# **Introduction**

**Is modern world history a lie?**

**Some people believe that mathematical patterns seen in historical reports is natural, but researchers have found that a lot of it was a lie**

**This book will focus on the number 19**

**This book will show a message from the old world that has survived today, and it warns the people of the world about the future and about 19**

**This book will show the evidence that many researchers present regarding the number 19 and the lies in recent world history. A lot of the mathematics that is found in historical reports, that is being shown by historians to the people of the world, was very suspicious. Researchers around the world investigated this matter further**

**David Ewing Jr has travelled to over 2500 cities and places worldwide and has done much historical research over 20 years and has great knowledge of world history**

# **Tartaria - Number 19**

**There are many different numbers seen in historical events. In everyday life, we see different numbers everywhere. Researchers around the world have done much research looking at how numbers appear in historical events. It is normal to see numbers everywhere, - nothing new about this**

**But... researchers found that a lot of historical data was falsified by the media and by historians and by the ruling powers all over the world.**

**Researchers found a serious problem in the way historical events were reported by the media and by historians and by the ruling powers. A strange pattern was found by researchers which showed that the number 19 was being used deliberately in many events. Sometimes it was used to show the number of miles or the number of kilometres, or dollars or euros or pounds. The measurement system was changed according to the wishes of historians or the people in power or the media**

**Researchers found mathematical data which showed that these people all over the world were working together. It was almost like a game or a plan to control the people of the world. It was clear that some events**

**were created on purpose and some events were controlled by these people all over the world**

**The people in power, control the media and control the education system in the world, and they choose what to report and how to report it and when. Researchers found evidence showing that history is a lie, - or, - a great part of it was fraudulently staged and organised**

**Researchers examined many major stories and events that were promoted by the media and by historians and by politicians all around the world. Below are some examples of what researchers have found regarding the number - 19**

**Prince Charles and Lady Diana had their wedding on 29 July 1981.**

**Some people know this date, - but most people in the world do not know that the date was 29 July 1981. People in the future will not know the date at all, and will look at newspapers and magazines and books from the past to find this information**

