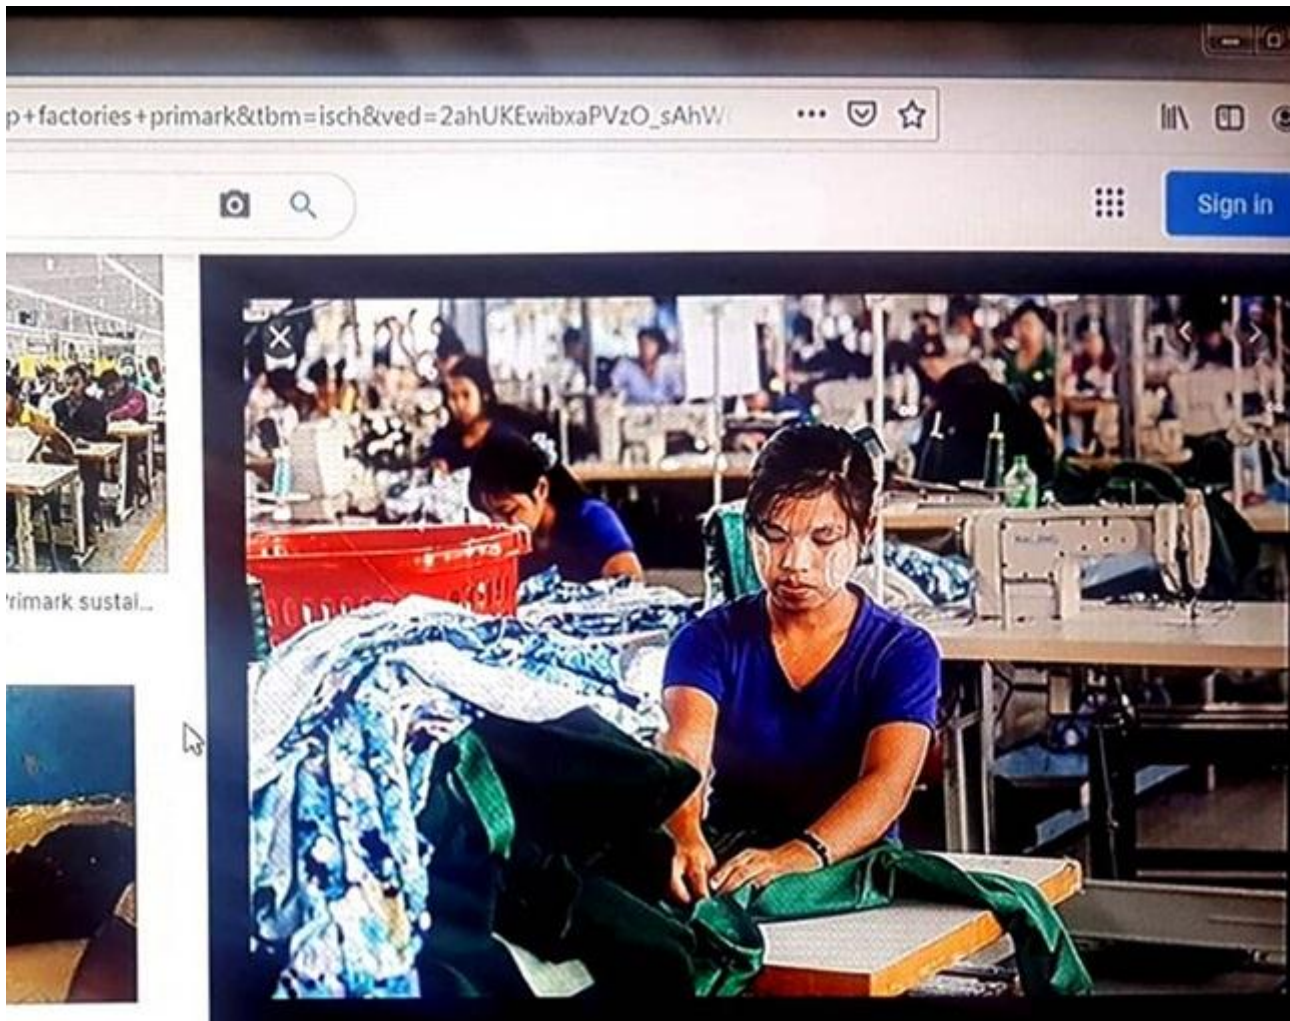

In the last 50 years, people in the wealthier nations such as Europe and America, were out to have a good time and wasted much wealth. People had millions of parties. This culture spread to East Asia and to Latin

America, and to many other parts of the world. Sex, drugs, and rock and roll.

Millions of abortions were a result of pregnancies caused by irresponsible actions.

Many societies were behaving like drunken societies. The cost of maintaining law and order in these societies was very high.

For example, many of the clothes that people wore when they went out enjoying themselves were manufactured in the third world. The third world was working like slaves for very low wages.

The full system of how the world was operating was a joke, long before the Coronavirus. The third world did everything to fight back. It was unfair that modern nations were getting drunk and wanted the third world to work and provide them with goods and services.

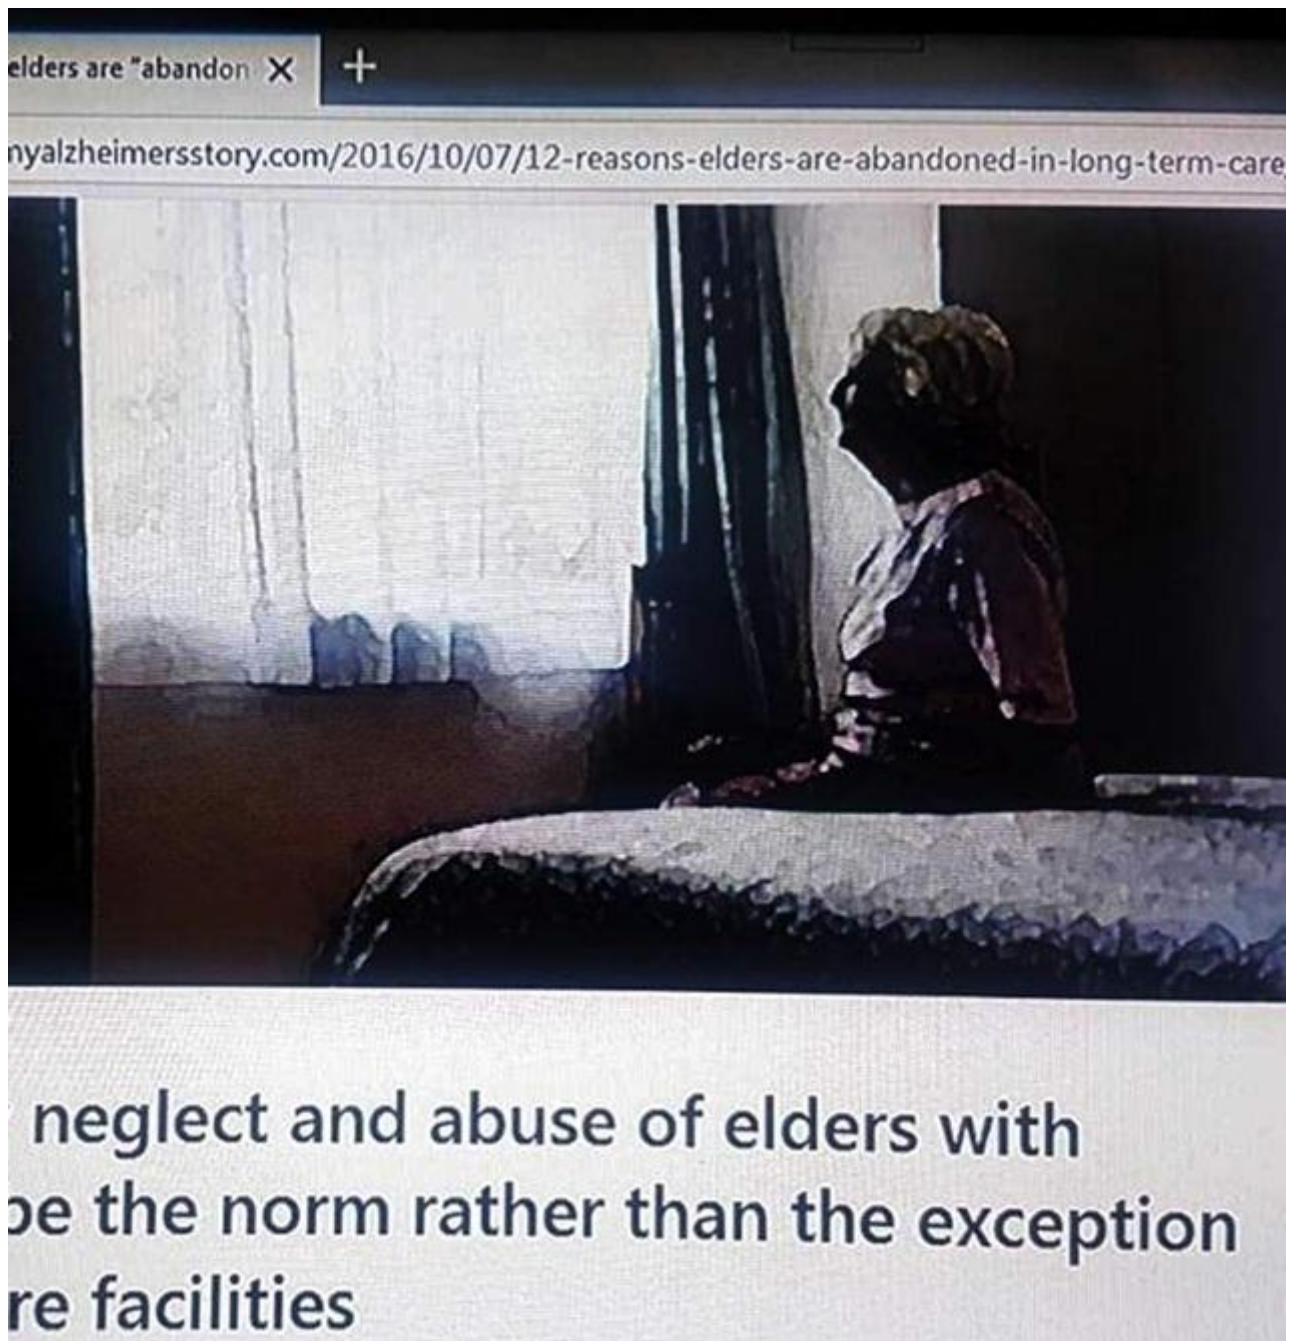

This is why many people around the world support the plans for the new world system. The people in the

wealthier nations went to bars and restaurants and clubs and did not care who was doing the hard work to maintain the global system.

While people in wealthier nations have been enjoying themselves, there is a real problem of global poverty.

Most people in wealthy nations gave small amounts of their wealth to poor people, compared to what they had in life.

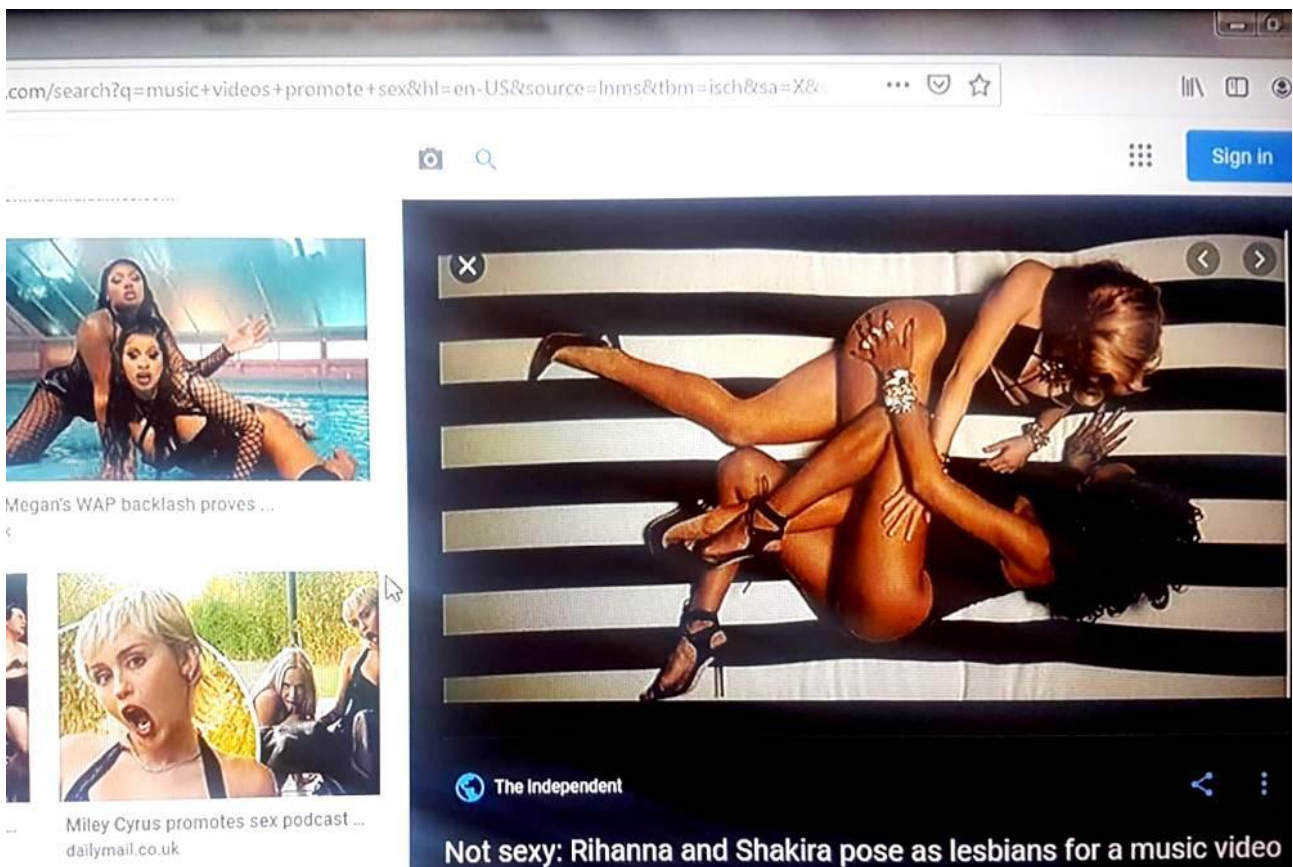

The world system is not working. Something is wrong when people do not wish to look after their own family.