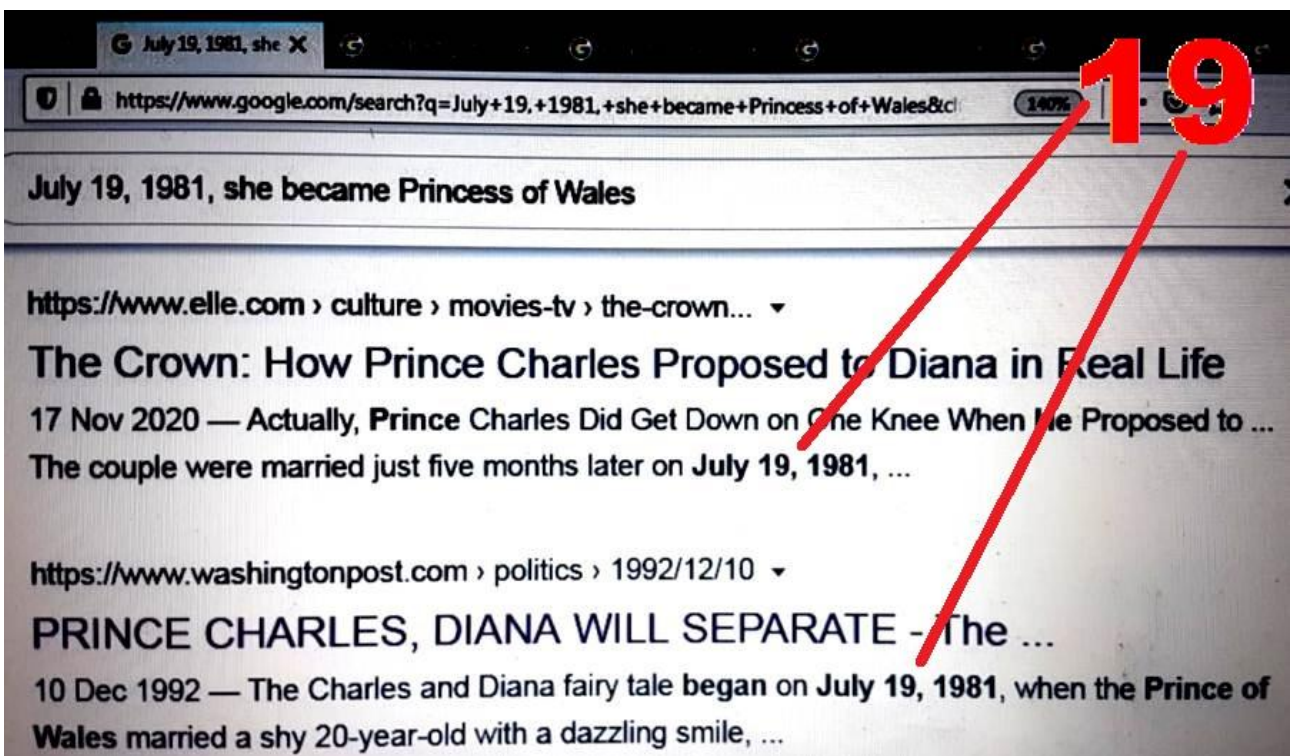

**Will the people of the future find this date?**

**What does the number 19 have to do with this?**

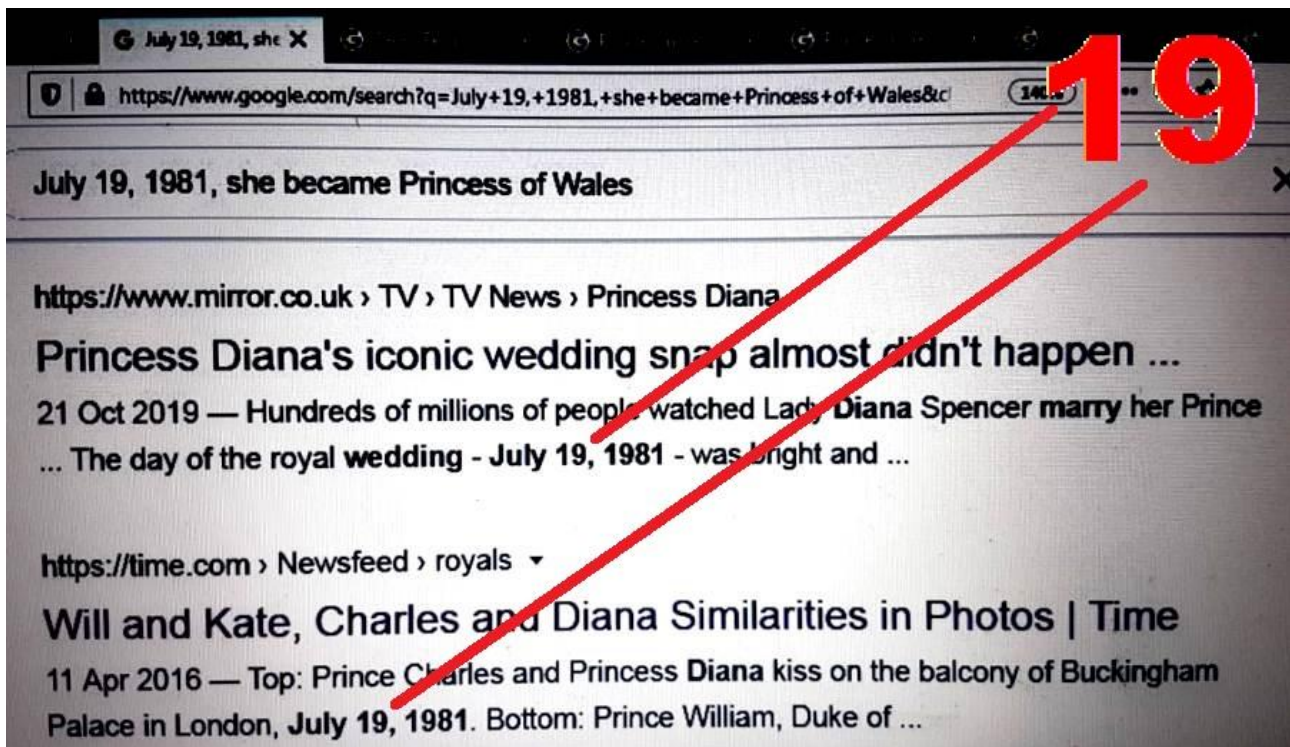

**Many media historians have started saying that the wedding of Prince Charles and Lady Diana took place on 19 July 1981, and this is not true at all**

**The Huffington Post and MSN have said in past reports that the date was 19 July 1981**

**Elle Magazine and the Washington Post have said in past reports that the date was 19 July 1981**

The Daily Mirror and the Time Magazine have said in past reports that the date was 19 July 1981

The Atlantic and Readers Digest have said in past reports that the date was 19 July 1981

**The photos above shows a few examples of this (there are many more examples - too many to place here).**

**In the photos above we can see that 19 July was the date that was written by:**

**the Washington Post**

**MSN News**

**Elle Magazine**

**the Daily Mirror**

**the Time magazine**

**Huffington Post**

**the Atlantic**

**Readers Digest**

**They wrote 19 July - instead of 29 July**

**Was it a mistake?**

**Or was it done deliberately?**

**Or was there another reason?**

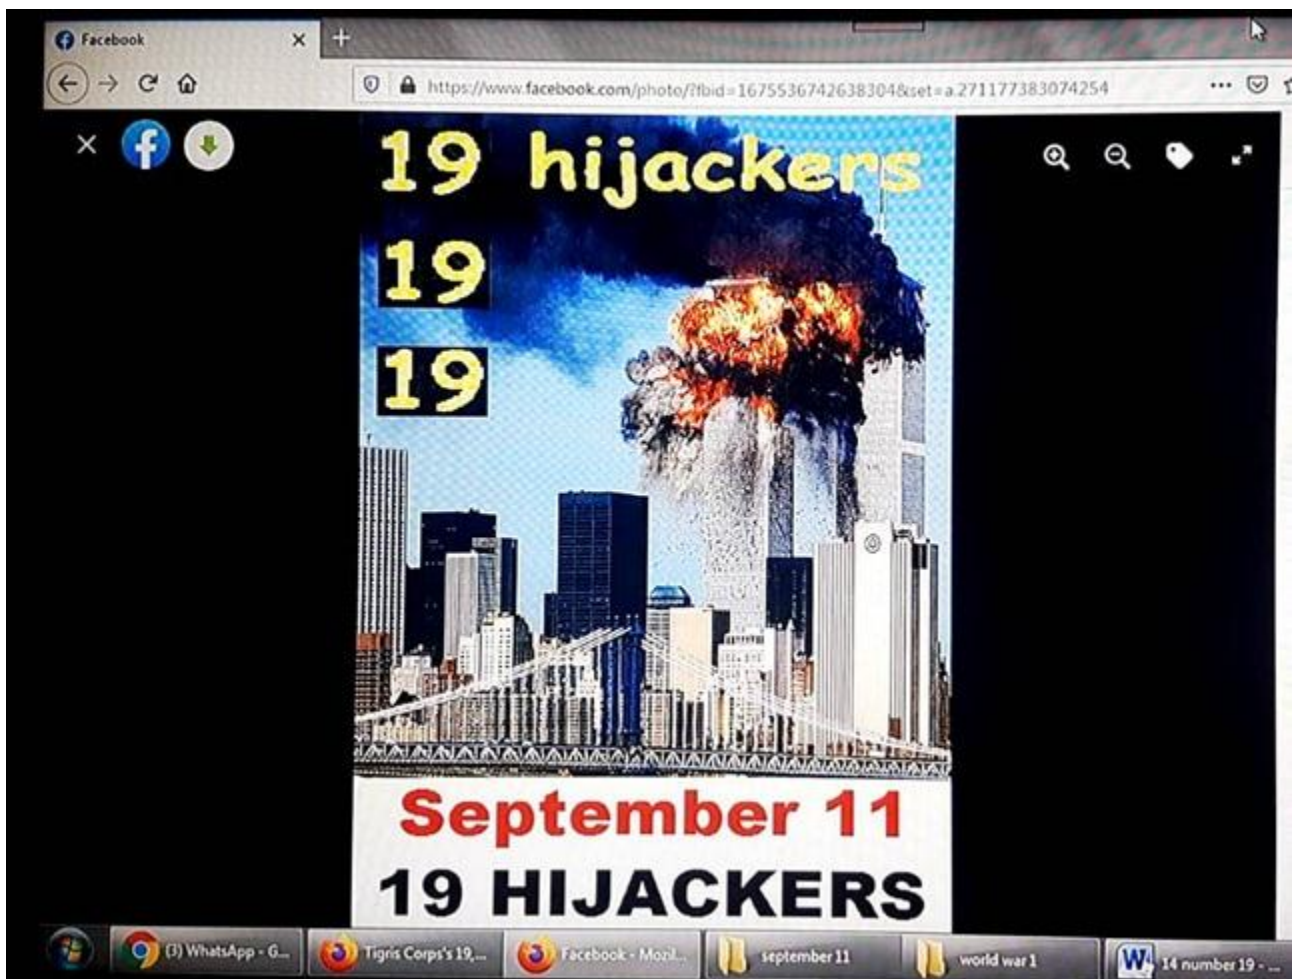

**These are very big media organisations and hundred of millions of people around the world read what they write, so this is not a small matter. It can be said that it was a mistake or an accident, that the number 19 was used by these organisations, - but is that really the case?**

**We are not talking about 1 or 2 mistakes, but many. And... they all seem to show the number 19 as the date.**

**If there are 1 or 2 or 3 mistakes, then it can be argued to be a genuine mistake, but if there is many, then we have to investigate the matter further. There are many!**