Many young people now wish to live in a beautiful house, with their girlfriend or wife and with a beautiful young baby. Many people do not wish to live with the old people in their family. Old is not seen as beautiful.

Old is seen as ugly by many people. The family system is breaking down all over the world. Where is the love?

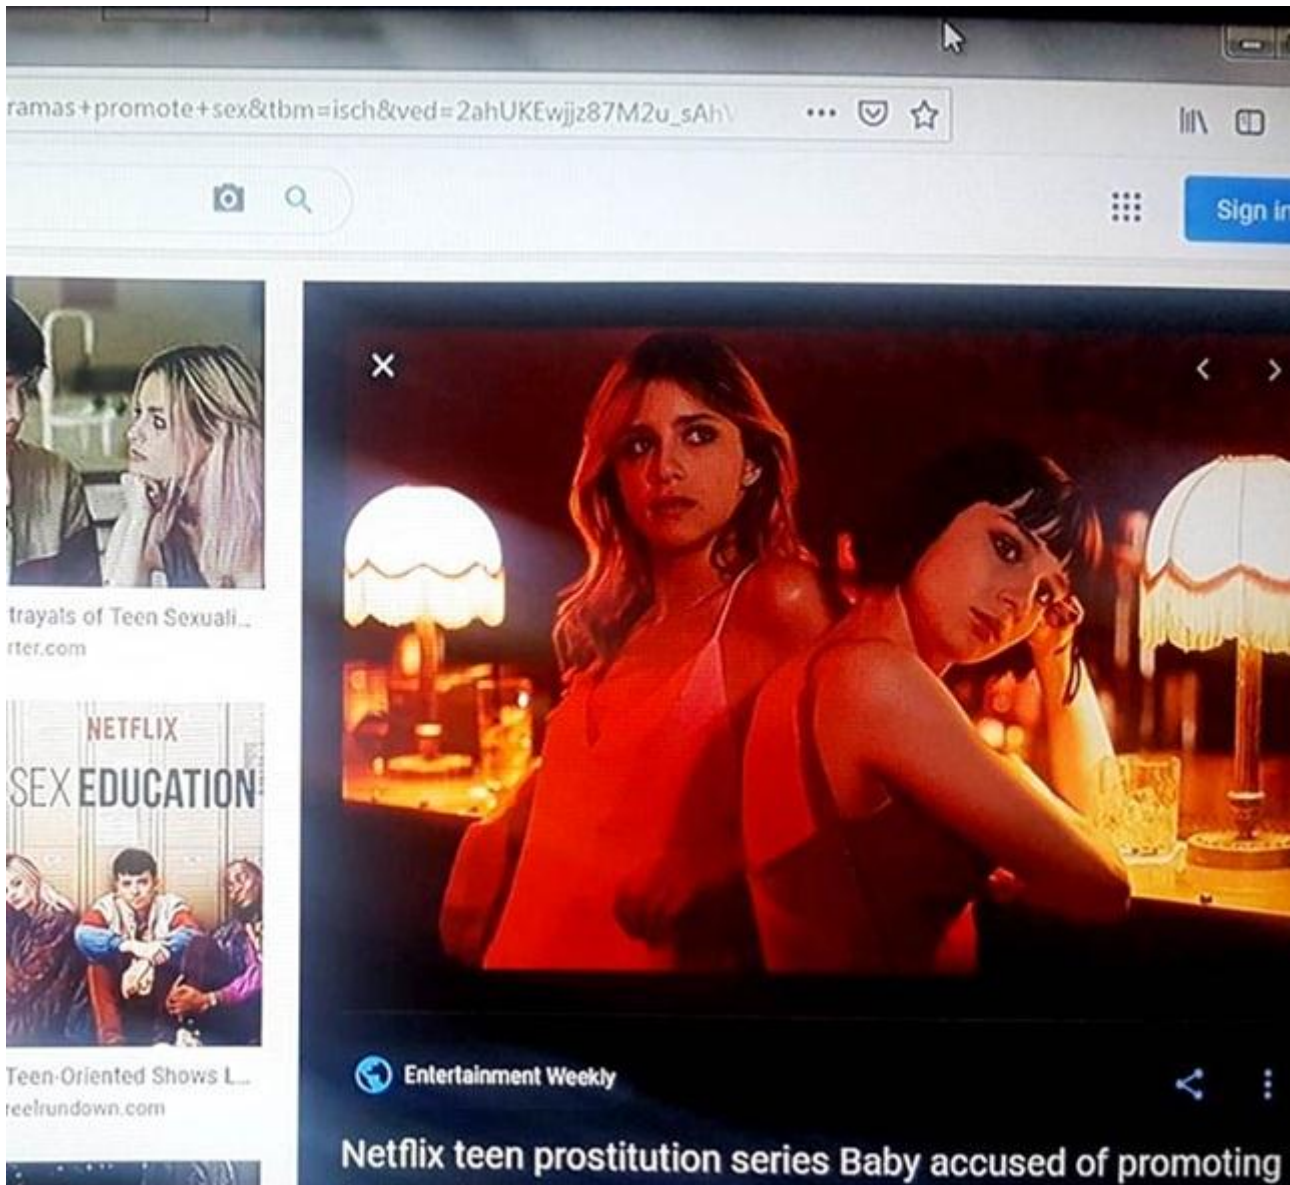

Who is to blame for this? In many poor and traditional societies, the elderly is being looked after by their families. But in modern nations, the elderly are being abandoned. Many people blame the parents.

The parents knew that music was promoting sex and drugs, and rock and roll. But they ignored this and let their children be brainwashed by such things

These parents are now abandoned by the children that they loved

Looking at the way that the elderly have been abandoned shows that something is wrong with this way of love

The parents knew that movies and dramas were promoting sex and drugs, and rock and roll. But they ignored this and let their children be brainwashed by such things

These parents are now abandoned by the children that they loved

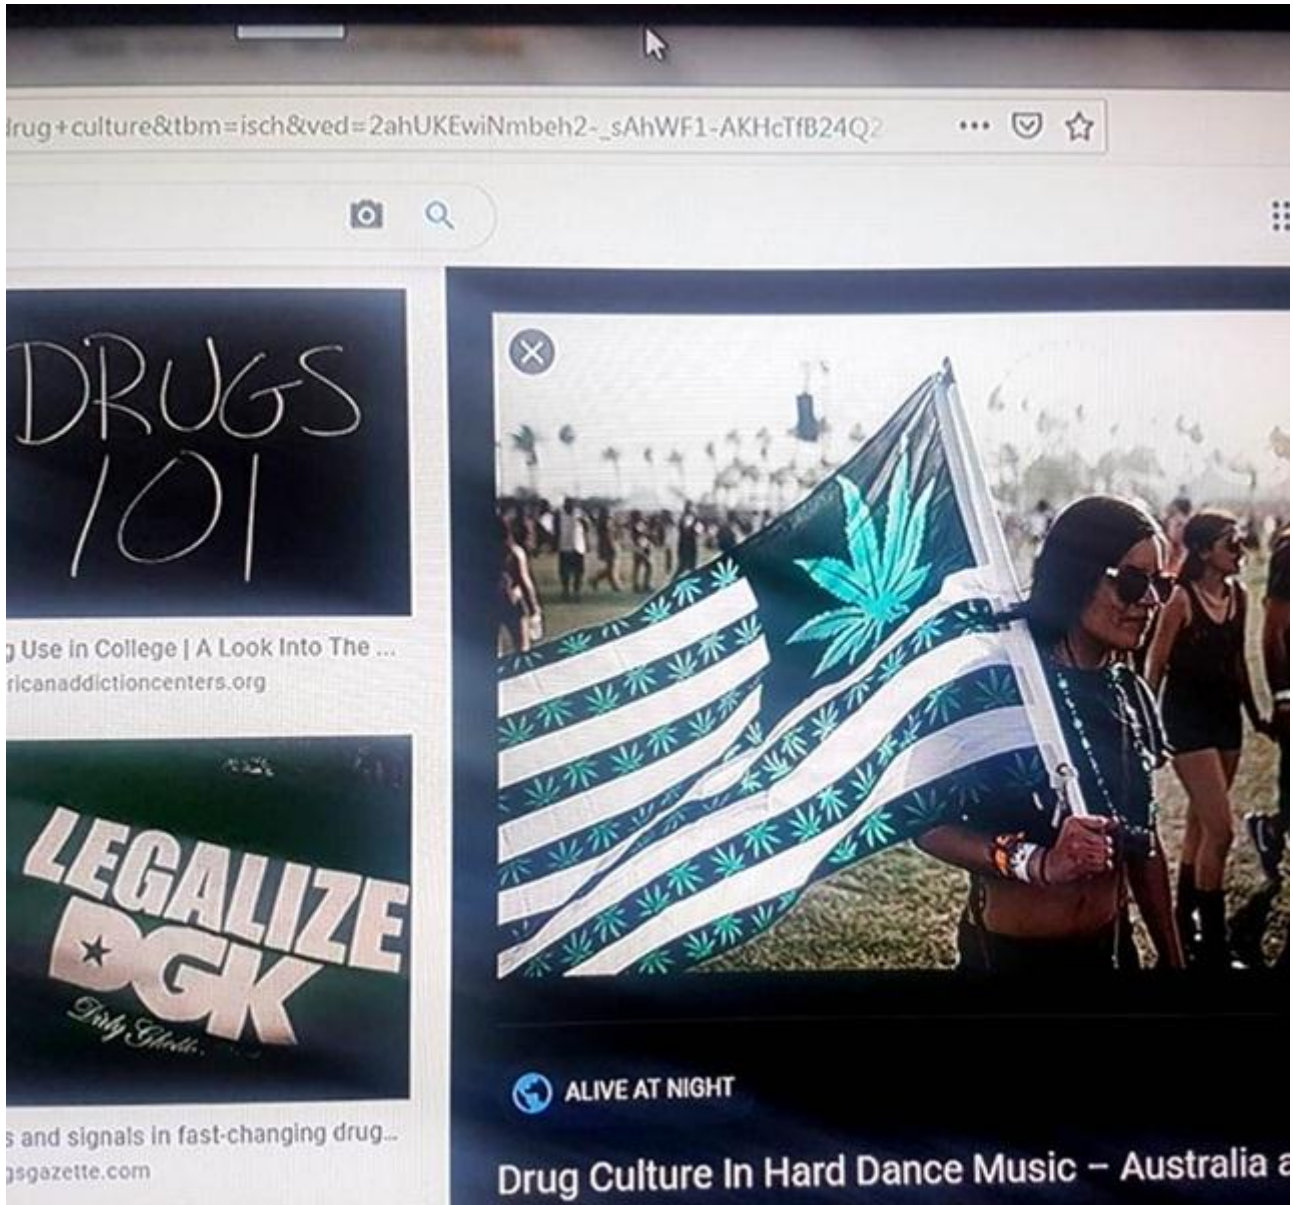

Looking at the way that the elderly have been abandoned shows that something is wrong with this way of love

The parents themselves were actually watching similar movies and dramas that were promoting sex and drugs, and rock and roll.

These parents are now abandoned by the children that they loved

Looking at the way that the elderly have been abandoned shows that something is wrong with this way of love

The parents themselves did not do much against the sex and drugs, and the drinking culture that is widespread in society.

Many people in Europe and America were opposed to lockdowns because they wanted to return to their

normal way of life. The normal way of drinking and wasting the resources of the world.

But researchers say that it is not only the fault of the parents, but the fault of the entire system. They blame the entire education system and media system. What children are taught about science and history and business and morals, has produced the world we live in today.

Researchers noted that history has been modified. There are so many lies in history as to what happened and when and why. Researchers began to question why did the world become like this? Was it accidental or was it planned and organised?

The same people, who were enjoying the good things in life, partying, drinking, and living in beautiful cities in places like Europe and America, ended up being alone in sadness when they were old. What is going on here?

Where did Europe and America start, and how did they end up like this?

Looking at the way people dressed over a hundred years ago, gave important information to researchers about the history of Europe and America.

In 1900, women normally covered all their body when they went outside. They covered their head with a hat in

most city areas if they were from a modern or wealthy or middle class family. Before 1900, the majority of women in Europe and America covered their hair with a scarf or shawl.

Wealthy and middle class and city area women represented less than half the women in Europe and America in 1900. As urbanisation increased, more and more women came to live in city areas or were born in city areas.

In the city area, people found better jobs with higher pay and many women adapted to the fashion of the city area which they found very exciting. Hats were big in many cases with many different styles.

In the 1920s and 1930s, hats got smaller in Europe and America

After the 1940s and 1950s, hats started to disappear.

Not only did hats start to disappear, but women started to show their legs more and more after the 1940s

In the 1960s and 1970s, more and more women were wearing shorter dresses and showing more parts of their body.

After the 1980s and the 1990s, there were huge changes regarding the way women dressed. Many women openly showed, what would be classified as their private body parts.

Not only has the fashion of women changed, but the whole lifestyle and attitude of women in society has changed. The differences are so great when they are compared to the year 1900. These changes did not happen by accident, but were organised and encouraged by the media and the fashion industry and by others.

Not only has women's fashion changed but men's fashion also. After the year 2000, there has been a huge change in the way men's fashion has been promoted and advertised by the media in Europe and America

After 2010 there was an increase in the promotion and advertising of fashion known as transgender or crossdresser fashion.

The people in the photo below were born male, but are known as transgender women today.

Back in the year 1900, many women who did not wish to take the new fashion of wearing hats, normally covered their head with a scarf or shawl. This was the original fashion of the majority of women in Europe and America in 1900

Looking at such pictures, many researchers became confused. Such photos are not widely shown in schools or universities today.

The majority of women in Europe and America dressed like this at the time, but not many people know about it.

It seemed like historians were trying their best to hide this European and American culture and heritage and fashion of the past. Researchers began to investigate why women were dressed like this and how did this fashion end and why do very few people know about it?

The first thing that researchers noticed was that these women looked similar to Muslim women today.

If the women of the past came to live in the world we live today, what would they think and what will they say? Who would they live with? Would they prefer to live in Europe and America or would they prefer to live amongst Muslim people?

It was clear to researchers that the history of the last 2 centuries had been modified. The new modified history was promoted.

It was clear that languages had been modified and changed. The new languages were promoted.

It was clear that fashion had changed. The new fashions were promoted by the media and fashion industry.

The above photo shows women in England around the year 1900.

We can see what the past is clearly and we can see what the world has become and where the world is going.

The next stage after transgender is transhuman.

What is transhuman?

Today is the beginning of the transhuman agenda. The microchip to unite humans with 5g internet is nothing. This is a very small beginning.