**Researchers started an investigation to see if it was just a small mistake, or - was it done deliberately?**

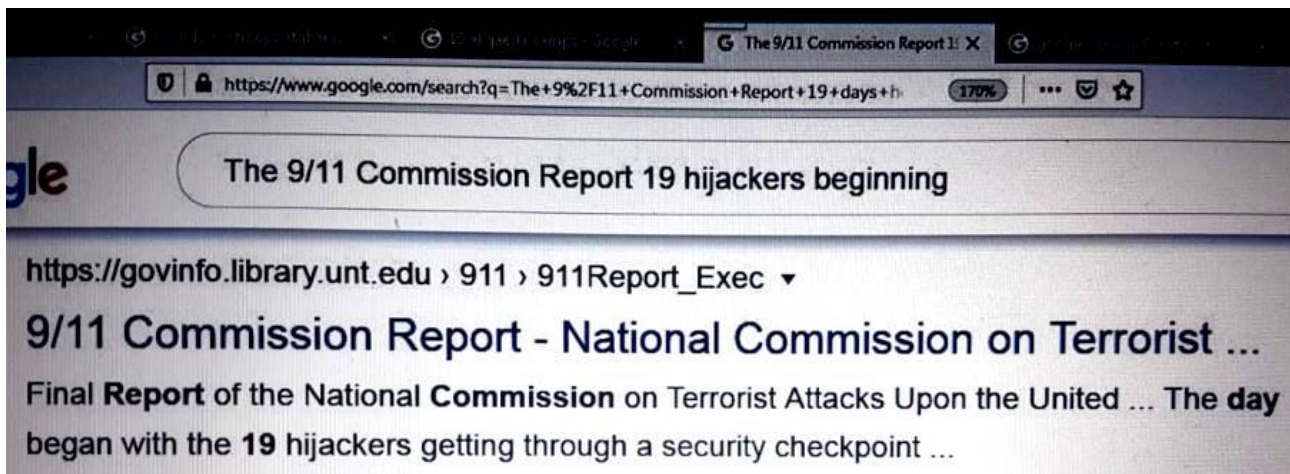

**Was the number 19 being used deliberately by the world media and historians and politicians?**

## What is the number 19?

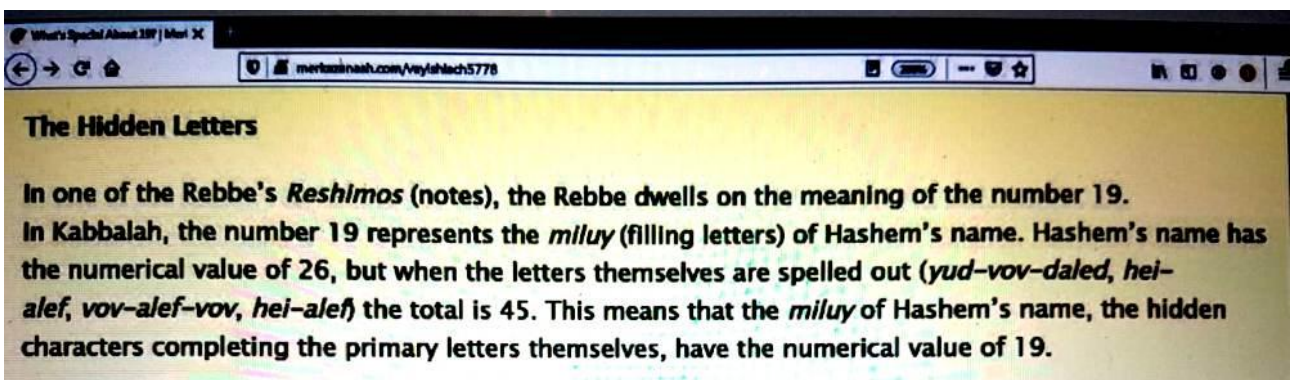

Researchers looked into historical documents to see if they could find any answer as to what the number 19 could be.

The Number 19 is the numerical value of the word "1" in the scriptural languages: - Aramaic, Hebrew, and Arabic. The number 19, also can mean that there is only "1" God

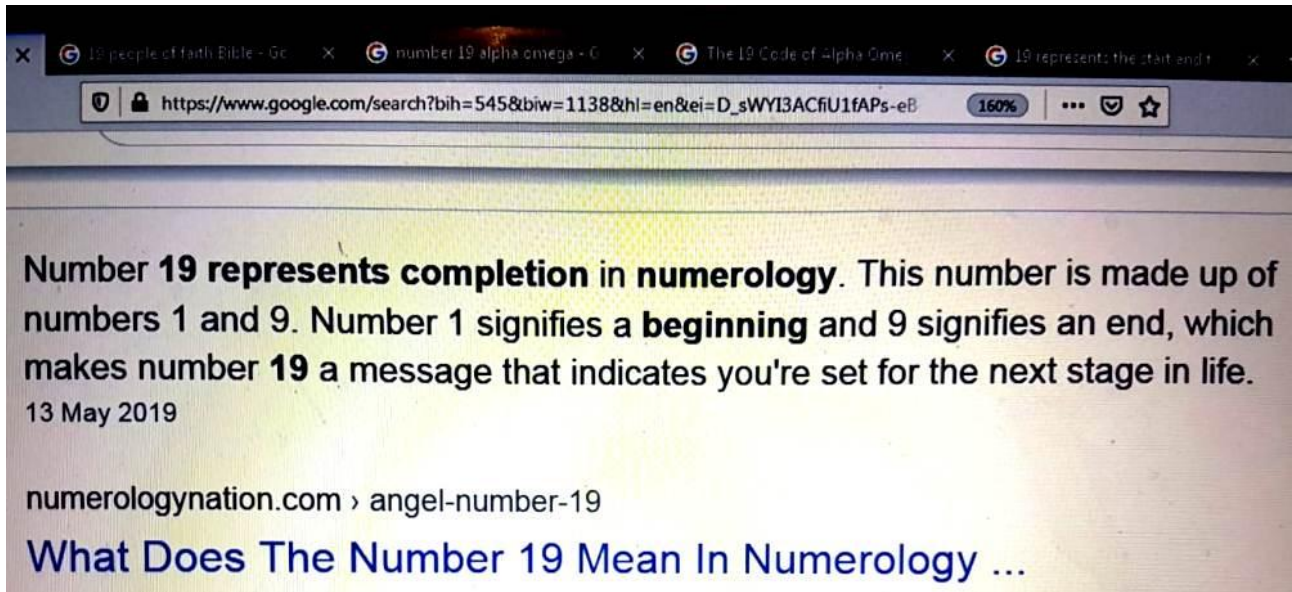

Around the year 1800 there lived an important Jewish man in Eastern Europe called Rabbi Schneur Zalman. He was known as the Alter Rebbe