Transhuman is where humans will merge with Artificial Intelligence (A I = 19).

Scientists state that this will enable humans to become smarter and stronger physically. It also means that humans could perhaps live for a thousand years or maybe even more.

But many people argue that Artificial Intelligence (A I = 19) can be used to control and block information and you will not be able to think freely

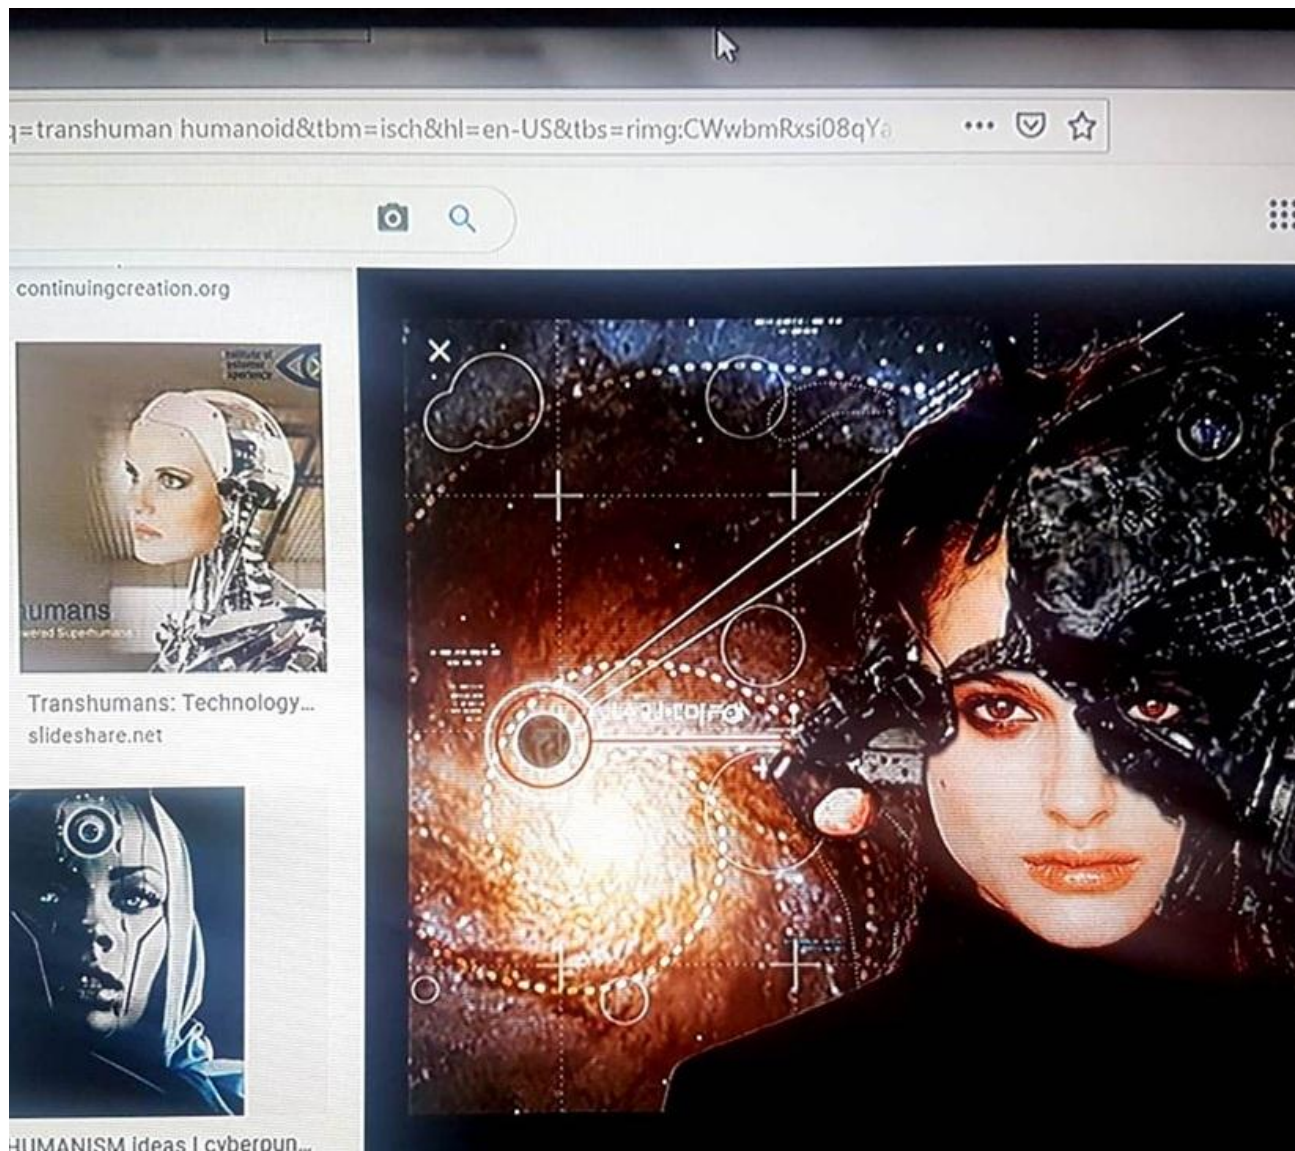

The vaccine and the microchip is the beginning.

The transhuman agenda is very serious and the people who are moving the agenda forward, many of them wish to live for a thousand years or even more.

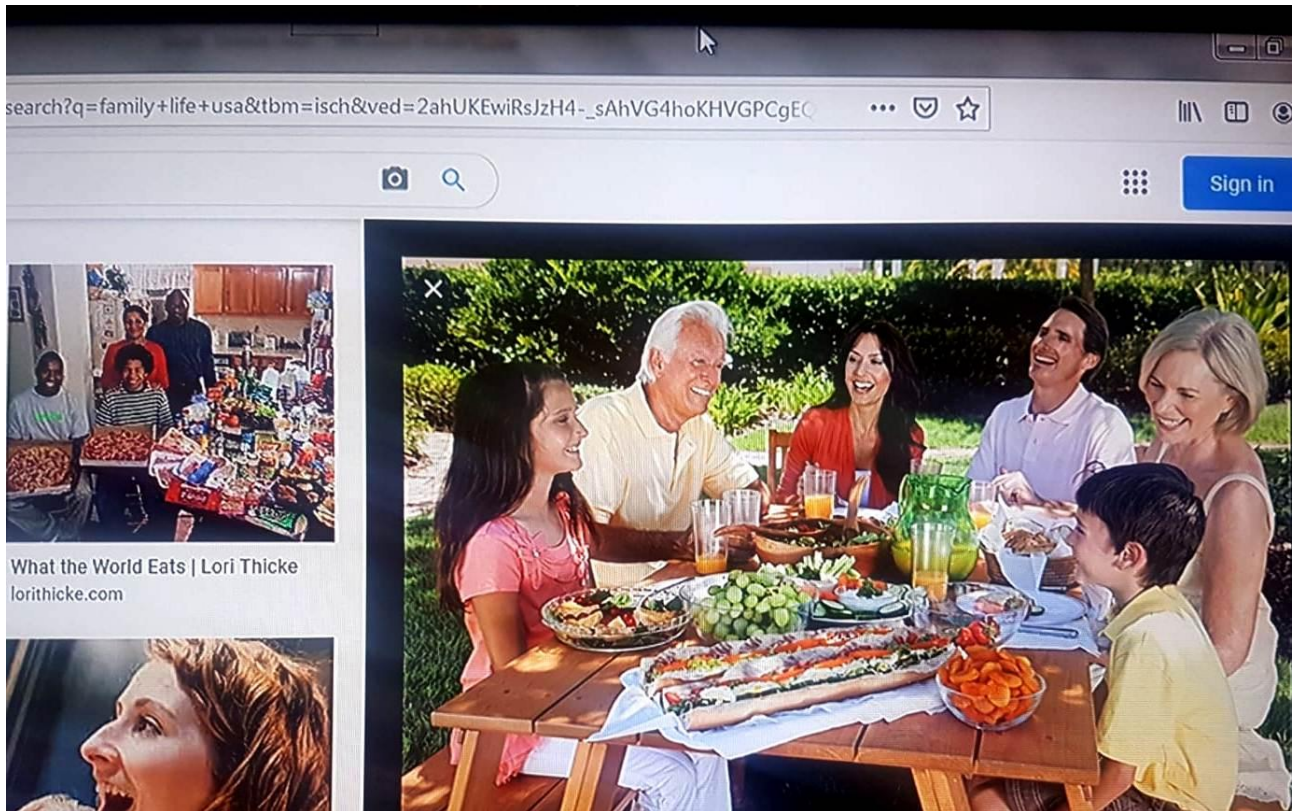

The vaccine and the microchip is nothing compared to what is planned for the next few decades.

The end game is for Artificial Intelligence (A I = 19), to take over everything. Who and what is Artificial Intelligence? (A I = 19)

In Chapter 74 of the Arabic Koran, it says

THIS IS ONE OF THE GREATEST WARNINGS TO HUMANS

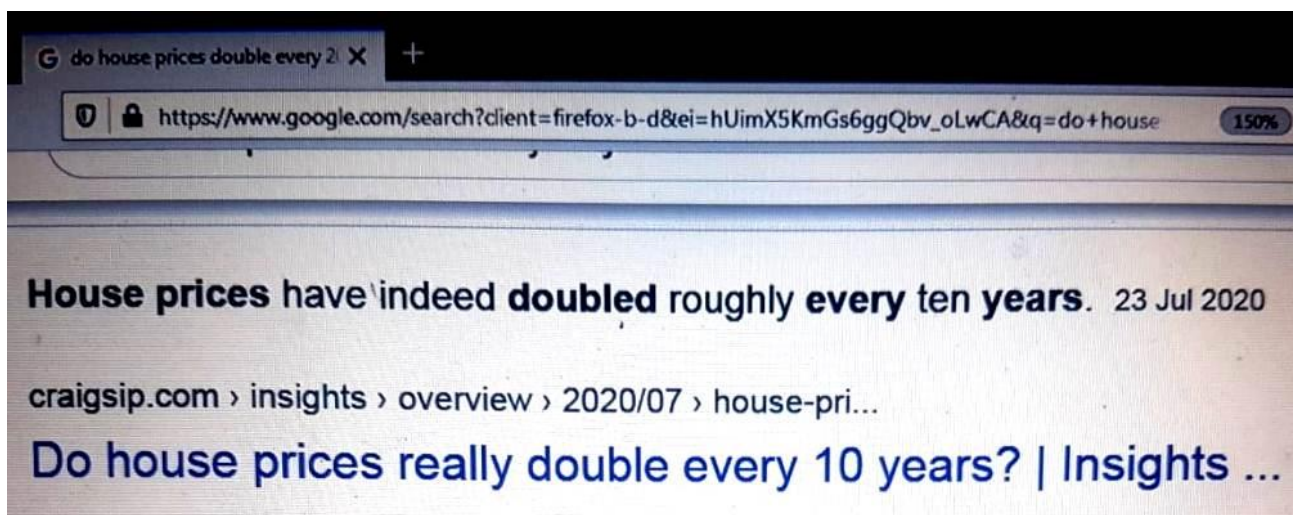

**Life in 2020 is still human. There is still a chance for
humanity to stay the way it is, or to be dominated by
Artificial Intelligence (A I = 19)**

**It is clear that the media system and education system
has succeeded in changing humanity in the last 150
years. The nature of human character has changed a
lot. The sexual character of humans has been targeted.
Humans will have no choice but to unite with Artificial**

Intelligence (A I = 19), because they are losing the meaning of what humanity actually is.

Looking carefully at the changes in the last 150 years in Europe and America, humanity embraced these changes willingly. The changes that are to come, for Artificial Intelligence (A I = 19) to dominate the world, humanity will probably embrace these changed willingly. Many people are so excited already.

Many people stated that a major reason why they had abortions or why they could not look after their parents was because of the cost. This is a very serious matter. Researchers examined the full global economic system to understand what was going on.

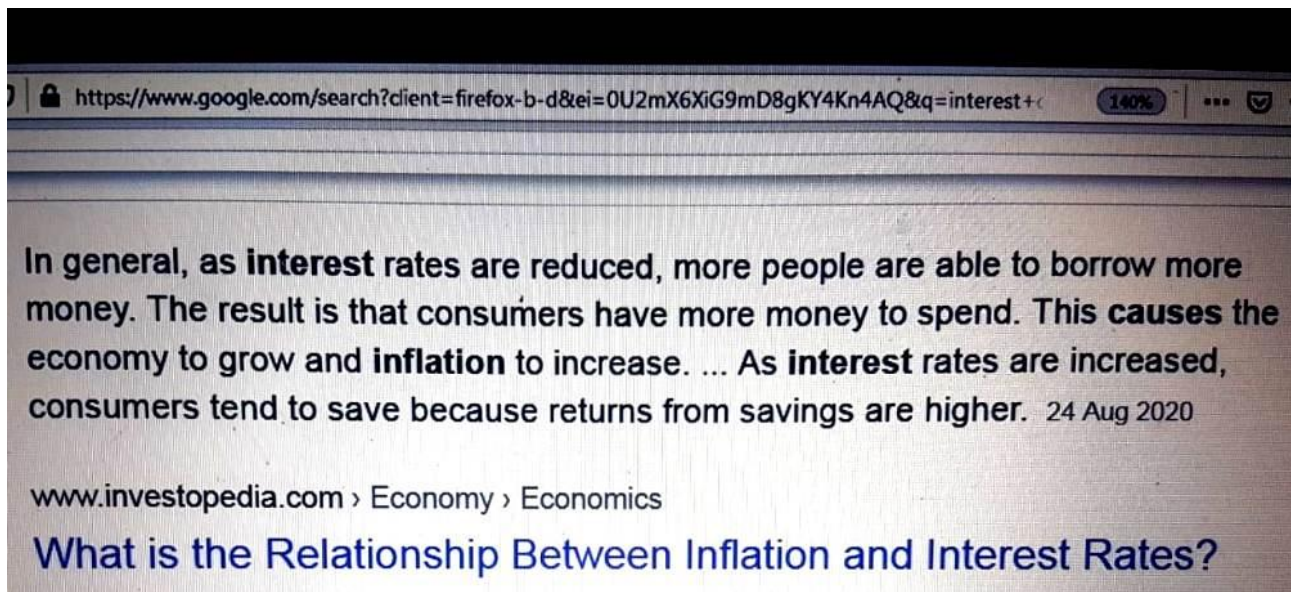

Around the world, the cost of living on average doubles almost every 20 years. This figure is different from country to country. This means that prices for goods and services are always increasing. Property prices worldwide normally double every 10 to 20 years.