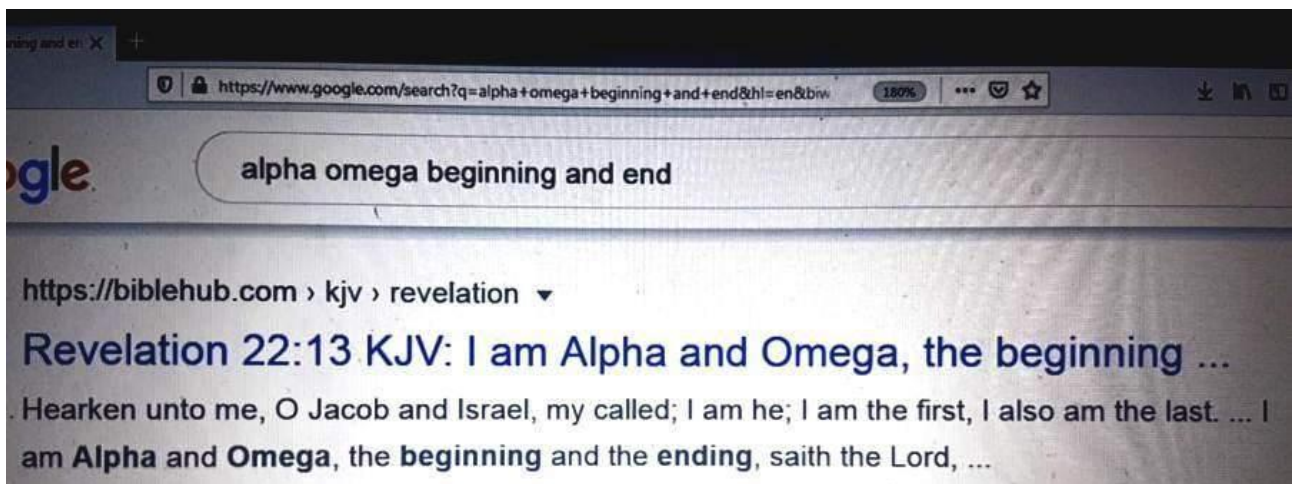

The Alter Rebbe explained that in the Kabbalah, the number 19 represents the miluy (filling letters) of Hashem's name. The miluy of Hashem's name, the