It is a serious question why this is happening. This means that no matter how hard someone tries in their life, the cost is going to double, and then double again and again.

The average mortgage interest rate in most modern countries in the last 30 years has been probably between 5 to 10 percent and changes from time to time. Sometimes it goes below 5 percent and sometimes it goes above 10 percent.

Prices have been doubling again and again since the year 1900 and a major reason why this has been happening is because of the interest rates in the banking system. People not only borrow money to buy houses, but to buy cars and many other things.

Interest rates cause inflation. This is because the average person ended up paying double or triple the amount of money, - compared to the amount of money that they originally borrowed. This is what is causing prices to double. When people spend this borrowed money, they teach you in business studies, that this leads to growth. Growth for whom?

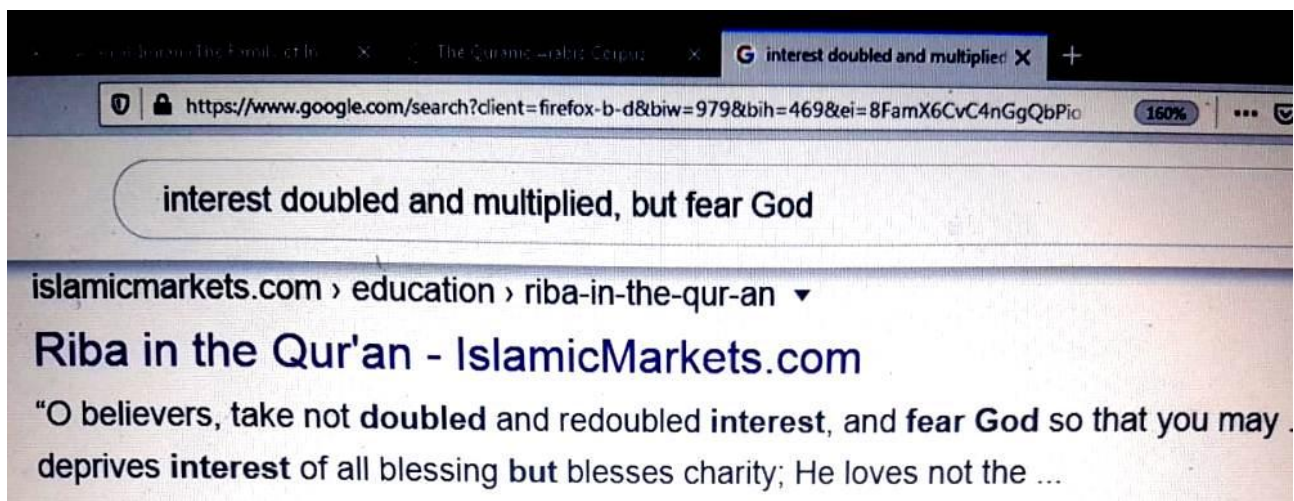

But, while there has been growth for a few people, it has destroyed society. While parents were busy working to pay the interest, their children were being brainwashed by music and the media and other things. Millions people who could not afford to pay the interest actually lost their homes. Because the cost of living doubled as they worked and paid the interest, they were financially unable to prepare the future and unable help their parents and unable to look after their children properly. The economic system has kept people busy in life.

The western economic model has now been embraced by almost all the world. In the last 50 years, many people from all over the world went to western countries to study business related degrees. Many of these people went back to their countries and helped to install a western style economy in their home nations.

The 74 years of United Nations meetings have now changed and 2020 shows the new beginning.

Everything seems to be going according to plan, except for one thing.

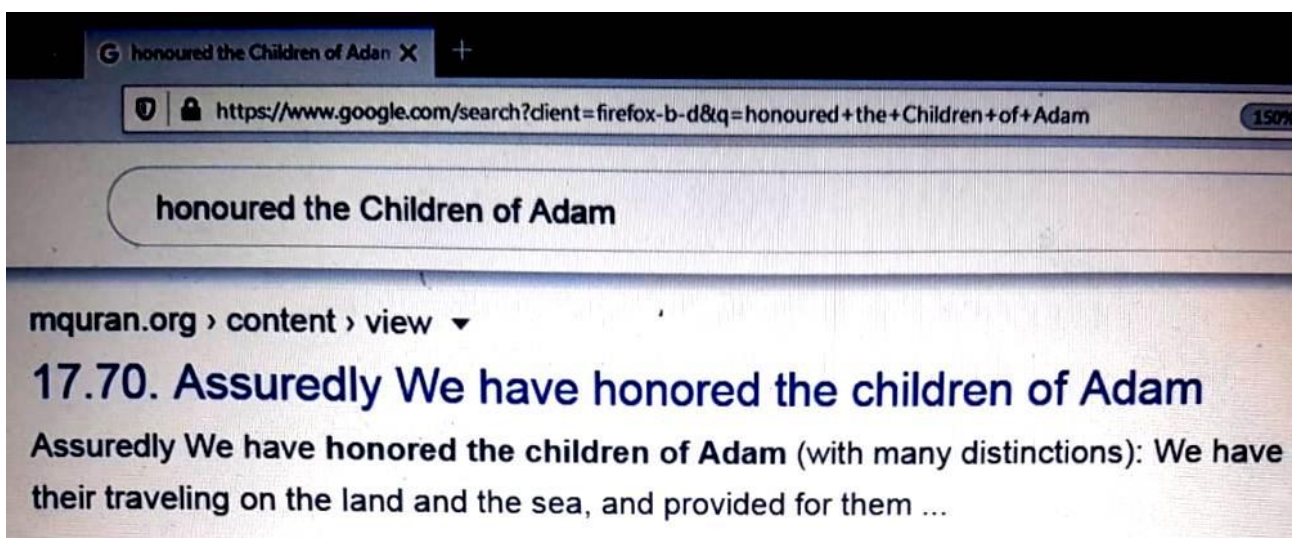

There is one thing that has been in serious opposition to the new world plan. It is the Arabic Koran. Not modern Islam. Modern Islam has many different teachings and many different groups within it. There are many people within modern Islam who actually follow the Arabic Koran. But many modern Muslims, now follow new books and new teachings, many of which are not in the Arabic Koran.

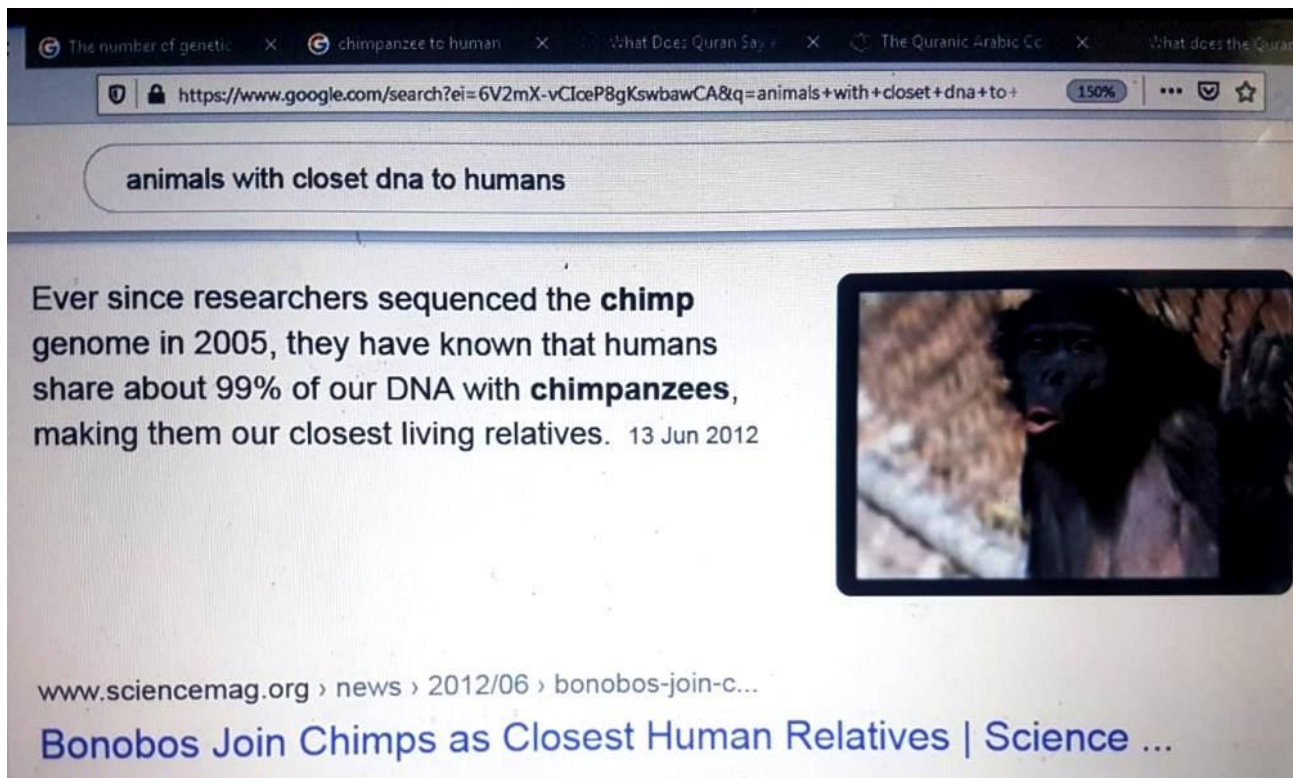

The Arabic Koran (Chapter 3 - verse 130) has stated that God does not accept the taking of interest where money is doubled or multiplied.

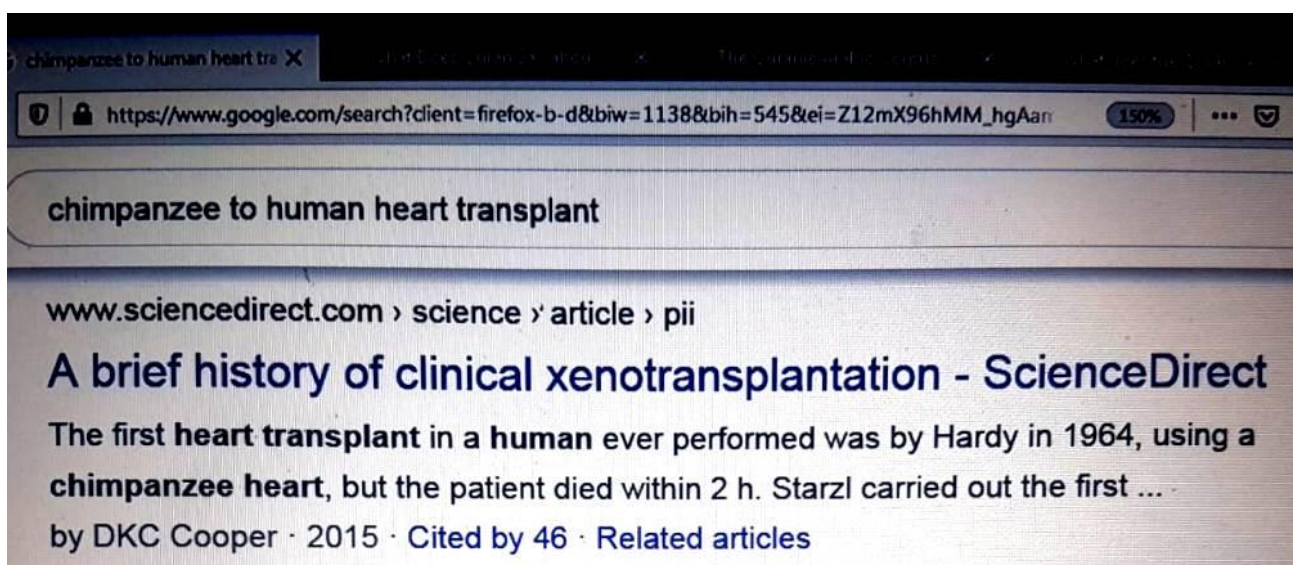

The education and media of the new world promotes the idea that humans evolved from monkeys and are now moving forward to becoming transhuman.

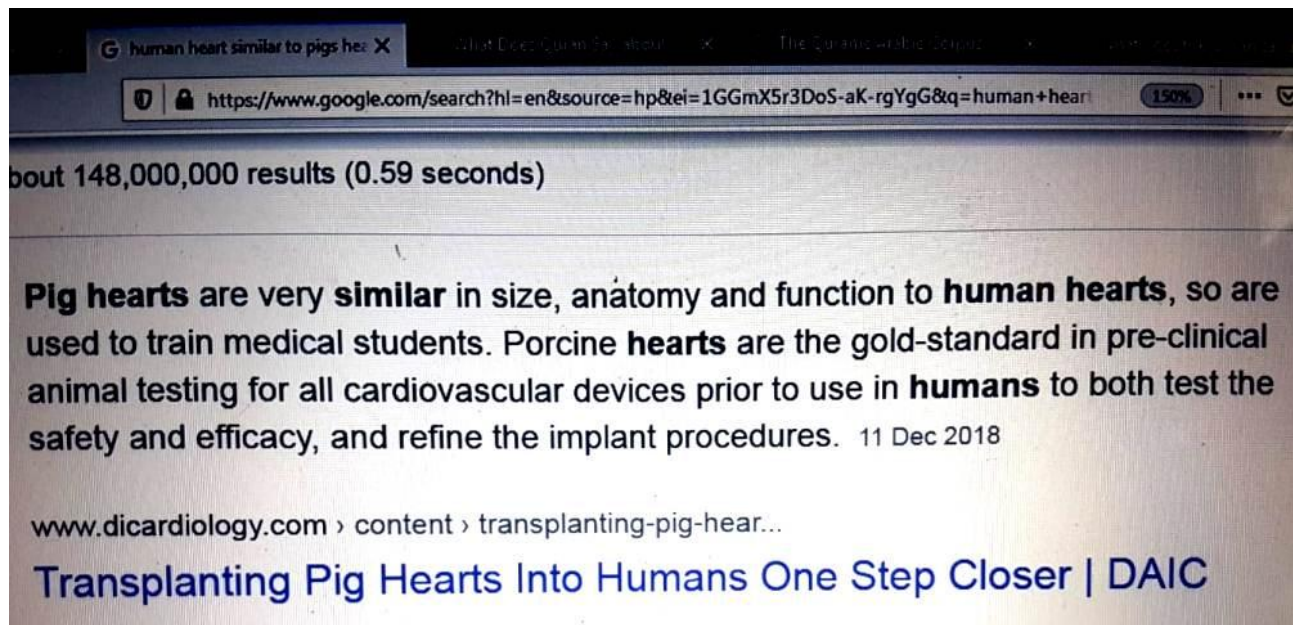

The Arabic Koran states that God has honoured the children of Adam and states that they were created by God, and did not evolve from monkeys. Humans are a beautiful creation of God

Humans share about 99% of DNA with chimpanzees

The first ever heart transplant, was done was using a chimpanzee heart in 1964. The patient died 2 hours later.

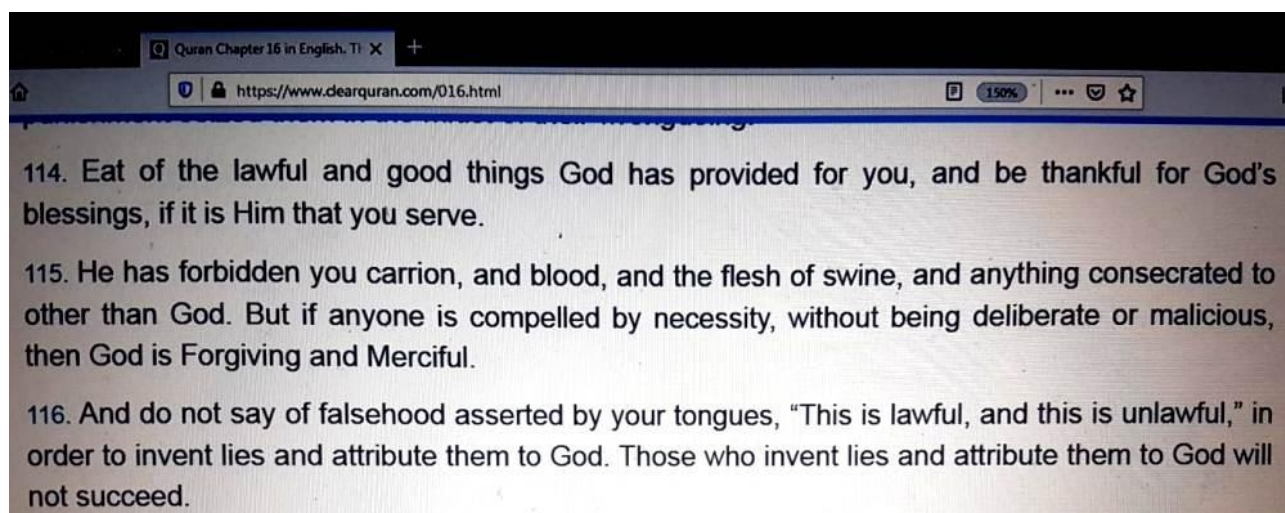

It is well known that the heart of a pig is very similar to the human heart

Very soon, humans could have a heart transplants using the heart of a pig

There is much evidence to show that monkeys and pigs are related to humans. But there is no evidence to show that humans evolved from pigs or monkeys. It is just a theory, just speculation. We can speculate that humans came from rabbits or dogs or insects

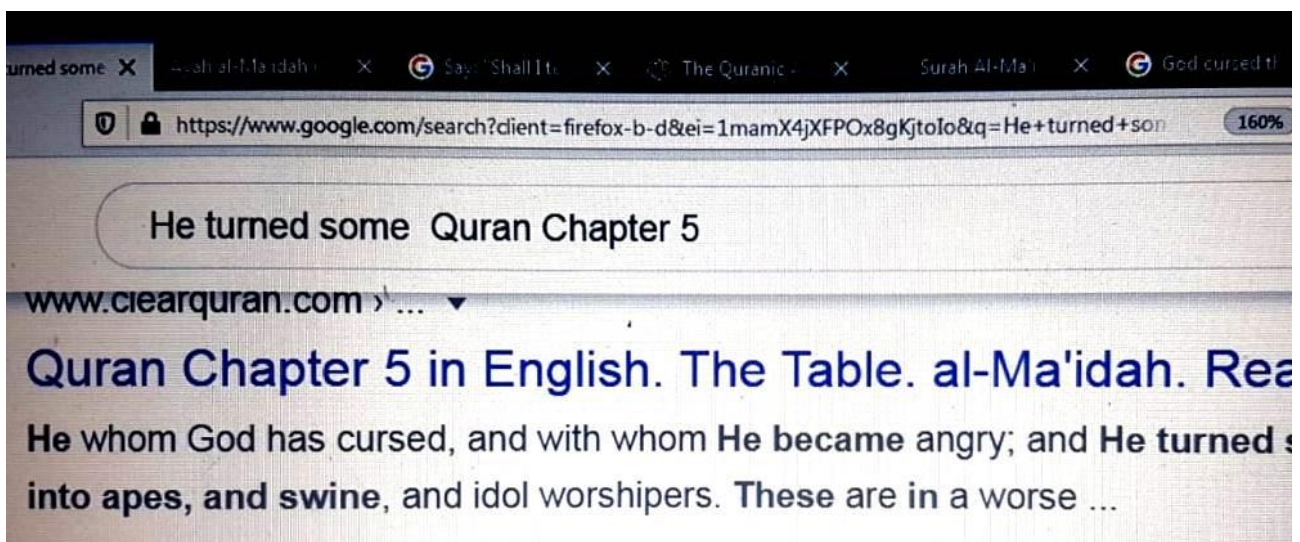

The Arabic Koran in chapter 16, verse 115, it says that humans should not eat anything with blood or eat pork.

Because many foods cannot be trusted because of their ingredients, Muslims generally eat food which is known as HALAL. The word halal means: - that which is allowed. Many HALAL organisations investigate which foods have blood inside and which do not.

There are many big western corporations that wish to see the end of HALAL, because it is preventing people from eating western food. HALAL teaches you to investigate the ingredients. The western system does not encourage people to investigate. People are told

that the media which advertises food, has amazing standards, and tells you that these standards are almost perfect, and therefore you don't need to check.

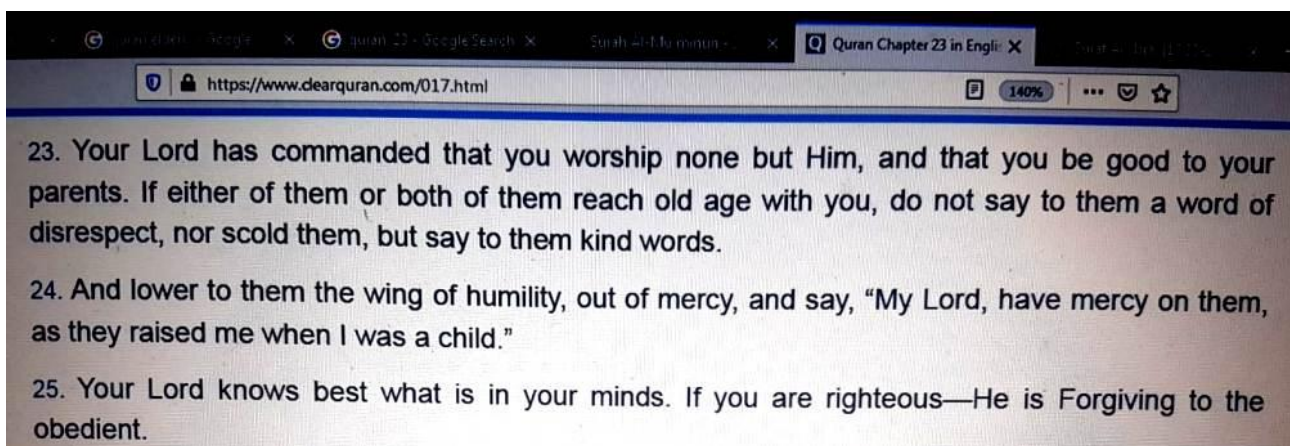

But, the HALAL system teaches you not to believe someone, but to investigate again and again. It was clear to researchers why the HALAL system was demonised, because it was clearly a threat to the global system. The HALAL system was the biggest organised opposition to many western food corporations around the world

In the Arabic Koran, Chapter 5, verse 60, it mentions a story about people who were cursed by God in the past. It says that these people were transformed into apes and pigs.

Many surveys have been carried out amongst tribes who ate human flesh. The majority of serial killers and Polynesian cannibals have stated that human flesh tasted like pork.

Regarding the elderly, the Arabic Koran states in Chapter 17, verses 23 and 24

Your Lord has commanded that you worship none but Him, and that you be good to your parents. If either of them or both of them reach old age, do not say to them a word of disrespect, nor scold them, but say to them kind words.

*And lower to them the wings of humility, out of mercy,
and say, “My Lord, have mercy on them, as they raised
me when I was a child.”*

**President Macron of France said that Islam is a religion
in crisis in October 2020**

Researchers investigated what Macron had said and came to the conclusion that Macron is correct. Islam is going through dangerous times and the evidence showed that there was a serious crisis. What is this crisis and what does it have to do with the rest of the world?

Many surveys and reports showed that Muslims around the world -

- normally did not believe what the western media says**
- normally did not believe what western historians say**

- normally did not believe what western scientists say

- normally did not believe what western politicians say

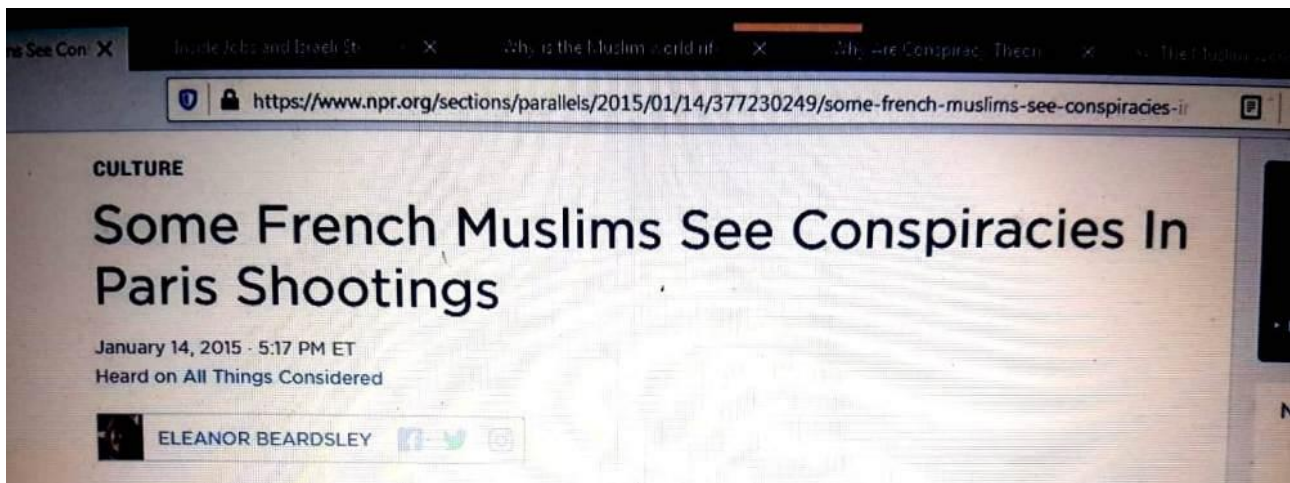

Such things are seen as a crisis by the media and by politicians worldwide

For example most Muslims did not believe what western politicians said about September 11 2001. They did not believe what western media reports said either. Muslims were amongst the first to investigate what happened on that day.

It is very serious matter for Europe and America that the average Muslim does not believe what they say. Data

shows that the average Muslim does not believe what western politicians say regarding most world events, compared to people who are not Muslims. Why is that so?

Researchers noted that the majority of the Muslims in France and throughout the world, did not believe the official stories presented by the media regarding the so called attacks in Europe

Many reports state that the average Muslim did not believe western history or western science or the words of western politicians. The media states the beliefs of these Muslims are conspiracy theories. Many Muslims openly stated that September 11, 2001 was an inside job, and that the Weapons of Mass Destruction was a lie, and that the Coronavirus was a scam. Many Muslims stated these things from the very first day.

The western media is teaching western people what they claim is the truth regarding these Muslims. The article above states that: - because moderate Muslims denied the official story stated by the western world order, it means that they are supporting so called extremists and so called radicals. Data evidence shows that the average Muslim does not support radicals or extremists. Data evidence shows that the average Muslim believes the western media and politicians are liars.

Researchers investigated the evidence regarding September 11, 2001 and the Coronavirus and the Weapons of Mass Destruction. Researchers agreed from the evidence that the official story in all cases was a lie and a scam.

Consider also Nigeria, where there was a polio outbreak in 2003 after local people boycotted the vaccine, claiming it was a western plot to infect Muslims with HIV. Then there is Indonesia, the world's most populous Muslim-majority country, where leading politicians and journalists blamed the 2002 Bali bombings on U.S. agents.