God is the Alpha and Omega  
God is the beginning and the end**

**19**

**The number 19 was a mathematical symbol to represent  
God**

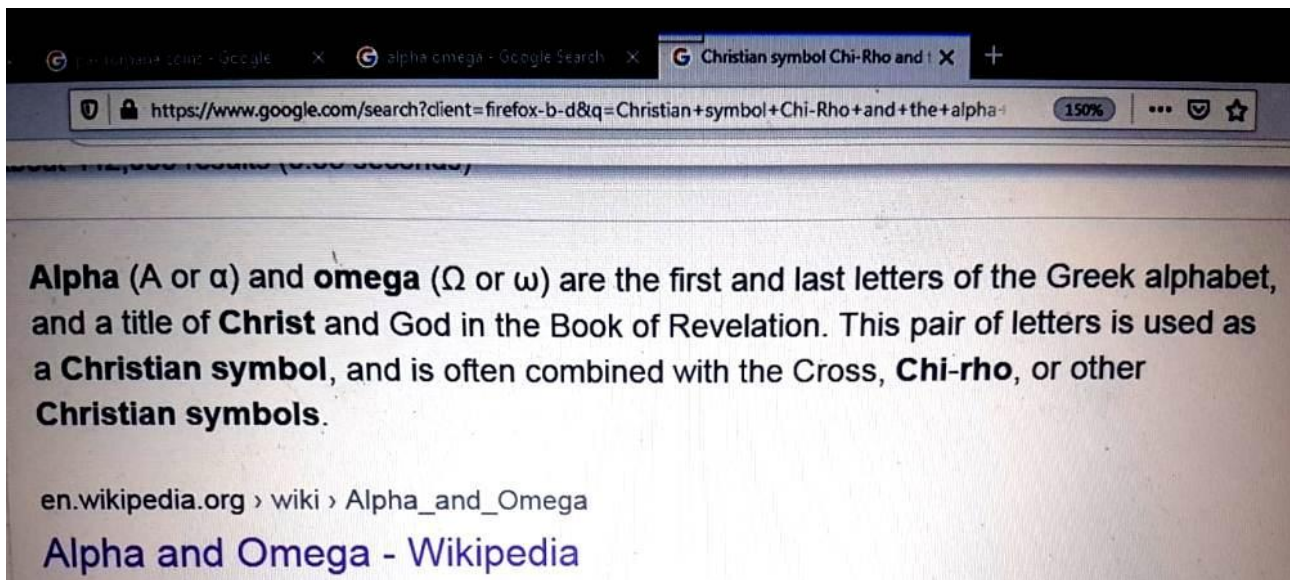

**ALPHA**

**OMEGA**

The symbol in the photo above is a very famous Roman symbol found in many places and on many historical relics. It is known as Pax Romana (the Roman Peace). It looks like a P and X. There are 2 other characters in the photo, known as the Alpha and the Omega.

**The Romans were famous for using the symbols that are today known as the Alpha and the Omega.**

**Historians claim that they are Greek letters and claim that they are allegedly Christian symbols**

**What researchers found very strange was that the Alpha and the Omega in the Pax Romana look exactly like the symbol for Allah (God in Arabic). Alpha is known as Aleph in Arabic**

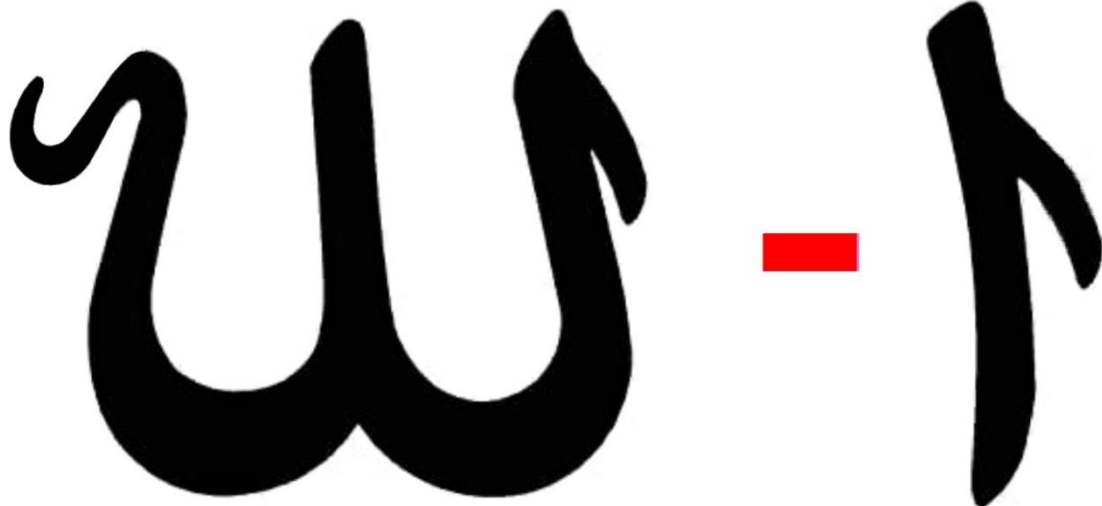

**Researchers concluded that the Pax Romana - was the Peace of Allah or the Peace of God**

**Pax means peace. Islam - or - Salam means peace.**

**Rahmana means merciful God in Arabic**

**Photo below - shows the letters for the Alpha and the Omega from Pax Romana, - and - it also shows the**

letters for the symbols used to write the word Allah in the Arabic language

**Omega**

**Alpha**

Researchers noted that God is the Alpha and Omega.  
God is not the Elpha and Omega.