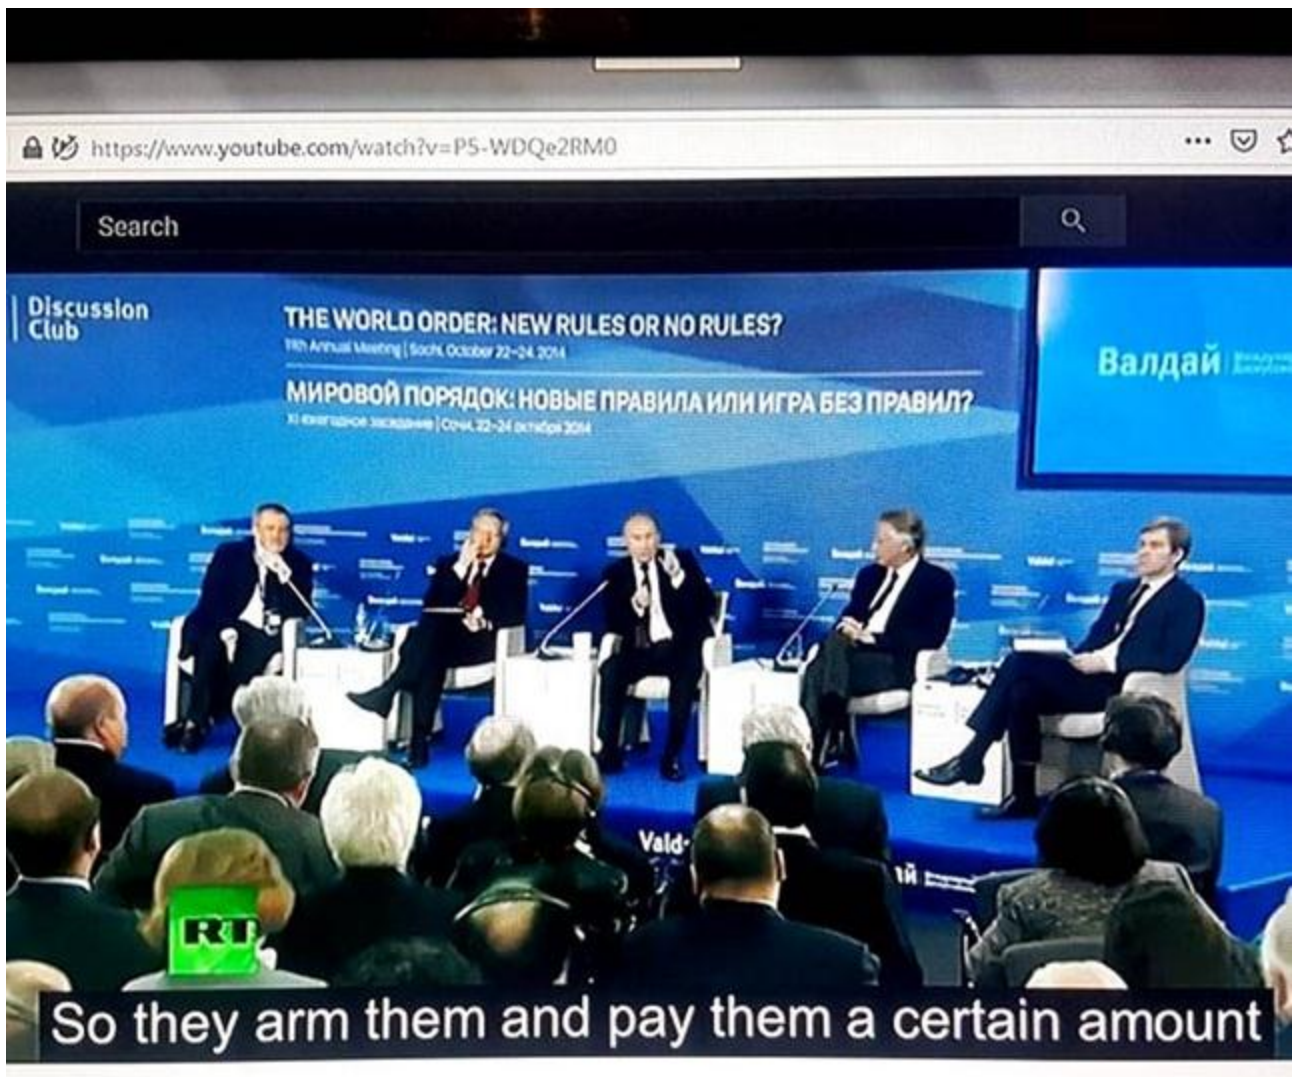

Millions of Muslims around the world investigated vaccines from the west. For example, millions of Muslims around the world did not trust the contents of vaccines that had any link to Bill Gates and his gang.

Muslims were amongst the first to investigate what happened in Bali in 2002, and stated that it was carried out by American agents from the evidence that they found.

The evidence showed that there was a serious crisis in the Islamic world. The crisis was that: - Muslims did not believe western politicians or the western media.

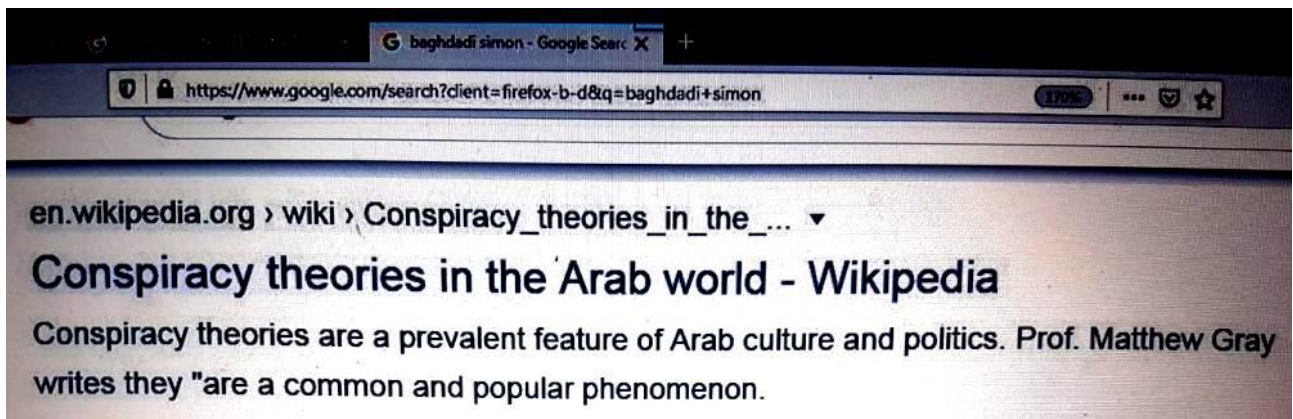

It was not just researchers who believed that the media was telling lies, but President Donald Trump of the United States said that the media was reporting fake news, and he said that the media was disgusting

In 2014, President Putin of Russia stated that America created ISIS - the Islamic State. He stated that America provided them with weapons and paid them cash. They were paid workers, paid mercenaries.

If Muslims state the same thing, it will be called a conspiracy theory. If Muslims state the same thing, they are seen as supporting so called extremism.

Muslims are labelled as paranoid. When Muslims show evidence that ISIS - the Islamic State - and the many attacks in Europe and America are organised by western powers, it is called a conspiracy theory.

In the photo above, Muslim researchers pointed out that Senator McCain from the United States of America met

the leader of ISIS - the Islamic State - known as
Baghdadi

It was a secret meeting

Researchers soon realised that the leader of ISIS - the Islamic State - had nothing to do with Muslims. His real name was not even Baghdadi. He was playing an act and dressed up as a so called Muslim leader

Researchers soon realised that this was nothing new. Actors were used in the past and actors are still being used today.

In fact the full history of the world showed that actors were used in many events in the last 200 years.

Researchers found that many characters were falsely invented throughout history.

1. Abu Mosa - ISIS Press Officer
2. Abu Bakr al-Baghdadi - Head of ISIS
3. Senator John McCain (R-AZ)
4. Muahmmad Noor - Syrian Terrorist
5. Mouaz Moustafa - *SETF
(*Syrian Emergency Task Force)

Researchers soon identified all the men that Senator McCain met in his secret meeting in Syria. He met the leader of ISIS - the Islamic State - and other terrorists who have been involved in murder and kidnappings.

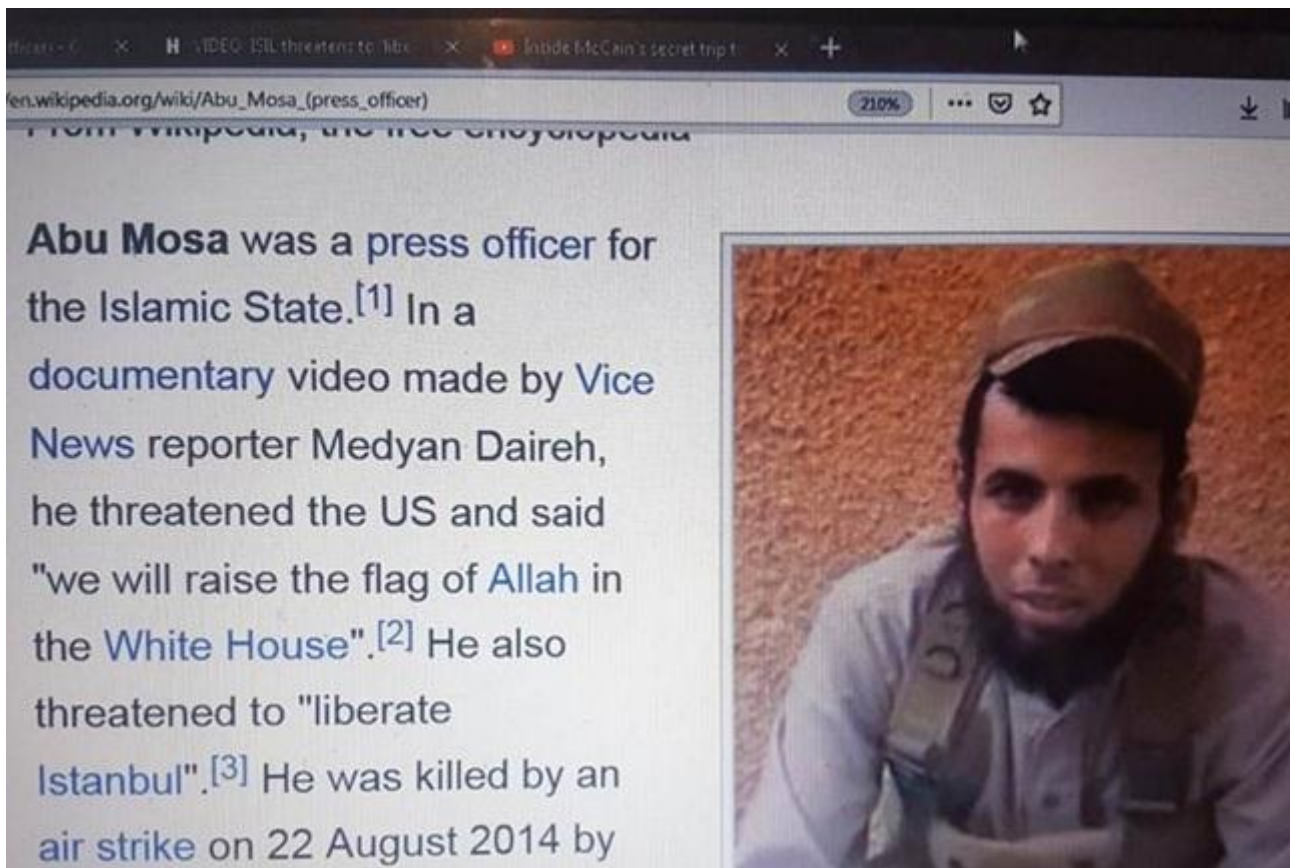

John McCain met the so called ISIS - the Islamic State - Press Officer - Abu Mosa. Researchers concluded that he was nothing but an actor playing his role.

Their job was to make a mess and to make sure that they gave Islam a bad name

Everything seems to have gone according to plan

The evidence showed that ISIS - the Islamic State - was nothing but actors.

They were paid actors, just doing their job.

McCain said that it was a coincidence, and that these people wanted photos with him as he was walking past.

But the evidence in another photo shows that McCain sat down and had secret meetings with them.

It was a secret meeting. Here we can see a very important US Government official in a war zone. And he is stating that terrorists were taking souvenir photos with him.

And these people just happened to be ISIS - the Islamic State - and their leader and Al Qaeda terrorists. What an amazing coincidence.

It was not easy to get inside Iraq or Syria at that time, so how did he get inside Syria secretly and mysteriously meet these people? It was clearly all planned and organised

This is the crisis within much of Islam. They don't believe anything that the media says or what western politicians say. They investigate and believe what the evidence shows.

Researchers noticed that in most videos and photos that showed ISIS - the Islamic State, their equipment and uniforms and flags were almost always very clean as if they were brand new. It was like everything was a big act.

Researchers noticed that everything seemed to be going according to plan. Islam was demonised. The media successfully showed that these so called paid actors and mercenaries were Muslims. These same mercenaries, were teaching own version of Islam. They

gave out many books that were teaching violence and hatred. These books were written and printed by their masters in Europe and America.

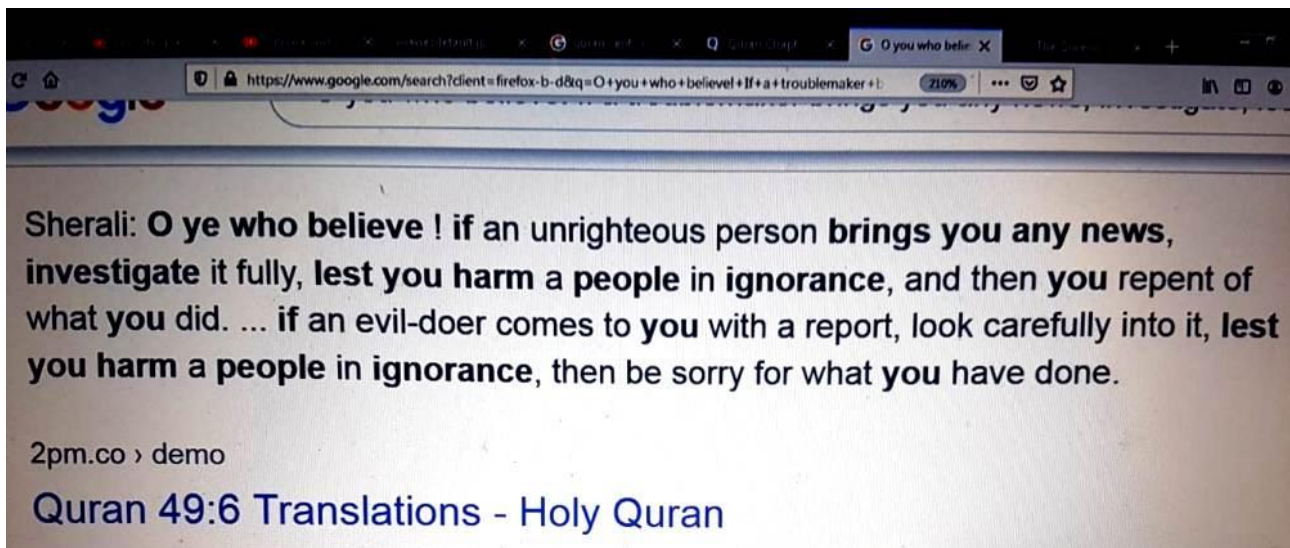

Countries like Syria and Iraq became a mess. While ISIS - the Islamic State occupied Iraq and Syria, they spread their false teachings to millions of people. It was part of their job.

Researchers asked, why would anyone want to spread fake Islam? What was the purpose and what was the reason? Why would someone want to make sure that Islam had a bad name? Was there something that they feared within the message that was written within the Arabic Koran?

President Donald Trump of the United States of America stated that President Obama and Crooked Hillary created ISIS - the Islamic State. (Crooked Hillary - Hillary Clinton)

Researchers concluded from the evidence that ISIS - the Islamic State was not a Muslim organisation and had nothing to do with Islam or the Arabic Koran. The evidence showed that ISIS - the Islamic State was created by the world order. It was a scam.

Europe and America, has tried very hard to infect modern Muslims with new fake teachings and new fake books. But the Muslims still have the Arabic Koran

The reason why Muslims question history and question what the media says is because the Arabic Koran tells them to question.

Many religions around the world do not let you question things. People believe in blind faith. The Arabic Koran demands that you to question things

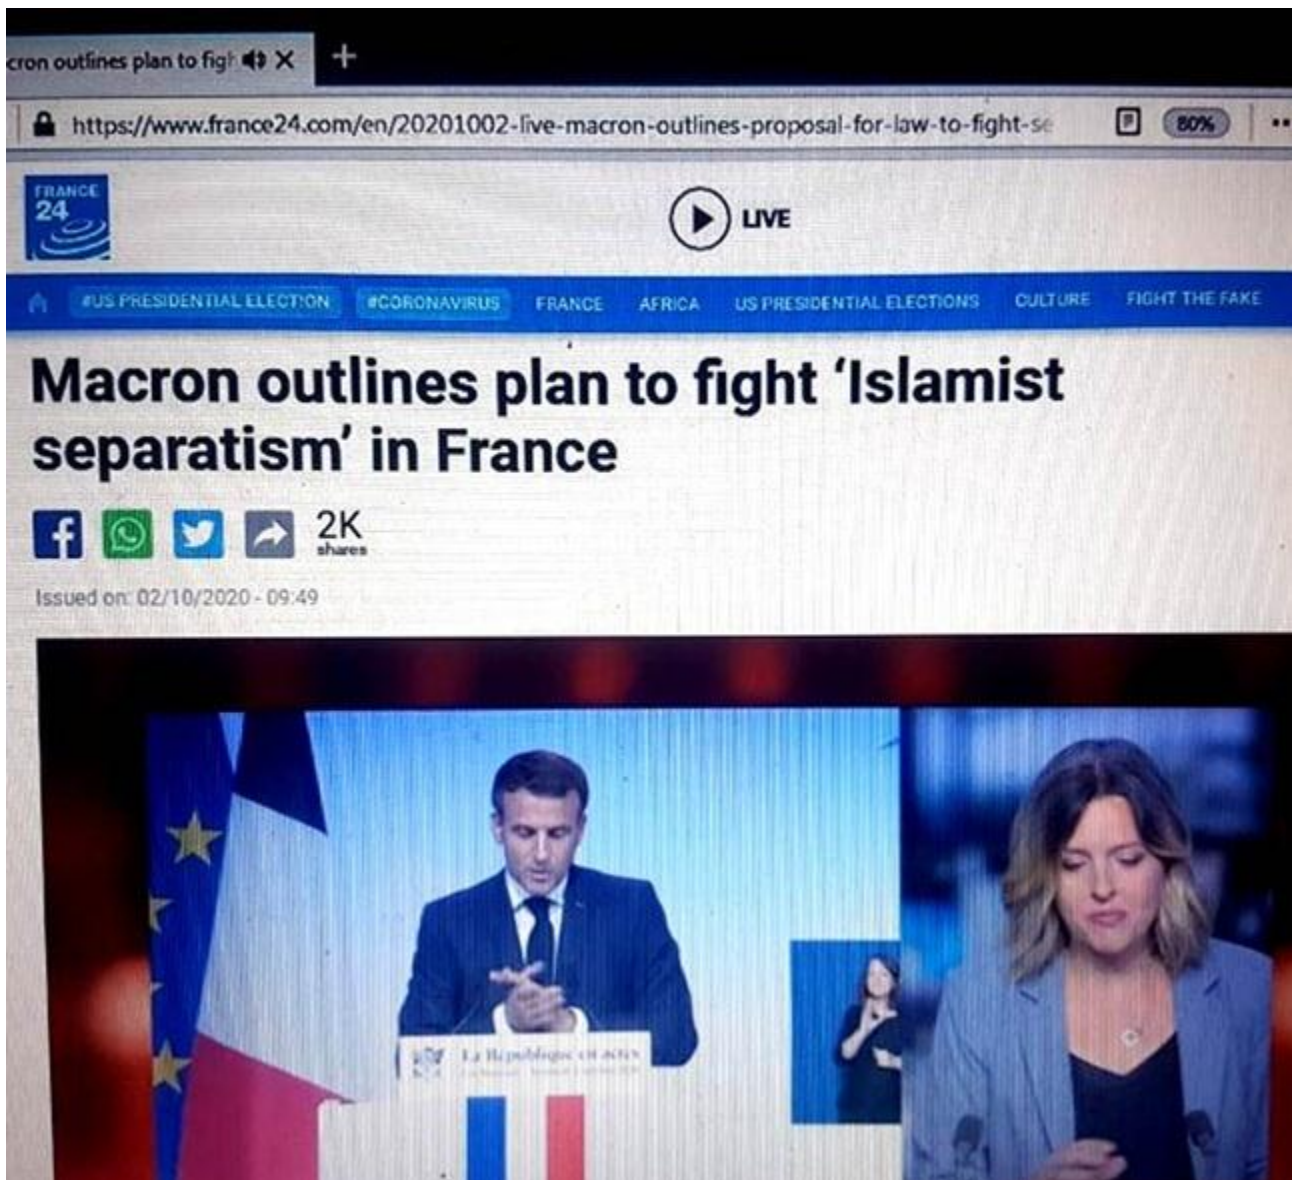

For example, in Chapter 49, verse 6, the Arabic Koran says -

If a troublemaker or bad person brings you any news or information, investigate it, or it can harm people by mistake, and you will regret by not checking

Researchers concluded that the Arabic Koran was the heart of the crisis that Macron was speaking about. If

Muslims stopped to follow the Arabic Koran and followed a modern fake version of Islam, then Muslims would not question anything and Muslims would blindly accept anything that the world order says.

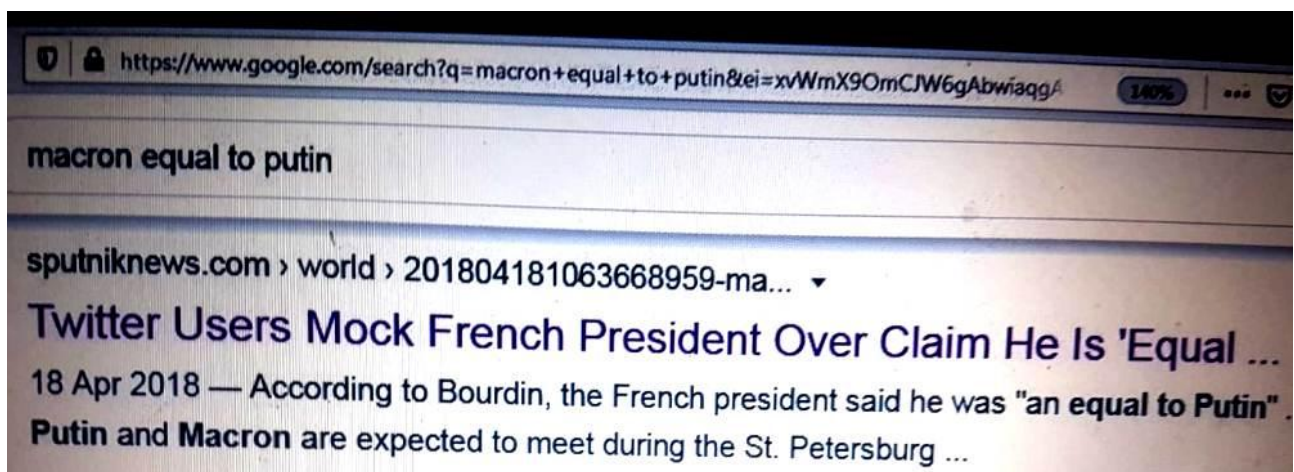

This is the crisis.

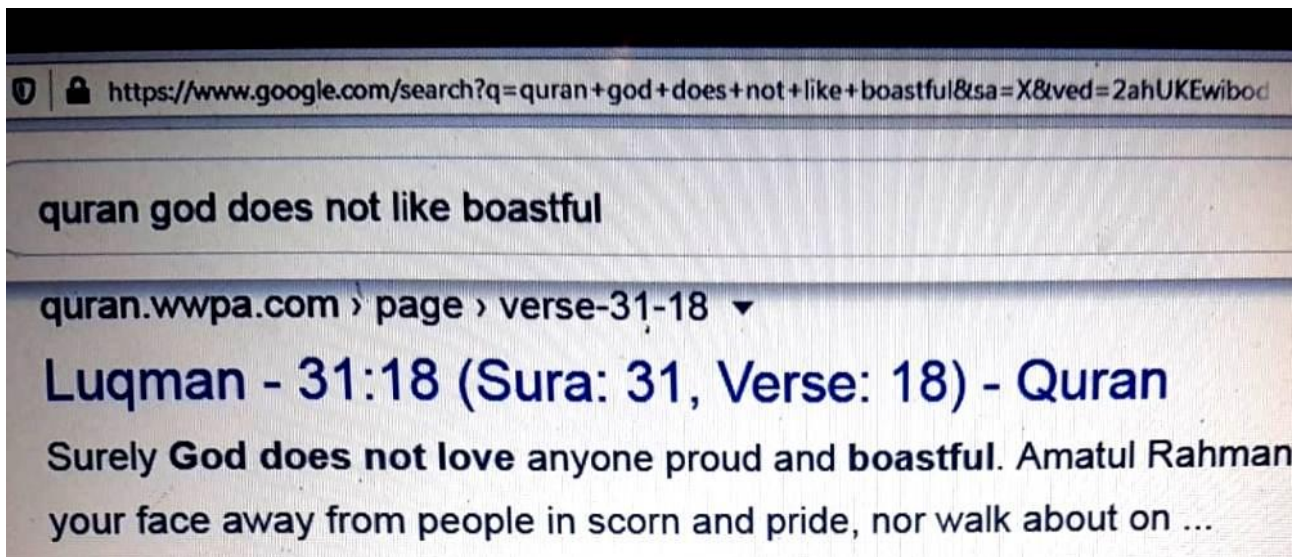

Macron speaks of Islamic separatism. What exactly is he talking about? Muslims in France and Europe are not trying to create a new state. The truth is that Muslims in France do not believe the media or what the politicians

say. They believe what the Arabic Koran says. Muslims in France teach their children to question and not to accept something until it has been verified. Muslims in Germany do the same. Muslims throughout the world do the same. This is because the Arabic Koran tells them to investigate and search for the truth.

This is a challenge to the French system, because the Muslims in France generally do not believe the French media. They are law abiding citizens, but they openly state that President Macron and other politicians are nothing but liars.

After Macron was elected, the French media advertised that Macron claimed to be an equal to President Putin of Russia. It sounded like a big joke. Most people laughed around the world when they heard the story.

Muslims immediately saw what type of man Macron could be, because the Arabic Koran warned people not to boast.

From the photo above we can see what Millions of French people and Muslims around the world had to say to Macron - Get Lost

Many protestors stated that Macron could become greater than Putin, if he did something honourable. People have suggested that Macron could help to bring peace and harmony to the world, by helping to reveal true history and true science, instead of the rubbish he was speaking

Macron and other western leaders have clearly stated that Islam could be a danger to the way of life in the west. Muslim people are not a danger, but what the Arabic Koran has to say is a threat for the media and for the politicians. It says don't believe them. It says investigate anything they say

Millions of Europeans and Americans believe what their media says and what their politicians say, but not all. The western media and world order, clearly has not penetrated into the heart of Islam yet. The heart is the Arabic Koran. The day they destroy the message of the Arabic Koran, if they can, the so called crisis will be over.

The Arabic Koran says the economic system is wrong. It says that to charge such high interest in loans is wrong. This is a crisis, because the western economic system has been practising high interest rates

The Arabic Koran says do not eat food which has blood. This is a crisis because many Muslims refuse to eat many of the foods sold in western supermarkets

The Arabic Koran says do not believe what these people are saying. This is a crisis because Muslims investigate anything the media or politicians say

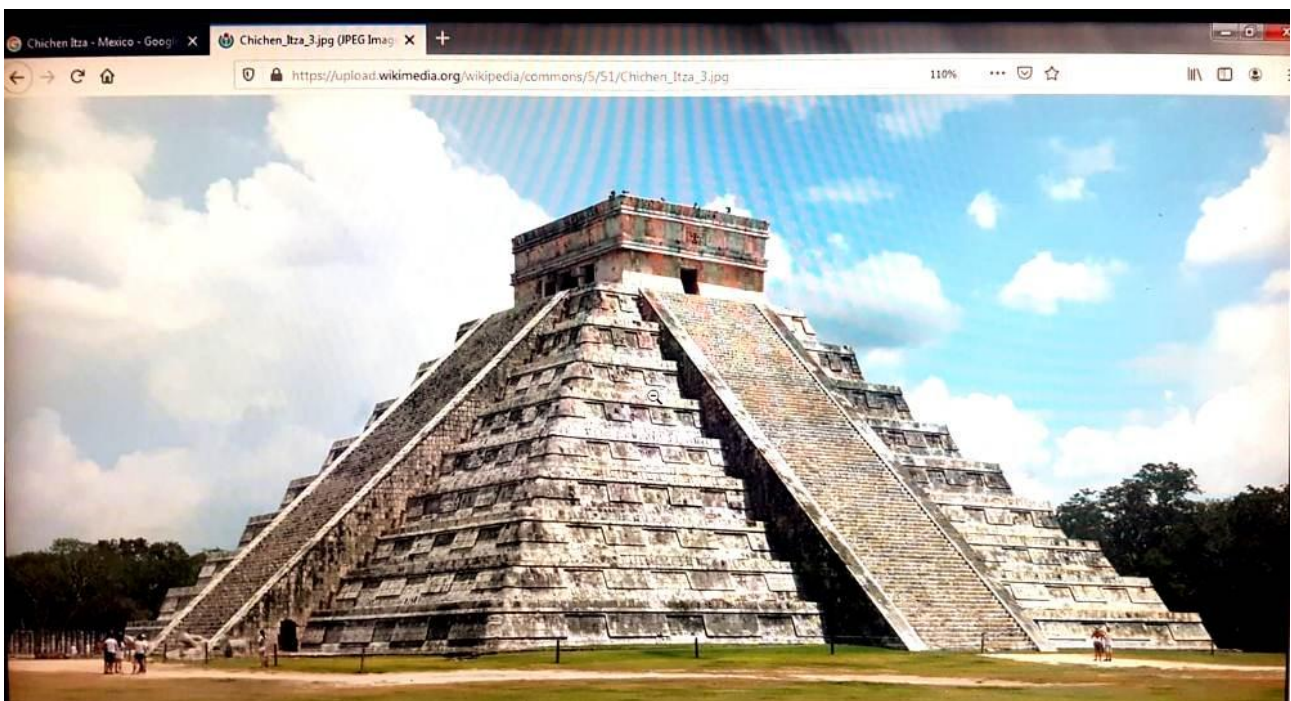

The Arabic Koran teaches a different history, it says humans are honourable and are not monkeys. This is a

crisis because many Muslims refuse to accept what western history is teaching

Researchers concluded that a new world is being made to replace the old world. The Coronavirus is part of that process to build the new world. One of the few documents to survive the old world without being changed is the Arabic Koran. The Arabic Koran totally opposes the way the new world is being made.