It is clear the Alpha and Omega form the symbol known as Allah. The original followers of Jesus Christ knew that God is the Alpha and the Omega. Many modern

**languages use A B C D E F G, for example English and French and German. The Greeks were not the only people to use the Alpha and Omega symbols. It is clear from evidence that the Romans used them. From the evidence in the photo above we can see that Alpha and Omega in Old Arabic means Allah. Allah also means the first and the last.**

**Allah and the number 19 ...? Are they using 19 to symbolise the name of God?**

**No historical document specifically mentioned the number 19 except for the Arabic Koran. In fact the Arabic Koran had a warning for mankind about the number 19. The Arabic Koran had a warning? The Arabic Koran is probably the last place that many people would think to look and the people in power know this**

**Chapter 74 had a message for humanity and an explanation about the meaning of the number 19 and also talks about people who were planning schemes and agendas of their own**

**Below is what is it says in Chapter 74 of the Arabic Koran**

**In the name of God, the Gracious, the Merciful.**

- 1. O you Enrobed one.**
- 2. Go and warn the people.**

3. And praise and thank your Lord.
4. And purify and clean your clothes.
5. And give up bad things.
6. And do not do good things, in order to gain something from it.
7. And be patient and calm for your Lord.
8. When the sound is made.
9. That day will be a very difficult day.
10. For the bad people, it will not be easy.

11. Leave Me to deal with the person I created alone. (Me = God)
12. I gave him great wealth.
13. And I gave him children as a gift.
14. And I made life easy and beautiful for him.
15. But he wants Me to give him more!
16. No way! He was ignorant towards the signs of God.
17. Soon I will punish him with a serious punishment.
18. He thought and plotted and planned.
19. May he be destroyed, how he plotted and planned.
20. Again: may he be destroyed, how he plotted and planned.

21. Then he looked.
22. Then he frowned and scowled.
23. Then he turned back and was proud of himself.
24. And said, "This is nothing but an illusion and a fake.
25. This is nothing but the words of a man."

26. I will make him burn.
27. But what will explain to you what this burning is?
28. Nothing can survive it, nothing can escape it.
29. It burns the flesh.

**30. Over it are Nineteen. (19)**

31. We have appointed only angels to be guardians of the fire,  
**and have made their number to be a trial and a test for those who do not believe,**  
so that those people who were given the previous Scriptures (such as the Torah and the Book of Christ and the Book of David),  
**so that they may know for sure what is the truth,**  
and those who believe may have more faith,

and those who were given the previous Scriptures and the believers will have no doubts.

**And those people whose hearts have a disease, and the people who do not believe, will say, - "What is God trying to teach us?"**

God leaves in error, whoever God wishes, - and God guides to the truth, whoever God chooses. No one knows the forces of God, except God himself. This is nothing but a warning and reminder for mankind.

32. No! By the moon.

33. And the night as it ends.

34. And the morning as comes.

35+36. **This is one of the greatest warnings to humans.**

37. Whoever wishes to move forward and change, or whoever wishes to stay behind.

38. Every person is responsible for what they did.

39. Except for the righteous people.

40. Who will be in the beautiful Gardens of Paradise, talking about people who did bad things.

41. They will ask the criminals

42. "Why did you end up burning?"

43. They will reply - We did not wish or hope or pray to God.

44. Nor did we feed the poor people of the world.

45. And we used to say bad things together with people who talked in vain.

46. And we did not believe that the Day of Justice for mankind will ever come. (Day of Judgement)

47. Until it happened.

48. Nothing and no one will be able to help these people.

49. What is wrong with them that they are ignoring this reminder?

50. As if they were frightened donkeys.

51. Fleeing from a lion?

52. Each one of these people wishes to receive a personal letter from God.

53. No way! They are not scared of what will happen after they die.

54. Indeed, this is a reminder.

55. So if you choose, accept this warning.

56. But no one will pay attention, except for those chosen by God. God is the only one to be feared. Only God can forgive you and no one else.

THE END OF CHAPTER 74

The Arabic Koran says that over the fire:

- **Over it are Nineteen** -

And this number is:

- **A trial and a test for those who do not believe** -

Why?

- **So that they may know for sure what is the truth** -

And:

- **This is one of the greatest warnings to mankind** -

Why the Arabic Koran?

It was written a long time ago. What did the Arabic Koran have to do with all this?

What truth was the Arabic Koran talking about?

A lot of the mathematical data in historical events was clearly a lie

It is a serious question:

What did the Arabic Koran have to do with all this?

The Arabic Koran has a lot more to say regarding this matter, it is too long to mention it all here. Researchers are now investigating this matter further