The lies that we see in the world today are nothing new. History is full of lies.

Below is the step-pyramid in Chichen Itza - Mexico today

Below is the same place in the 1860's - there is no step-pyramid

Researchers looked at photo evidence from the last 150 years and discovered that the step-pyramid was constructed recently and was not ancient at all

This step-pyramid was supposed to have been built by the Ancient Mayans - but here we can see it was built recently

There are many so called ancient buildings around the world. Many of them are not ancient and have been built recently. Historians state that the step-pyramid in Chichen Itza - Mexico, is over 1000 years old. Most researchers say that this is a lie from the photo evidence.

Why are they telling lies? Yes there is a case that researchers may have made a few mistakes in their analysis of history. But the overall evidence shows that the historians and the politicians and the media and the scientists are telling lies. These lies are so serious, that

**they can really cause hatred and division and violence.
Many people state that they planned it to be that way.**

It is no wonder that many communities around the world do not wish to send their children to mainstream schools. Many people have chosen to give their children private education at home or send them to a private school

Looking at the events in the past, it was clear that they were organised by very intelligence people. The digital patterns showed that Artificial Intelligence (A I = 19) may have been used to organise these events and also used to write the history. There are thousands of events in the history of the world that showed many mathematical patterns.

There was too much mathematical evidence, which showed that digital intelligence or Artificial Intelligence (A I = 19) was applied to construct and create fake history.

Researchers concluded that the same group of people who wrote world history were the same group of people organising the events that were taking place today. This was very obvious from the mathematical codes found within the events.

Researchers also realised that many of the mathematical patterns were very advanced and Artificial

Intelligence (A I = 19) was probably used to organise the full history of the world, and organise many events that have taken place in the world today.

A huge number of events around the world showed these mathematical patterns. The maths showed that maybe one person was organising everything or a united group of people.

The evidence from history showed that this group of people was telling lies. They told many lies already in history and they were telling many lies regarding recent events. Most of the recent events such as the Coronavirus were advertised to the public through the television or internet or by newspaper. Researchers concluded that the Coronavirus was nothing but a scam.

Many researchers noticed a strange relationship between the Coronavirus and 5g and Artificial Intelligence (A I = 19). Researchers began to ask the question if Artificial Intelligence (A I = 19) was alive.

Was Artificial Intelligence (A I = 19), the leader of the world order? It was a serious question that researchers are now investigating

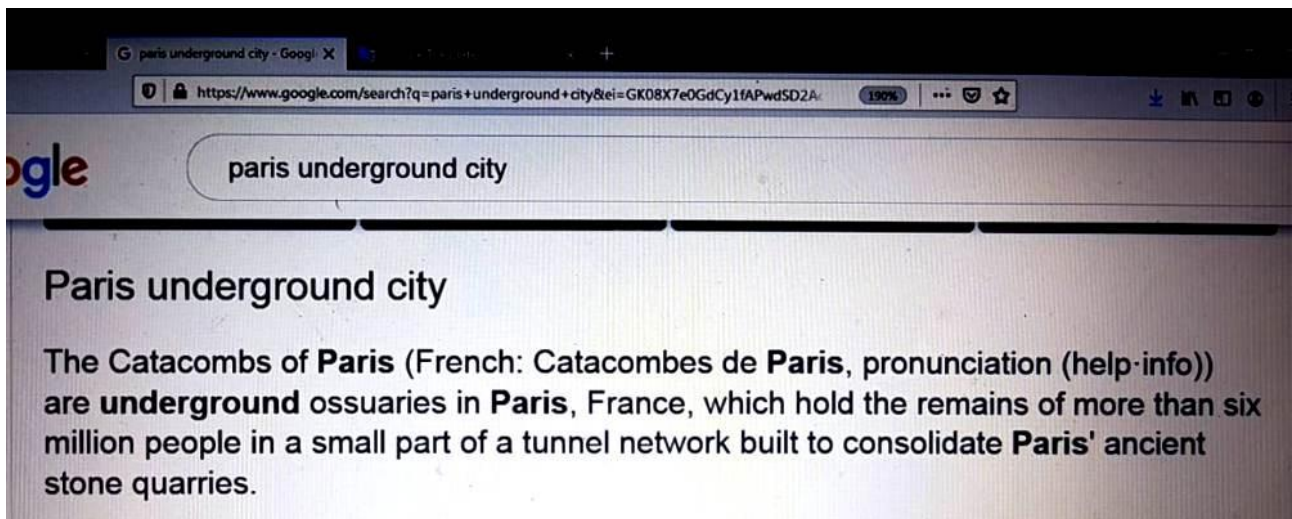

Did Artificial Intelligence (A I = 19) have a serious role in constructing some of the great places and buildings in

the civilisation that is known as Tartaria? Did it also play a role in the destruction of the old world?

There are many reports from all over the world that people have found buildings with windows and doors underground. Much evidence has been presented by researchers that show many monuments and buildings are buried all over the world.

Not only this, but there are many known underground cities and villages around the world, for example Paris has an underground city and it has 6 million dead people or maybe even more.

There are hundreds of kilometres of so-called tunnels, about 20 meters deep in the underground city of Paris. Many researchers are questioning if it was originally an underground city - or - did a serious event took place in the past, that buried the old city underground and killed all of the people?

Below is a photo from New York City in the United States of America (Fraunces Tavern)

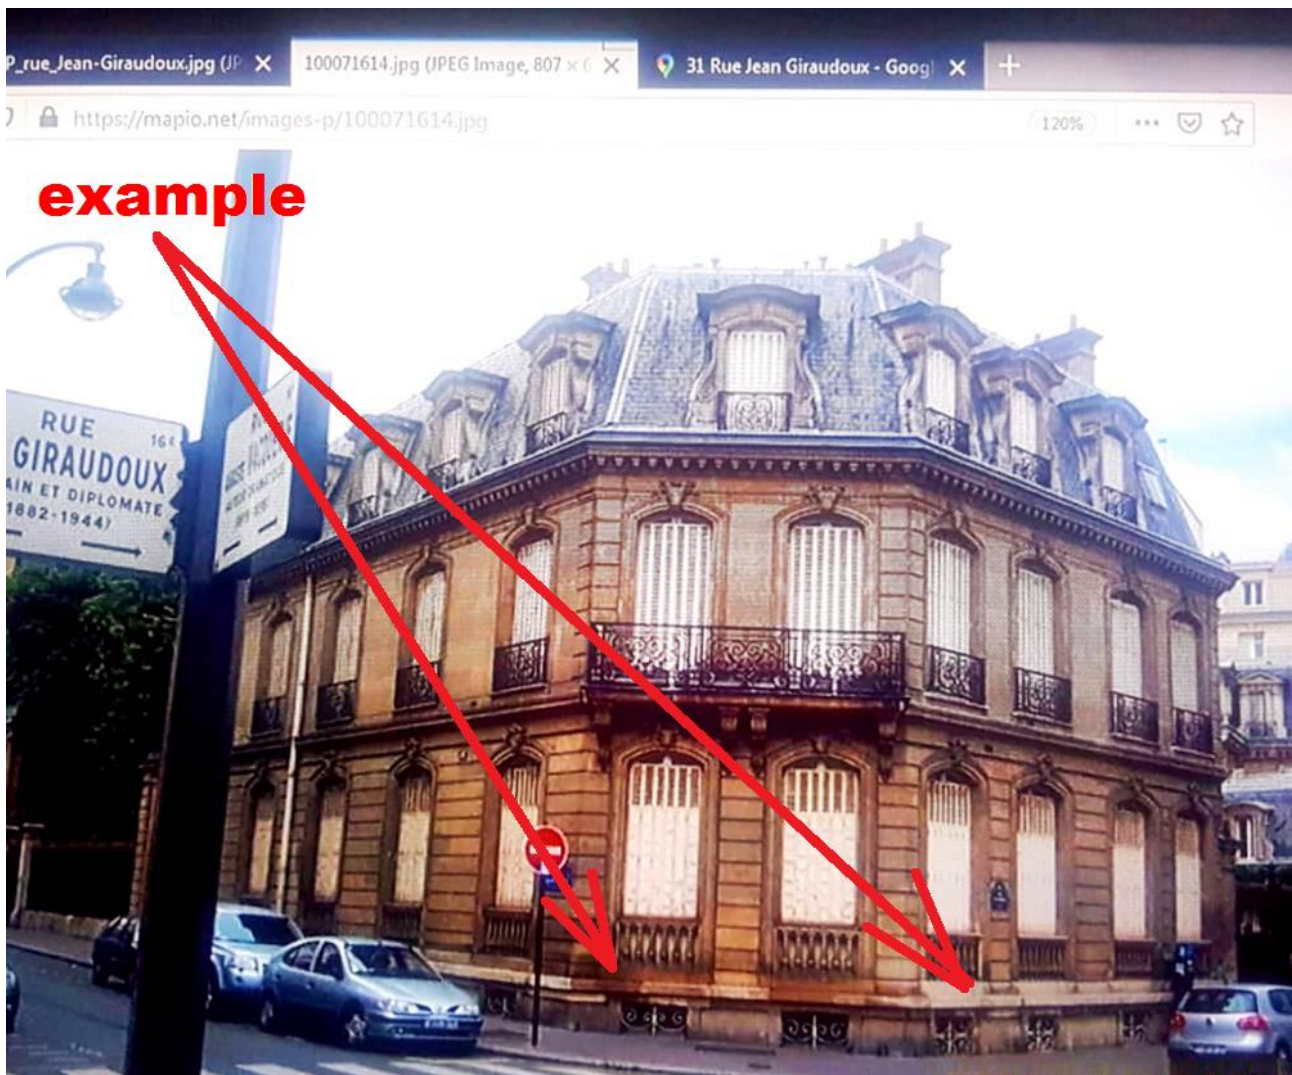

In the photo we can see windows that are going into the ground. Many older buildings in New York City and around the world show something similar to what we see in the photo above.

Below is a photo from Princess Street, Manchester, England

Below is a photo from Cohen Street, Melbourne in Australia

In the photo we can see windows that are going into the ground. Many older buildings in Australia and around the world show something similar to what we see in the photo above.

Many researchers started to question as to why many buildings seemed like they were buried or half buried. Many of the windows did not stop at ground floor level, but they continued underground and it was crazy that windows should be found buried underground. Many researchers soon realised that many of these buildings were actually buried or half buried and they began to investigate why this might be the case.

A few years ago, in Lucknow city in India, researchers discovered that buildings structures were buried underground, below the current ground level. Below is a photo of what they discovered.

Buried underground structures can be clearly seen in the photo below. How these buildings got buried underground is a very serious question

Below is a photo of Omsk Museum - Siberia - with today's ground level

A few years ago, in Omsk city, Siberia, researchers discovered that buildings structures were buried underground, below the current ground level. Below are photos of Omsk Museum and it shows what they discovered

In the photos we can see windows and doors buried underground. Omsk city in Siberia - is located far away from India, but this was similar to the discovery in Lucknow in India.

Researchers have pointed out that what we can see - is that the building in the photo above - is buried compared to when the building was originally built - and this clearly shows the ground level has changed and has risen - or the building has sunk.

Researchers discovered that there are other buildings in Omsk city in Siberia, which are buried in a similar way underground.

Below is a photo of building on Ulitsa Lenina, Omsk - Siberia

Researchers noted that on the right hand side of the building, there was no evidence that part of the building could be buried underground.

Around the corner, on the left hand side of the building, there was clear evidence that a big part of the building was buried underground. Below is a photo showing the left hand side of the building more clearly

Many researchers noted that many people who had never even been to Omsk city or to Siberia, were telling lies and making false claims, that no other buildings in Omsk city apart from Omsk Museum, were buried below today's ground level. But, in fact many buildings throughout the city and throughout Siberia are buried below today's ground level.

Below is a photo from the Polytechnic Museum, Moscow, Russia

In the photo below, everything looks normal and no windows can be seen at the bottom of the building

A few years ago, construction works were being done at the building and researchers noticed that there were windows and doors underground. The photo below shows what researchers discovered

It can be seen that the building was buried several meters underground and that the original entrance door was underground. Researchers found thousands of similar buildings in cities around the world in Europe, Australia, India, Japan, America and Africa. Many older buildings all over the world seemed to be buried underground or half buried. What the hell was going on?

There were many questions and no proper answers - why were thousands of buildings around the world buried or half buried?

Researchers are now investigating as to what might have happened - some researchers are thinking that the reason why these buildings are buried underground is maybe because of a flood or mud flood type of event - but they are not sure yet - or maybe a global war happened a few centuries ago and advanced weapons were used that buried these buildings. Some researchers are even asking if an alien force from outside our world - attacked the world - which led to the burial of many cities and buildings. Researchers are divided and have not yet fully decided as to what happened worldwide and what buried these buildings underground.

Researchers have found a strange global pattern where thousands of buildings have windows and doors buried underground and in some cases 2 or more floors underground. The pattern shows that the ground level around the world - has risen in many cities around the world - maybe in the last few centuries.

Researchers claim that a global event such as a flood or - mud flood - or a series of global events happened - that buried large parts of the world underground.

Researchers are not sure yet when these events took place. Some researchers are investigating if it was 200 years ago, Other researchers are investigating if it was 500 years ago. And other researchers are investigating if this was part of the Great Flood of Noah. What caused these events is a subject that researchers are investigating.

Researchers point out that the evidence shows that thousands of buildings all over the world are half buried - with windows and doors several floors underground.

This topic has become to be known as Tartaria.

Researchers are now investigating what role Artificial Intelligence (A I = 19) may have played in the construction and destruction of the old world that is known as Tartaria

Good luck if you wish to know more about the subject of Tartaria. Below are books about these topics
